“A College wherein the arts, sciences, and languages shall be taught and . . . (wherein shall be provided) opportunity for young men and young women to study the Bible as the revealed will of God to man and as the only and sufficient rule of faith and practice, while they are educated in the Liberal Arts.”

— from the Charter of Incorporation

The announcements, information, policies, rules, regulations, and procedures set forth in this Catalog are for information only and are subject to continual review and change without notice.

Florida College is committed to providing equal opportunity for all persons and will not discriminate in regard to admissions, programs, or any other educational function or service on the basis of race, color, creed, national origin, sex, age, religion, disability, or any other classification protected by local, state or federal law, with respect to any person who meets the College's admission criteria and is willing to abide by the College's standard of conduct. In employment, including hiring and other conditions of employment, Florida College will not discriminate on the basis of race, color, creed, national origin, sex, age, religion, or disability. The College may, as permitted under federal guidelines, discriminate regarding religion in its educational programs, activities, and/or hiring and other conditions of employment in accordance with specific religious tenets held by Florida College and its controlling body. Florida College operates within the regulation of Title VII of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972, as amended Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act; and the requirements of any other state and federal laws prohibiting discrimination. Inquiries concerning the application of this policy may be directed to Florida College's Title IX Coordinator, Dr. Jason Longstreth, Dean of Student Services, in the Student Services Office, 119 N. Glen Arven Avenue, Temple Terrace, Florida 33617, or by telephone at (813) 988-5131 ext. 162.
Dear prospective Florida College student,

You have the opportunity for entrance into a world unlike any you’ve ever experienced.

Florida College is unique. Its size allows students to know each other as friends, and professors to know students by name even outside of class and without a roll book. Its emphasis on spiritual foundations for all studies helps students attain a richness of soul that is unmatched. Its wide variety of extra-curricular activities—music, drama, forensics, sports, community and campus service—enable many young people to participate in activities they have not been able to enjoy before.

I hope you’ll give prayerful thought to joining us in the near future. You will never have this chance again. There are reasons why students who went here have made great sacrifices to send their own children and grandchildren to Florida College.

The warmth of the Sunshine State awaits you.

Come experience it for yourself.

Dr. H. E. “Buddy” Payne, Jr.
President

Accreditation, Degree Programs, and Majors

Florida College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award the Bachelor of Arts, the Bachelor of Science, and the Associate in Arts degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Florida College.

Florida College offers programs leading to bachelor’s degrees in the following majors and concentrations:

- Biblical Studies (BA)
- Biblical Education (BS)
- Business Administration (BS)
- Business Administration/Management Information Systems (BS)
- Business Administration/Sports Management (BS)
- Communication (BA)
- Elementary Education (BS)
- English (BA)
- History (BA)
- History/American Civilization (BA)
- Liberal Studies (BA)
- Music (BA)
- Music Education (BS)
- New Testament (BA)
- Organizational Communication (BA)
- Pre-Law (Liberal Studies BA)
- Pre-Medicine (Liberal Studies BA)

Students planning to pursue bachelor degrees in majors other than those offered at Florida College are advised to take courses which will prepare them for their intended majors at other institutions. Florida College offers courses leading to majors in:

- Ancient and Biblical Languages
- Art
- Biology
- Chemistry
- Computer Science
- Drama
- Humanities
- Mathematics
- Modern Language
- Philosophy
- Physical Education
- Physics
- Pre-Agriculture
- Pre-Dental Hygiene
- Pre-Dentistry
- Pre-Engineering
- Pre-Forestry
- Pre-Medical Technology
- Pre-Nursing
- Pre-Optometry
- Pre-Pharmacy
- Pre-Physical Therapy
- Pre-Veterinary Medicine
- Psychology
- Social Science

Bible courses are required of every student. Because residence hall students must meet a Bible class every day, they must be enrolled in a daily Bible course each semester. Students living off campus must meet a Bible class every day they meet any other class. (Students who have completed two or more years of college may live off-campus.)

2. **GENERAL INFORMATION**
General Information

College Catalog

The basic contract between the College and the student is the College Catalog together with other detailed regulations and requirements contained in the Student Handbook. All statements and regulations in both publications are subject to change.

History of Florida College

A group of Christians early in 1942 launched a movement to establish a private college somewhere in Florida. Informal meetings with larger groups of members of churches of Christ were held and discussions continued until 1944. On June 6, 1944, a state-wide meeting was held at Lakeland, Florida, at which a Board of Directors was selected and a finance committee appointed. A charter was drafted, which provided that all board personnel would be active members in good standing of some local church of Christ, but that the College would be independent. No finances are accepted from any church and there is no organizational tie between the College and any church. The Board nominates and elects its own members and is in every way independent of any church. On December 21, 1944, the College was officially designated as Florida Christian College. On June 1, 1963, the name was changed to Florida College.

The College received its first students September 16, 1946. L. R. Wilson of San Antonio, Texas, was chosen as first president and began his work in February 1946. Under President Wilson's administration the buildings of the original campus were completely renovated and a classroom building was constructed which is now designated as Wilson Hall. Basic policies were established by which the College was to play a significant role as an independent institution and was widely accepted by educational leaders and those who were interested in establishing the College. During President Wilson's administration, attention was focused upon the contribution the College could make to the kind of education the founders envisioned in which the Bible is integrated into the entire curriculum.

When President Wilson resigned early in 1949, the Board of Directors chose James R. Cope, then a teacher at Freed-Hardeman College in Henderson, Tennessee, to succeed him. The primary thrust of President Cope's early years was the full accreditation of the College, which became a reality on December 2, 1954, when accreditation was granted by the Southern Association of Colleges and Schools. Accreditation was reaffirmed December 1966, December 1976, December 1987, July 1997, and June 2007.

President Cope served for thirty-three years until his retirement in June 1982. The Board of Directors chose Bob F. Owen, the former Dean of Students and Business Manager of Florida College, to succeed him. President Owen became the third president of Florida College on July 1, 1982, and served until June 1991.

Charles G. Caldwell III was chosen by the Board of Directors to serve as the College's fourth president effective July 1, 1991.

H. E. Payne, Jr. was chosen by the Board of Directors to serve as the College's fifth president effective May 22, 2009.

Florida College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award the Bachelor of Arts, the Bachelor of Science, and the Associate in Arts degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Florida College.

Philosophy

The underlying philosophy of this education is expressed by its founders in this statement from the charter of incorporation: "The object of the Corporation and general nature of the purposes of its creation are as follows: To establish and maintain a college wherein the arts, sciences and languages shall be taught and also to provide opportunity for young men and young women to study the Bible as the revealed will of God to man and as the only sufficient rule of faith and practice, while they are educated in the liberal arts; . . ."
Florida College is dedicated to the education of the whole man, which means that the program of studies is designed to give students a breadth of understanding about the world in which they live, knowledge of their natural heritage, and the competencies in thinking and living which are essential to discharging their responsibility in society.

Preparing young men and women intellectually and spiritually so that they can adjust to changes through their broad general knowledge, ability to work with others and ability to understand, reason, and communicate is the basic function of a liberal arts college. Training for specific technical jobs in business and industry is too specialized a task for a liberal arts college to undertake. Consequently, much technical knowledge required must be left to those industries needing it. Basic competencies for professions and vocations, and an understanding of human behavior are properly the function of college education.

The total College program is so integrated that attention is given to the development of students in a four-fold manner—spiritually, mentally, physically, and socially. An integration of the Bible into the total curriculum through systematic and regular class study, together with opportunities provided for personal spiritual development, gives needed attention to one of the neglected aspects of man's nature. Operating upon the principle that attitude is the basic force in ultimate success and failure, Florida College is concerned with personality and ideals as well as with knowledge, skills, and subject matter which can be tested and graded. The person is best equipped for usefulness whose intellectual abilities and mental and physical skills are directed into channels of service to his Creator and humanity. Florida College seeks to put proper emphasis on the physical. It endeavors to encourage social and cultural graces. It strives for superior mental attainments without making scholarship an end in itself. It stresses the necessity of growing in spiritual understanding.

Mission Statement
Florida College, as a private, independent liberal arts college, provides a comprehensive college experience designed to develop students spiritually, mentally, physically, and socially; to integrate into the students' lives the Bible as the revealed will of God; and to prepare students for lives of service to their Creator and to humanity.

Purpose Statement
I. Florida College provides higher education with a biblical perspective
   A. By providing a post-secondary liberal arts education leading to a number of bachelor's degrees, as well as an associate in arts degree.
   B. By offering academic opportunities for students to realize their full intellectual potential.
   C. By teaching students to think critically, communicate effectively, and solve problems individually and collectively.
   D. By integrating the Bible as the inspired word of God into the total college experience.
   E. By employing a qualified, caring faculty of Christians.

II. Florida College provides a unique environment for personal godly development
   A. By viewing each person as a special creation with ultimate accountability to God.
   B. By teaching and exemplifying biblical principles of behavior in order to encourage spiritual growth and healthy living.
   C. By providing a structured environment to promote godly behavior.
   D. By presenting Jesus Christ as the perfect pattern for personal, responsible behavior.
   E. By offering opportunities to promote spiritual enrichment and growth.
   F. By promoting wellness and the development of lifelong healthful habits consistent with good stewardship as Christians.
   G. By encouraging participation and fellowship in local congregations of believers.

III. Florida College prepares students for better service to their Creator and humanity
   A. By encouraging students to love and serve the Lord.
B. By recognizing the home as the basic unit of society and marriage as a lifelong commitment and by helping students develop skills for healthy families.

C. By fostering strong, long-lasting relationships with faculty, staff, and fellow students.

D. By providing opportunities for students to develop the social skills and cultural knowledge necessary for competent citizenship and ethical, caring relationships.

E. By providing opportunities for students to develop qualities of leadership, cooperation, and creativity.

**Nature of the Institution**

Florida College is a private, coeducational, undergraduate institution of higher learning in which students are taught the liberal arts in the context of the Bible as the revealed will of God. On the basis of biblical principles, the College accepts no financial support from churches. The College accepts no financial support from governmental entities where doing so would compromise the principle of our independence as a private institution.

The College offers bachelor's degrees in 17 majors and concentrations while also maintaining its long-standing Associate in Arts degree program. Freshmen and sophomores of traditional college age are expected to be full-time, residential students. (Local students may choose to live at home.) The College also serves juniors, seniors and non-traditional students as either residential or commuter students. The College attracts students from all fifty states (a greater percentage from the Southeast and the Southwest) and several foreign countries.

**Location**

Florida College is located in Temple Terrace, an incorporated city, 10 miles from the heart of downtown Tampa, largest seaport on Florida's west coast.

The government of Temple Terrace is the mayor, council, city manager type, with its own public library and police, fire, and emergency services. The city's population is about 25,000. The college campus is adjacent to the Temple Terrace Golf and Country Club and is divided by the Hillsborough River, which flows into Tampa Bay.

Within the Tampa Bay area are hundreds of creative artists and a symphony orchestra. Outstanding stars of the leading opera companies appear in major productions at the Tampa Bay Performing Arts Center.

In the heart of downtown Tampa is located the University of Tampa, a fully accredited university. Located within a ten-minute drive from the campus is the University of South Florida.

Florida College has interchange arrangements with both the University of Tampa and the University of South Florida.

Being on Florida's west coast and in about the central portion of the State, Florida College is within a one-hour drive of the most popular theme parks in the United States. The Bay area is home to the Tampa Bay Buccaneers, Lightning, Rays and spring training for the New York Yankees.

The City of Tampa and its surrounding metropolitan area has a population of over 866,000 and offers trading, cultural, and educational advantages.

**Campus**

Within the City of Temple Terrace, Florida College owns the main campus area, the property on which the Business and Education buildings and some adjoining properties are located, and 82 acres east of the Hillsborough River which contain the College gym and athletic fields, the Florida College Academy, a warehouse, and other leased acreage. The Academy is operated under the Board of Directors and the President of the College.

Florida College has a 132-acre campus but most of its activities are conducted on the main campus, a 15-acre tract in the eastern part of Temple Terrace. The William F. Chatlos building is located immediately south of
Hutchinson Memorial Auditorium in the south end of the campus near Bullard Parkway and the Hillsborough River. The first floor of this building houses the College Library. The administrative offices of the College are on the second floor of the Chatlos Building. Faculty offices are in the Akin Building, Business Building, Education Building, Hailey-King Building and Dicus Hall. The College operates a bookstore, housed in its own building to the north of the Akin Building. The historic 1920s Student Center building is located in the center of the campus. The Student Center houses the “Pouch,” mailroom, yearbook rooms, Office of Admissions and Retention Services, Student Financial Aid, Advising Office, and other student-oriented facilities. Dining facilities are provided in the Henderson Dining Hall, constructed in 1984.

Sutton Hall, Hinely Hall, Terrace Hall, and the newly renovated (2013) College Hall provide accommodations for women. The new (2008) Boswell Hall is the residence hall for men. The original (built in the 1920s) as an apartment building near the Temple Terrace Golf and Country Club, was demolished to make way for a new five story men’s residence hall (Boswell Hall) and a four story women’s residence hall (Terrace Hall).

Classroom facilities are now available to accommodate approximately 600 students each hour. The Akin Building was erected in 1962 and has undergone complete interior renovation (fall 2013) and exterior renovation (fall 2014). It has complete facilities for all math and science classes with laboratories. The Education Building was renovated to be used as a classroom and faculty office building. It houses the art and education departments and is located west of the main campus and north of the first fairway of the Temple Terrace golf course. The classroom facilities on campus are the Wilbur C. King Fine Arts Building and the Homer Hailey Classroom Building. The Fine Arts Building houses the music division including large special rooms for both band and chorus. The classroom building contains Puckett Auditorium, a 240-seat teaching auditorium, facilities for mass communications, and classrooms in a variety of sizes. Two computer teaching labs and the George M. McCarty Multi-Media Teaching Auditorium are located at the administrative office and library complex. The Business Department and faculty offices are located in the Business Building on Bullard Parkway.

Hutchinson Memorial Auditorium, which can seat up to 725 persons, serves as assembly hall and provides facilities for many major College events. The College amphitheater overlooks the Hillsborough River and has a seating of approximately 200. On the east side of the Hillsborough River the College owns 80 acres, part of which is still undeveloped. The Conn gymnasium was erected in 1967 and is the center of the athletic complex on the east side of the river. Florida College Academy, located on the east side of the Hillsborough River, is a comprehensive private elementary and middle school operated under the direction of the President and Florida College Board of Directors. It is, however, completely independent of other administrative control within the College and is under a separate budget. The Academy serves approximately 220 students in grades pre-kindergarten through eight. Elementary students are schooled in the core subjects of language arts, mathematics, science, social studies and Bible. Additionally, they are provided instruction in art, music and physical education. Students in middle school meet a multi-period schedule with instruction in the social studies, mathematics, language arts, sciences and Bible. Additionally, middle school students may elect courses in such areas as health, foreign language, study skills, art, physical education, drama and chorus. The Academy also offers a number of extra-curricular activities for its students. Each student attends chapel every day and has a daily Bible class.

Chatlos Library

William F. Chatlos Library overlooks the Legacy courtyard that faces Temple Terrace Highway. Within its walls reside resources and services designed to improve student success and support faculty and staff.

Physical attributes include a multimedia computer lab, two west-wing conference rooms, the Copeland Conference Room, an audio listening lab, a small group study room for general use, a quiet area with comfortable arm chairs, and individual study carrels for private study. In order to better serve our Upper Division students, the library features an Education Resource Center for Education majors, a Liberal Studies room, and a Biblical Studies room. The library is also home to the Faculty Gallery and hosts portraits of the Board of Directors. The second floor also boasts scenic views of the Temple Terrace golf course.

Reference and circulating books are housed downstairs and are classified by the Dewey Decimal system along with religious and current periodicals that are shelved alphabetically. Back issues of periodicals and periodical indexes are located in the stacks upstairs. Special Collections, primarily relating to Restoration History from the library of
Earl E. Robertson, has grown to over 2600 volumes. The Archives room contains materials that chronicle the college’s history. Access to the Archives and Special Collections is granted upon request, though no materials may be taken out of the library. The overall library collection exceeds 140,000 volumes, including approximately 300 current periodical subscriptions and over 22,000 volumes of periodical back issues. The library provides access to thousands of online serials, e-books, and other resources through subscription databases. Wireless Internet access and twelve computer workstations are available within the library to all students on the Florida College network.

The Chatlos library is enhanced through cooperation with Temple Terrace Public Library that allows access to all holdings of the Hillsborough County Public Library Cooperative. Students at Florida College can take their student ID to the Temple Terrace Library to apply for a county library card. Membership in the Tampa Bay Library Consortium expedites our interlibrary loan capabilities throughout the Southeast including courier service among all Florida libraries. Interlibrary loan request forms are available in the library and online. Library professionals provide assistance and guidance.

**University of South Florida**

The campus of Florida College is within three miles of the University of South Florida. In course offerings, the two institutions supplement each other in many areas.

Through consultation and joint planning between the two institutions, arrangements have been made whereby students registered at Florida College may, with the approval of their advisors and the Academic Dean, take certain courses at the University of South Florida. Florida College students can take Russian, advanced fine arts, some specialized mathematics courses, and other such courses that are not offered by Florida College. University of South Florida students may take Bible, Religious Education, Greek, Hebrew, and other courses which are not offered by the University of South Florida.

Freshmen students enrolling in Florida College can, through joint planning between the University of South Florida and Florida College, complete a degree program at the University of South Florida within four years and at the same time be able to take Biblical Studies courses at Florida College. The degree program must be approved by the proper University of South Florida official.

**Alumni and Friends**

The network of Florida College alumni and friends spans the United States and numbers more than 20,000. The College continues to be supported by this group through donations, volunteerism, and dedicated service.

The national organization for alumni and friends of Florida College is The Hutchinson Bell. This dues-based organization provides communication within the network, cultivation of meaningful relationships, and connection to things of value.

The Hutchinson Bell oversees the Florida College Summer Camp at Leesburg, Florida, and the distribution of the Senior Legacy Scholarship Fund.

More than 20 booster clubs and 22 camps have been established in various locations throughout the United States to promote the mission of Florida College and continue the experience that the College provides. The booster clubs provide activities and fund raisers to connect local area boosters and to raise money for scholarships and special college campus projects.
3. **Student Activities and Welfare**
Student Activities and Welfare

**Governing Spirit**

Florida College endeavors to base its governing spirit upon well-established principles of common sense and strives to create or continue within its students the proper attitude toward authority. Every entering student is expected to put forth an honest effort to abide by the spirit as well as the letter of all regulations. Students who demonstrate that they are not in harmony with the spirit of the Institution and who persist in such are subject to dismissal. Every person connected with the Institution is expected to conduct himself in keeping with the Golden Rule.

The spirit of Florida College and its willingness to consider differing points of view is amply demonstrated in the free interchange of ideas among administration, faculty, and students in group meetings with all discussions adhering to the biblical principles of righteousness and in harmony with the “golden rule.” Anything that goes beyond this exchange of ideas in harmonious meetings is felt by the Board of Directors and the College family to be out of harmony with the spirit of the College.

Every student is granted the academic freedom to hold his own views with regard to religious, philosophical and political concepts. His grades in classes shall not be administered on the basis of his private convictions. Those who enroll at Florida College do so, however, with the understanding that they will not become involved in physically demonstrative activities either on or off the campus which are disruptive to the purposes of the College as set forth in the College Catalog.

Florida College exists to aid parents to carry out what the founders of the school understood to be the parental responsibility: the education of their children. Among other things this means that it is the prerogative of an educational institution to determine the best activities for its students. Other institutions of higher learning may feel that it is in keeping with their particular purposes for their students to determine institutional policy. Florida College does not share this view as it pertains to its own peculiar role in higher educational areas.

All students should endeavor to observe the rules of good conduct themselves and promote good conduct throughout the Institution. Influence should be used to hinder any unworthy conduct and to prevent any breach of College rules.

Students are expected to refrain from questionable amusements as this term is understood by the College. The *Student Handbook* sets forth regulations impacting all aspects of student life, including the College’s Code of Conduct. Students are expected to familiarize themselves with its policies and regulations.

**Office of the Dean of Student Services**

The Dean of Student Services is the administrative officer charged with the responsibility of administering students’ activities and welfare. Administration of orientation, student organizations, the athletic program, enforcement of rules, disciplinary action, residence hall life, health services and all student activities are his responsibility.

**Orientation**

All entering students become acquainted with Florida College through a series of presentations which includes explanations of the philosophy, organization and working of the College, and through sessions designed to orient the student to all aspects of life at Florida College.
Testing

The American College Testing examination (ACT) and/or the Scholastic Aptitude Test (SAT) should be taken during the student's junior or senior year in high school. The student should request that scores be sent to Florida College. Any student who has not taken one of these exams will be required to take the ACT exam before orientation. A late fee will be charged (refer to catalog section Fees and Financial Aid.)

The results of the ACT/SAT examination and high school grade reports are used by the staff in advising students concerning courses of study and future educational plans.

Florida College also administers the CAAP exam to sophomores.

Advising

The Advising Office

The Florida College Advising Office provides services to students seeking assistance with achieving academic goals; coping with college life; identifying aptitudes and life interests; choosing possible majors and career paths; becoming more self-motivated, self-directed, and self-sufficient; and being satisfied and successful as a college student.

For more information, see www.floridacollege.edu/advising.

Educational and Transfer Advising

Florida College has established certain academic requirements which must be met before a degree is granted. Advisors and deans are available to help the student understand and arrange to meet these requirements, but the student is responsible for fulfilling them. At the end of the student's course of study, if requirements for graduation have not been satisfied, the degree will not be granted. For this reason it is important for all students to acquaint themselves with all regulations, to remain currently informed throughout their college careers, and to be responsible for completing requirements. Courses, programs, and requirements described in the catalog may be suspended, deleted, restricted, supplemented or changed in any other manner at any time at the sole discretion of the College.

Each student will be assigned a faculty advisor by the Director of Advising. The student may ask the faculty advisor's help in planning his educational program when needed and in assisting the student in becoming self-reliant.

Should a student desire a change in advisors, he should discuss this matter with the Director of Advising.

Transfer advising is available to students who are reasonably certain of their major and transfer institution. The Academic Dean's Office has prepared standard transfer advising guides for many colleges to which our students frequently transfer.

Florida College students have an excellent record of successful transfers to other institutions of higher learning. Difficulties in transfer normally occur for one or more of the following reasons: change of college and/or major after transfer advising and poor grades in given courses. The final decision about the transferability of a course is determined by the transfer institution. Students are urged to confirm transferability before registering for a course.

Faculty Advisors

The Director of Advising, under the supervision of the Academic Dean of the College, assigns faculty advisors to all students, provides placement recommendations for English and mathematics for all new students, and provides assistance to students in transfer advising, as well as career and personal advising.
**Personal and Social Advising**

Every faculty member at Florida College is expected to be a friend and advisor to the students and will gladly give assistance when it is requested. It is intended that all students will feel that in their instructors at Florida College they will find ready helpers, wise advisors, and warm friends.

**Parental Cooperation**

That the College might be able to accomplish its purposes, parental cooperation is necessary. Consequently, it should be understood that when a parent enters a son or daughter in Florida College, that parent accepts the government of the College and thereby agrees that his son or daughter shall abide by its regulations. For this reason, parents or guardians are urged to encourage their children to respect and be subject to proper authorities and regulations within the Institution. Parents or guardians who feel that some matter should be brought to the attention of the College should contact the proper authority as indicated in the Directory of Correspondence. If there is any doubt as to which person should be addressed, address the matter to the President.

**Student Records**

Permanent academic records for each student are kept in fireproof files in the Registrar’s office. All current business transactions are kept in fireproof files in the Business office. Personal records and discipline information are on file in the Dean of Student Services office. Guidance information is on file in the Academic Dean’s office. Students needing information sent to any person or agency from any of the records should personally contact the proper College official in writing. Legal restrictions prohibit transfer of any student’s records apart from his/her own personal authorization. A student may review his record 24 hours after submitting a written request to the Registrar’s Office. A student has the right to ask to have his record corrected if he believes it to be inaccurate. Requests should be addressed to the Registrar’s Office.

**Confidentiality of Student Records**

Florida College assures the confidentiality of student education records in accordance with the Family Educational Rights and Privacy Act of 1974, known as FERPA (the Buckley Amendment). A full description of the College policies for compliance with this Act is on file in the Registrar’s office.

In general, a present or former student has the right to determine personally the accuracy of these records. Parents of dependent students, as defined by the Internal Revenue Service, have the same rights. All students registered at Florida College will be considered “dependent” unless the students specifically inform the College, via the Registrar’s Office, within the second full week of class that they meet the Internal Revenue Service definition and consider themselves to be independent. A student is automatically independent if he or she meets at least one of the following criteria:

1. The student is twenty-one years old.
2. The student is a veteran of the U.S. Armed Forces.
3. The student is a graduate or professional student.
4. The student is married.
5. Either the student is a ward of the court (or was a ward of the court until age 18), or both parents are deceased and the student has no adoptive or legal guardian.
6. The student has legal dependents other than a spouse.

As you will note from a review of the preceding criteria, a student’s living situation does not affect the student’s dependency status (i.e., whether the student lives with his or her parents). Complete definitions of these criteria can be found in the Free Application for Federal Student Aid.
A mid-semester status report is available in the Student Portal to parents or guardians of all dependent students in order that the student’s progress might be known. At the end of each semester final grades are available in the Student Portal to parents or guardians of all dependent students.

Disciplinary action for serious or persistent offenses will be reported to parents or guardians of dependent students. When a student is put on academic probation, the grade report sent to parents or guardians will so indicate.

Unless there are unusual circumstances or conditions meriting immediate parental action, parents should not expect any reports other than the preceding ones.

**Student Services**

**Food Service**
Chartwells Dining Services prepares meals for resident and day students in the Henderson Dining Hall and in the Pelican’s Pouch in the Student Center. Specific information concerning the charges for this service can be found by consulting “Fees and Finances.” The student ID card serves as the meal ticket for resident students. Day students may purchase meals in the Dining Hall or in the “Pouch” for reasonable prices.

**Health Services**
*Students are required to bring an insurance identification card with them for proof of insurance coverage.*

The College dispensary and nurse’s quarters are located in Boswell Hall on the first floor. The nurse assists in cases of minor illness and renders assistance in protection of health of the students. In case of serious illness parents are notified and requested to employ a physician and make other arrangements for the student’s care. No services are to be rendered by the College nurse except in the residence hall, dispensary, or the doctor’s office.

**Postal Services**
Students are assigned post office box numbers as soon as possible after registration. These boxes are located in the College student center. The student’s mailing address will be: Mr. John Doe, Florida College, 119 N. Glen Arven Avenue, Temple Terrace, Florida 33617-5578. In Temple Terrace, approximately one-half mile from the campus, is a post office where all postal services are available. A mail deposit box for outgoing mail is located on the campus, and stamps may be purchased at the College Campus Postal Service. UPS service is available also.

**Athletics**

**Intramural Sports Program**
The athletic interest at Florida College is centered on an intramural competitive program. Such games as flag football, basketball, softball and volleyball are featured at the appropriate seasons. These competitive games provide opportunity for wholesome recreation and physical development. Fairness, loyalty, and group cooperation are stressed in the intramural sports program. All students are encouraged to participate in these activities through joining appropriate student organizations, since these activities are built around competition between various student groups.

**Intercollegiate Athletic Program**
Competition with other colleges in athletic events at present includes men’s basketball, women’s volleyball, men and women’s soccer, and men and women’s cross country. This program is under the direction of the Athletic Director and students must meet standards established by the College to be eligible for participation in these sport activities.
Student Government
The Student Body Government Association was established to provide students with practical experience in the democratic processes of government. It is a continuing body dedicated to making a “contribution toward the upholding and furthering of the . . . principles upon which Florida College was founded, to create a form of self-government, to encourage a wide-spread interest in various phases of student life, to promote and develop a greater spirit of friendship and good will among ourselves, and help secure the cooperation of the administrative officers, faculty and students.”

The executive body of the Student Body Government Association is the Student Congress, which consists of the elected officers of the Association and representatives from different interest groups elected by students in those areas. All elections and activities of the Association and Congress are governed by a constitution adopted in 1964 and revised in 1983.

Hammontree Student Benefit Trust Fund
A perpetual fund has been established by W. C. and Doris Jean Hammontree to provide an annual gift to the students of Florida College. It is their desire that each year the students select projects that will add to the enrichment and enjoyment of student life at Florida College.

The Student Government Association is to select a project (or projects) each year from ideas suggested by the student body. Final selections must be approved by the College administration. The amount available, and the rules governing its use, should be obtained from the business office at the first of each year.

Student Organizations
All student organizations must operate under a constitution and must be thoroughly democratic. No member shall be retained who for any reason fails to meet the standards set by the College. Each organization is responsible to see that it operates according to the standards set forth in the College catalog, the Student Handbook, and its own constitution.

These organizations give students experience in responsible leadership and develop qualities of cooperation and creative thinking. The College strongly encourages each student to take advantage of opportunities offered by the various organizations.

Alpha Chi
Alpha Chi is a national college honor society with over 300 chapters across the US and Puerto Rico. More than 12,000 members are inducted annually. Since its beginning in 1922, the purpose of Alpha Chi has been to promote academic excellence and exemplary character among college and university students and to honor those who achieve such distinction. Membership is limited to the top ten percent of juniors, seniors, and graduate students at colleges and universities that have a chapter of Alpha Chi. The Florida Xi Chapter was chartered on the campus of Florida College in the spring of 2012. Alpha Chi is an active member of the Association of College Honor Societies.

Circle K
Circle K International (CKI) is a college-level organization affiliated with Kiwanis International. CKI is the largest collegiate community service, leadership development, and friendship organization in the world.

Footlighters
Those students who take the drama courses are especially interested in this organization. Membership is open to all students who feel a special interest in the field of drama. The Club has three chief purposes: to promote interest in wholesome dramatic entertainment, to aid students in developing within themselves the ability to portray basic human emotions through the medium of drama, and to provide opportunities for students to express themselves creatively in such matters as make-up, staging, lighting, scenery, etc.
Ladies of Virtue and Excellence (LOVE)
In the first year of the College’s existence, the young women decided it would be most appropriate for them to meet out of class without any regimented schedule to study a woman’s peculiar responsibilities. The club was established as the Young Women’s Training Organization (YWTO). YWTO became LOVE during the 2011-2012 school year. During the course of the year numerous subjects are studied at the weekly meetings under the supervision of some female staff member or other qualified person. Occasionally, visiting speakers appear to deal with important topics.

National Association for Music Education (NAfME)
NAfME is a national organization that addresses all aspects of music education. NAfME advocates at the local, state, and national levels; provides resources for teachers, parents, and administrators; hosts professional development events; and offers a variety of opportunities for students and teachers. Originally called Music Educators National Conference (MENC), the new name was adopted in 2011. The Florida College chapter began in 1992, providing opportunities for musical growth of its members through campus activities as well as participation in state conventions and workshops. Any student enrolled in at least one music class is eligible for membership.

Phi Beta Lambda
Phi Beta Lambda, the college level of the Future Business Leaders of America, is the national post-secondary business organization. PBL promotes a sense of civic and personal responsibility and is open for membership to all students interested in business and office occupations and business teacher education. The organization has attained statewide and national recognition since its first year in 1982–83.

Phi Rho Pi
Florida College has an active chapter of Phi Rho Pi, the National Forensic Society for Junior Colleges. Membership is honorary; it can only be achieved through participation in a forensic contest of collegiate rank.

Phi Theta Kappa
Phi Theta Kappa students who excel academically are invited to become members of the international honor organization for junior college students known as Phi Theta Kappa. Students must earn a minimum grade point average of 3.65 on 15 hours at Florida College in order to qualify for membership. The Pi Gamma Chapter on Florida College’s campus is active and has had outstanding leadership ever since its first meeting, in the 1966–67 session.

Sowers
Sowers is an on-campus organization designed for all young men of Florida College. Its aim is to help young men develop their spiritual character and growth. The Sowers meet regularly to address spiritual subjects that are relevant to the student body, with the aim of helping both the men and women of the student body to build lasting skills that enable them to grow in their relationship with God.

Student Societies
Greek-letter societies at Florida College provide students with opportunities to develop themselves in undertakings not available in special interest groups.

The College intramural program is built around competition between these societies. They also compete with one another in projects, membership attendance, chapel programs, and percentage of participation in club activities among members.

A special society cup has been provided by the College and is presented to the society which, in the judgment of the faculty Campus Organizations Committee, has the most outstanding record for the year. Should a society win a cup three years in succession it becomes its permanent possession. Otherwise, it rotates from year to year. Announcement of which society wins the cup for the year is made at the close of the school year.
The societies are Aretē, Kappa Omicron, Phi Sigma Chi, Zeta Phi Epsilon, Psi Beta Gamma, and Omega Chi. Membership and participation in these societies is open to all students according to the regulations governing them in the Student Handbook and their constitutions. They are democratic and should not be confused with fraternities and sororities.

**Student Publications**

**The Royal Palm**

The *Royal Palm* is the designation of the yearbook published by students, the purpose of which is to preserve for them the spirit and heart of the year’s activities. The book is planned, executed, and produced by students aided by administrative oversight.

**Student Regulations**

**Automobiles**

Parking is a challenge at Florida College as it is at most other colleges. Automobiles also entail financial and other problems to students which often interfere with good work. The College feels that it is not fair to the student or to the College to permit a student to owe the College money while at the same time buying a car or adding improvements to it.

**Chapel Attendance**

Because of the devotional aspects of the daily assembly, the College hopes that each student will consider this the high point of the work day. Also in this assembly both students and teachers present programs of varying nature for the edification and entertainment of the assembly.

In this assembly both students and teachers receive inspiration which tends to unify all personnel into one big family. Usually consisting of two periods, the first is devoted to congregational singing, Scripture reading, prayer, and a brief devotional talk, and the second to varied programs. Chapel exercises are not stereotyped. Occasionally outside speakers address the assembly.

Attendance at these exercises is required and a daily record of attendance is kept. Absences from assembly are governed by regulations explained in the Student Handbook.

**Conduct and Discipline**

Florida College expects its students to maintain not only high academic standards but also high moral standards; consequently, its regulations are designed to promote conduct consistent with the purposes and ideals of the Institution.

When students fail to conduct themselves responsibly and thus conflict with the ideals of the College, or when they contravene the rights of others, jeopardize their own name or that of the College, penalties will result and sometimes stricter regulations ensue.

Discipline is understood by the College to be treatment suited to a disciple or learner. Lax discipline and thorough scholarship are incompatible. College officials seek to be mild and persuasive and yet firm in their dealing with disciplinary matters. Consequently, College regulations and discipline should be understood in the light of these underlying principles.

**Dress**

The College expects students to dress in harmony with the purposes and ideals of the Institution and with standards that are held to be unquestionably modest. Accordingly, students should have such clothing as meets the requirements for attendance at church services, public performances, and general functions. For occasional events, such as banquets, young ladies will probably desire evening dress. Specific regulations are covered in the Student Handbook.
Automobiles are allowed for boarding students only on a restricted basis and must be registered with the Dean of Students. Unwise or improper use of any vehicle forfeits the student's right to keep it while enrolled in Florida College. No resident student may purchase a motor vehicle after enrolling except with permission of both the parents and Dean of Students.

**Housing**

Students under age 21 are required to live either in the College residence halls or in the home of their parents. Exceptions include students living with relatives who would be considered by the College as equivalent with parents and students who have completed two or more calendar years of college. Other exceptions are rarely, if ever granted. (Students coming to the Tampa area in order to attend classes at Florida College are expected to live in the residence halls at Florida College.)

All of the housing facilities at Florida College are for single students. Residence halls for women include Sutton Hall, Hinely Hall, and Terrace Hall. Boswell Hall is the residence hall for men.

Many apartment complexes are also available in the vicinity of the College.

The residence halls are the homes of students while on the campus of Florida College. It is the desire of the College to make the association and companionship found in them enjoyable in every respect. Rooms must be kept orderly and clean at all times, and all students are encouraged to be clean in person and neat in dress.

Access to and vacating of residence halls is scheduled in the Calendar of Events, and students will be expected to observe the times indicated.

Assignment to rooms is made only after receipt of the security deposit. Persons desiring to room together should submit their requests and security deposits simultaneously.

The College reserves the right to make, at any time, such changes in room assignments and roommates as the good of the student or the Institution in general may require.

Any damage to rooms or equipment is charged to the occupants. Damage not specifically charged to the room/suite occupant will be charged to all occupants of the room/suite equally. Students are also responsible for any damage they cause to other property of the College. The College is not responsible for losses due to theft or student negligence even if the student is using personal or property belonging to another student to fulfill a college required assignment or activity. The student and his parents are responsible to check their home insurance policy regarding coverage of personal property while a college resident.

**Residential Students**

**Academic Load**

All residential (boarding) students are required to carry a full-time academic load at Florida College. A full academic load is at least twelve (12) semester hours.

**To-and-From-Home Regulations**

Resident students are under College regulations from the time of their arrival on the campus until the time they leave for their homes. This rule applies to both beginning and ending of semesters or sessions. Written permission from parent is required for any visitation of a student in the home of another student.

**Off-Campus Visitation**

Residential students are permitted to visit off campus only with parental consent and approval of proper College officials. Specific regulations are outlined in the Student Handbook.

**Visitors**

Visits of relatives and friends may be arranged through consultation with proper College officials. Under some conditions it is permissible for visitors to stay on campus, and meals are available at moderate cost. Detailed instructions concerning this will be found in the Student Handbook.
**Sunday Regulations**
All resident students are expected to attend all regular Sunday worship services.

**Thanksgiving and Spring Break**
The Florida College campus is closed during the Thanksgiving Break and Spring Break. When students leave the campus for these breaks, their parents assume full responsibility for their son or daughter’s whereabouts and activities during the break. All students are expected to abide by all College standards of conduct during the time they are away from campus, since they are still enrolled as students at Florida College.

**Commuter Students**
While on the College campus, commuter (day) students are subject to all College regulations. Full-time day students are granted admission to all public programs on the same basis as boarding students. No day student is to visit in the room of a residence hall without permission from the appropriate supervisor.

**Marriage During Academic Session**
The College encourages wholesome courtship; perhaps no marriages are happier than those growing out of long and close associations in college life. It seems unfair to both the College and parents for young people to marry without the approval of their parents and the knowledge of the College. Any boarding student desiring to marry while enrolled in Florida College must secure approval of his or her parents or guardian and give prior notification to the President of the College. All married students must have their companions in Tampa with them to be enrolled in Florida College.

**Official Notices**
Notices to report to any office have precedence over all College activities and must be answered immediately. Failure to respond may require satisfactory explanation before the Rules, Welfare, and Discipline Committee.

**Representation of the College**
No student on academic or disciplinary probation shall officially represent the College. (See the Student Handbook for further information on this point.)

**Reasons for Suspension**

**Category II: Offenses which Make a Student Liable to Suspension**
Students found guilty of the following offenses are liable to suspension from the College. Unless there are extenuating circumstances, the student is normally suspended after meeting the Rules, Welfare, and Discipline Committee to answer for his conduct.

1. Lying to college personnel, whether in writing or verbally
2. Academic dishonesty
3. Entering or patronizing any place that provides an atmosphere contrary to the ideals of Florida College
4. Absence from campus during the overnight hours (for resident students) without permission
5. Willful damage or destruction of Florida College property
6. Gambling
7. Tempering with fire safety equipment or sounding a false alarm
8. Unauthorized entry or possession of keys to any Florida College facility or property other than an assigned residence hall room
9. Possession of fireworks, pellet guns, or BB guns
10. Six unexcused absences from chapel in one semester
11. Tobacco Use
12. Any disorderly activity deemed by the Dean of Students to create a hazard for the Florida College community
13. Three Category I rule violations

**Category III: Offenses Which Automatically Suspend**

Students found guilty of these offenses are automatically suspended from the College:

1. Theft
2. Sexual relationships outside of the marriage relationship
3. Possession and/or use of alcohol
4. Possession and/or use of controlled substances or illegal drugs, or the possession of drug use paraphernalia
5. Possession of firearms, weapons or explosives
6. Violence: including hazing, physical or sexual harassment, abuse, or fighting

Refer to the *Student Handbook* for further details.

**Bookstore**

The Florida College Bookstore is located on the main campus and is open year round. Textbooks and supplies needed for classes are available. Students can charge books to their account only with prior approval by the Business Office. Cash, checks, VISA or Master Card are also acceptable for the purchase books, supplies or Florida College sportswear. Phone numbers for the Bookstore 813.985.9555 or (outside Florida) 800.423.1648 or (within Florida) 800.922.2390. Fax 813.899.6788.

**Legal Rights and Policies**

**Student Right-To-Know Act**

The Student Right-to-Know Act requires colleges and universities to report their graduation rates. The graduation rate for the 2011 entering class completing the Associate in Arts degree at Florida College in spring 2013 was 42 percent.

**Crime Awareness and Security**

In compliance with the College and University Security Information Act, Act 73 or 1998, amended, and the U.S. Student Right to Know and Security Act, Public Law 101-542 (renamed the Jeanne Cleary Act), Florida College provides an annual report of crime statistics, policies and programs that promote campus safety. This report is distributed to all students and is available to all prospective students upon request. Reported crime statistics for over 6,000 colleges and universities in the United States, including Florida College, may be found at [http://ope.ed.gov/security/](http://ope.ed.gov/security/).
4. **FEES AND FINANCIAL AID**
Cost and Fees

Payment of all registration fees including standard tuition, housing and meal charges is required prior to registration for new students. Completed and approved student financial aid for loans, grants and scholarships will be applied to these charges. Payment of additional fees required by specific course selection is required at registration. Registration for courses at Florida College will be complete when all financial obligations are met.

Payment may be in the form of cash, check, VISA, Master Card, or Discover card. Payments may be made online at www.floridacollege.edu/pay. The College recommends that applications for financial aid (loans, grants, scholarships and student work requests) be completed by June 1 for admission to the fall semester.

Any additional charges incurred during the semester should be paid upon receipt of billing. Florida College will NOT release transcripts until all balances are paid in full. The College reserves the right to change fees and charges without notice (exception tuition, room and board) during the academic year.

Standard Cost

The following are the standard costs, per semester, for a resident student:

- Tuition (12–16 hours) ........................................... $7,245.00
- Room (average) ........................................... $1,972.00
- Board (required, subject to sales tax) ................................. $1,950.00
- Activity and Technology Fee ........................................... $420.00
- Resident Student Total ................................................... $11,587.00

Books, class fees, and personal expenses are not included.

Specific Costs and Fees

The following are the specific costs and fees, per semester:

- Activity and Technology Fee – Non-Resident (non-refundable) ........................................... $350.00
  Fee includes: class dues; SBGA dues; Life Enrichment Series, Student Center and Mailroom service; volleyball, soccer, and basketball games; intramurals; yearbook; library access; Internet access from the library and computer labs; wireless Internet access from selected areas of the campus; Network user account; Personal e-mail account (available to current students); Network printers and other devices.
- Activity and Technology Fee – Resident (non-refundable) ........................................... $420.00
  All of the benefits and services for non-residents plus DSL and Internet access in residence hall rooms.
- Yearbook purchase price for part-time students ........................................... $90.00
- Yearbook purchase price for one-semester students ........................................... $45.00
- Application Fee (non-refundable) ........................................... $30.00
- Board ........................................... $1,950.00
- Change of Course Fee ........................................... $15.00

Course Fees

- Art ........................................................................ $90.00
- Business (Strategic Management) .......................................................................... $55.00
- Computer Laboratories (per hour) ...................................................................... $40.00
- Music
  Chorus (Tux/Dress) ........................................................................................................ Market Bid Price
Private lessons (one lesson per week) ................................................................. $175.00
Private lessons (two lessons per week) ............................................................. $290.00
Piano & Voice Class ......................................................................................... $140.00
Physical Education (aerobics, bowling, golf, weightlifting) ................................. $95.00
HLP 2081, Health and Fitness ............................................................................ $20.00
Science Laboratories (biology, chemistry, physics) ............................................. $120.00

Examination Fees
a. Final exam given off-schedule .................................................................... $30.00
b. Standardized Test Fee ................................................................................ $50.00

Graduation Fee (diploma, cap, gown, etc.) ......................................................... $90.00

Late Application Materials (including ACT/SAT scores) .................................... $100.00

Deadlines: Fall-Aug. 1 and Spring - Dec. 1

Late Registration Fee .......................................................................................... $60.00

Parking Permit; annual, non-refundable ............................................................... Resident - $75.00; Commuter - $50.00

One semester ...................................................................................................... Resident - $50.00; Commuter - $35.00

Room Rent

Boswell Hall, standard ....................................................................................... $2,000.00
Boswell Hall, midsize ......................................................................................... $2,050.00
Boswell Hall, large corner ................................................................................. $2,100.00
College Hall ....................................................................................................... $2,000.00
Hinely Hall ......................................................................................................... $1,680.00
Hinely Tower, 3 to a room ................................................................................ $1,895.00
Terrace Hall, standard ..................................................................................... $2,000.00
Terrace Hall, midsize ......................................................................................... $2,050.00

Private room, all residence halls (when available) ............................................. additional $500.00

Reporting late for Orientation .......................................................................... $50.00

Returned checks ............................................................................................... $25.00

Security Deposit (required in advance and held in reserve annually; full refund contingent upon condition of room and common areas along with any other unpaid charges of any kind following end of 2nd semester; see “Refunds”)  
Non-resident student ....................................................................................... $100.00
Resident student ............................................................................................... $150.00

Transcript .......................................................................................................... $7.00

Tuition

Average load (12–16 hours) ............................................................................... $7,245.00
Under 12 hours per hour ................................................................................ $572.00
Over 16 hours ................................................................................................. $7,245.00 plus per hour $419.00

International Students

The Administration of Florida College has instituted a set of policies governing international students:

1. All international students will be required to have an emergency fund of $500, which will be kept on file in our Business Office. Any monies not used by the student while in school will be returned to the student (or sponsor) when the student officially withdraws from Florida College. If the money is used during the school year, that amount needs to be repaid to keep the balance at $500 during the student’s stay at Florida College.

2. One semester’s tuition, room and board must be paid in advance before a student can be admitted.
3. The emergency fund of $500 and one semester’s advance payment must be on file before the I-20 form is released. Money sent to Florida College must be sent in U.S. dollars. Any checks must have a “To (a U.S. bank)” on the check and a Federal Reserve routing number on the check. If the bank here cannot find all of these things on the check, it will be sent to New York for collection and the collection fee will be deducted from the amount credited to the account. It may amount to more than $40.

There is limited financial aid available for international students at Florida College.

1. A student who plans to return to his country to preach is given a 25% reduction in total tuition costs.
2. In a second, third or fourth year an international student would be eligible for academic scholarships in accordance with Florida College policies.

Refunds

The operating costs of a college are based upon an estimated enrollment; consequently all students are granted admission with the understanding that they are to remain at least one semester. All institutional scholarships and awards (e.g. Athletic, Academic, Endowed, Performance, and Adopt) are forfeited for the semester when a student is suspended or dismissed.

In Case of Withdrawal or Dismissal

Students withdrawing before the end of a semester may receive an adjustment on their accounts if all conditions for withdrawing are met.

If a student withdraws from all classes within three working days of registration, there will be no charge for tuition and registration fees. If a student withdraws on or before the 60% point of the semester, the following refund policy applies: The days remaining are divided by the total days in the enrollment period. This percentage is rounded to the nearest tenth percent. This percentage of charges is refunded to the student.

If a student is receiving financial aid, this refund must be returned to the financial sources, according to Federal regulations, beginning with Title IV Federal Aid.

Credit for work completed is contingent upon satisfactory arrangement of all expenses, and when full academic credit is given for the work of a semester, there shall be no refund of tuition or fees.

Students who are suspended or dismissed will receive no refund of tuition. Students on scholarship or athletic grant-in-aid forfeit all benefits when suspended or dismissed during a semester.

In Case of Course Drop

No refund of tuition will be given for courses dropped after the last day to register for a full load. Any student who discontinues meeting a class without officially dropping a course may be administratively dropped and charged double the change of course fee ($30.00).

In Case of Security Deposit

The security deposit must be paid in advance to guarantee room reservation. Applicants who inform the school in writing by August 10 that they are not coming to Florida College may receive a refund of all but $50.00. After that time all but $100.00 is refundable. The full security deposit is refundable following the end of the 2nd semester, contingent upon the condition of the room, common areas and full payment of all charges, fines or other obligations to the College. All accounts, including the bookstore must be paid in full before there will be a refund of the Reservation and Security deposit and the release of transcripts.
Financial Aid

There are five types of financial aid available at Florida College:

1. Scholarships and Grants-in-aid
2. Grants
3. State of Florida Grants and Scholarships
4. Student Employment
5. Loans

Following is a brief resume of these five categories of aid. It is possible for students to obtain more than one of these financial aids concurrently.

1. Scholarships and Grants-in-Aid

Academic Scholarships

Academic scholarships at Florida College are outright grants to qualified students and do not require repayment. When we process your application for admission we will automatically determine if you are eligible for an academic scholarship.

Academic Scholarships for Incoming Freshmen

High school graduates applying to Florida College who meet certain criteria automatically become eligible for the following academic scholarships:

<table>
<thead>
<tr>
<th>Incoming Freshmen</th>
<th>GPA</th>
<th>Criteria</th>
<th>Annual Award Amount*</th>
</tr>
</thead>
<tbody>
<tr>
<td>President’s Merit Scholars</td>
<td>3.65</td>
<td>National Merit Finalist or Semi-Finalist</td>
<td>Full tuition</td>
</tr>
<tr>
<td>President’s Scholars</td>
<td>3.65</td>
<td>ACT 32+ or SAT 1 1410+</td>
<td>Determined by Presidential Scholarship Committee</td>
</tr>
<tr>
<td>Dean’s Scholars</td>
<td>3.55</td>
<td>ACT 30+ or SAT I 1330+</td>
<td>$2,310</td>
</tr>
<tr>
<td>Florida College Scholars</td>
<td>3.40</td>
<td>ACT 27-29 or SAT I 1210-1320</td>
<td>$1,680</td>
</tr>
<tr>
<td>Achievement Scholars</td>
<td>3.00</td>
<td>ACT 23-26 or SAT I 1050-1200</td>
<td>$1,160</td>
</tr>
</tbody>
</table>

Note 1: SAT I represents the total critical reading and math scores combined. Florida College does not use the writing portion of the SAT I test for scholarship eligibility. ACT represents the composite score of all main sections of the exam. The additional writing component score is not used.

Note 2: If a high school student has earned 24+ credit hours of college dual-enrollment transfer credit with the accompanying GPA, the student may be eligible for scholarship as a “transfer student.” Determination will be made by the Admissions Department.

Note 3: If a student has graduated from high school and has no college credit the academic scholarship will be based upon high school academic work and test scores.
**Academic Scholarships for Returning and Transfer Students**

Students transferring from other colleges who have completed between 12 and 30 credit hours with a qualifying cumulative GPA are also eligible for the same academic scholarships:

<table>
<thead>
<tr>
<th>Returning and Transfer Students</th>
<th>Credit Hours</th>
<th>GPA</th>
<th>Annual Award Amount*</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Two Semesters</td>
<td>One Semester</td>
<td>Cumulative</td>
</tr>
<tr>
<td>President’s Scholars</td>
<td>30</td>
<td>15+</td>
<td>3.65</td>
</tr>
<tr>
<td>ACT 32+ or SAT 1410+</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Dean’s Scholars</td>
<td>30</td>
<td>15+</td>
<td>3.55</td>
</tr>
<tr>
<td>Florida College Scholars</td>
<td>24</td>
<td>12+</td>
<td>3.40</td>
</tr>
<tr>
<td>Achievement Scholars</td>
<td>24</td>
<td>12+</td>
<td>3.00</td>
</tr>
</tbody>
</table>

Note 1: A part-time college student may be eligible for academic scholarship if their transfer credit spans more than two semesters but is equal to 12+ hours with appropriate GPA.

Note 2: A transfer student who has earned less than 12 hours of college work will have their academic scholarship eligibility based upon their high school academic work and their test scores. Their college credit must have the appropriate GPA.

*Annual award amounts are divided between two semesters. Each scholarship recipient must meet all Academic Admission Requirements. All scholarships are forfeited if the student is placed on academic or disciplinary probation.

**Athletic Grants-in-Aid**

Athletic grants-in-aid may be awarded by the Athletic Director based on student tryouts, eligibility and funds availability. Students interested in athletic scholarships should address their request directly to the Athletic Director at Florida College. Scholarships are forfeited if the student is placed on either academic or disciplinary probation while at Florida College.

**Band Scholarships**

Band scholarships are awarded by the Director of Bands on the basis of the following: completed scholarship application, a quality audition that demonstrates achievement on a Band instrument, and the availability of funds. Inquiries should be addressed to the Florida College Director of Bands.

**Other Institutional Scholarships**

Other institutional scholarships are awarded from various departments. These include Chorus, Piano, Forensics, Yearbook and Drama. Address inquiries to Florida College in care of each department.

- **Phi Theta Kappa (PTK):** Applicant must have been a member of Phi Theta Kappa during the sophomore year and maintain a cumulative GPA of 3.40. Application is available on the College website. $1,000 per semester; four-semester limit.
- **All-Florida Academic Team:** Applicant must be a member of Phi Theta Kappa and maintain a cumulative GPA of 3.40. Application is available from the Academic Dean (December 1 deadline). $1,000 per semester; four-semester limit.

**Endowed Scholarships**

Endowed scholarship funds have been established by gifts from generous donors who desire that their gift be invested and the income be used for scholarships for deserving students. These scholarships are awarded based on the information received from the **Free Application for Federal Student Aid**, the endowed
scholarship application, guidelines established by the donors, student eligibility and funds availability. **One Endowed Scholarship application covers all of the scholarships available and is available on the Florida College website.**

Note concerning all Permanently Endowed Scholarship Funds:

If after two years, a qualified recipient is not available, the endowed scholarship committee reserves the right to award the funds to an alternative choice(s) specified by the donor or to another worthy student at the discretion of the Florida College endowed scholarship committee. The only exception relates to any future “generational scholarships” which, due to their unique nature have a special set of criteria.

**Permanently Named Endowed Scholarship Funds ($25,000 or more)**

Permanently named endowed scholarships receive lifetime mention in the Florida College catalog and are a wonderful way to establish a permanent legacy. Since 1994 the threshold necessary to establish a separate named fund has been $25,000. Once a fund is begun, the donor has five years to reach $25,000. Donors can select certain criteria to be used for the scholarship recipients, receive annual reports from the College, and thank you notes from the student recipients. An illustrated brochure is prepared which is passed on to all future scholarship recipients explaining about the donors and why the person/family was honored so it is more personal. Endowed scholarships are truly the gifts that “keep on giving” in perpetuity! All final scholarship award decisions are made by the endowed scholarship committee.

* These scholarships were set up before 1994 when the threshold for a permanently named endowed scholarship fund was $10,000.

**JOHN L. ADCOCK MEMORIAL SCHOLARSHIP**
This scholarship was established by his son, Michael Adcock to provide scholarship funds to an athletic scholarship recipient.

**ALLISON/CAMPBELL MEMORIAL SCHOLARSHIP**
This scholarship was created by a testamentary gift from Cliff Allison and Mildred Campbell to fund scholarships for members of the Lost River Church of Christ in Bowling Green, KY.

**RANDY AND MARY JANE ANDREWS FAMILY SCHOLARSHIP**
This scholarship was established by Randy and Mary Jane Andrews to provide Adopt grants to student(s) who are eligible for the Adopt program based on criteria established by the College.

**BLACKWELDER FAMILY SCHOLARSHIP**
This scholarship was established by Charles and Frances Blackwelder to help needy students with first priority being given to students from the Lake Butler, FL area and the Danville, FL church in particular as needy students fit that criteria.

**DEE AND NORMA BOWMAN FAMILY ENDOWED SCHOLARSHIP**
This scholarship was initiated by Wally and Sandy Hayes to honor Dee and Norma Bowman. Its focus is to help deserving young men who desire to study Bible or communication majors interested in forensics or broadcasting.

**JOHN AND CLARA BOYETT MEMORIAL SCHOLARSHIP**
This scholarship was created by a testamentary gift from Brunell Boyett in memory of her grandparents, John and Clara Boyett. The first priority will go to a descendant/family member of John and Clara Boyett. Should there be no descendants applying for the scholarship, priority will be given to any applicants from The Brown Street church of Christ in Akron, OH. Should there be no descendants or a Brown Street church of Christ member or member’s offspring, the scholarship will be awarded to students working part-time on a need basis for tuition and books. Students will be responsible for their own room and board. Scholarship will be awarded at the discretion of the endowed scholarship committee.

**W. E. AND GINNY BRITT ENDOWED SCHOLARSHIP FUND**
This scholarship was established at the passing of Virginia “Ginny” Britt by family and friends. The funds shall be restricted to grants for worthy students.
PAUL BROCK MEMORIAL SCHOLARSHIP
This scholarship was established by the family of Paul Brock in his memory for worthy students who plan to preach the gospel.

J. EDWARD BROWN MEMORIAL SCHOLARSHIP
This fund was established in memory of J. Edward Brown of Guntown, Mississippi, to provide tangible help to young men and women who have a special interest in Biblical Studies and in the building of Christian character, so that they may become better workers in the Lord's kingdom.

WALTER AND GLADYS BUNNELL SCHOLARSHIP FUND FOR NEEDY STUDENTS
This fund was established with a generous bequest from Walter Bunnell, who desired that this fund be used for worthy students who would otherwise be financially unable to attend the College.

WALTER AND GLADYS BUNNELL SCHOLARSHIP FUND FOR STUDENTS FROM HART CO., KY
This fund, also provided by a generous bequest from Walter Bunnell, is specifically designated to assist deserving students from Hart County and adjoining counties in Kentucky.

COLLY AND LYNGA CALDWELL SCHOLARSHIP
This scholarship was established by individual Directors of the Board of Florida College. A scholarship shall be provided to students who are enrolled at Florida College, and who have demonstrated successful academic achievement, have committed themselves to a plan of professional or career development, and have a specific need for funds to begin or continue their studies at Florida College.

OTTIS TIMOTHY CASTELBERRY SCHOLARSHIP FUND
Tim’s parents, Ottis and June Castleberry, created this scholarship to honor Tim and further Christian education. It is their desire that the recipient have an excellent academic record and a focus in life to be a sincere Christian no matter what profession he/she follows.

THE CHATFIELD FAMILY SCHOLARSHIP
This scholarship was established by Mark and Sandy Chatfield. The recipient of this scholarship will be chosen based on their creative writing skills, spiritual orientation and sincerity demonstrated by their writing of an essay describing their education, goals in life and reason for choosing to attend Florida College.

*ETHEL CLOWER SCHOLARSHIP FUND
This fund was provided from the trust of Ethel Clower; the proceeds are to be used to provide scholarships for young men who plan to preach the Gospel.

THE HARLAN AND LOIS COFFMAN FUND
This scholarship was established to honor Harlan and Lois Coffman by their daughter, Charlotte, and her husband, Robert Jobe. The Funds shall be restricted to grants for continuing education for faculty or scholarships for students majoring in Education.

BYRON CONLEY SCHOLARSHIP FUND
The family and friends of the late Byron Conley have donated an annual scholarship to be given in his memory to a needy student with a preference to those who plan to preach the Gospel.

*COPE-COMBS SCHOLARSHIP
This fund was established in memory of Georgia Deane Combs Cope by her husband, family and friends. It also includes the original scholarship fund set up by Mr. and Mrs. James R. Cope in honor of their parents, Rogers W. and Dora Breeding Cope and Charles E. and Naomi McFarland Combs.

*MARTHA B. DAVIS SCHOLARSHIP FUND
This fund was established by the family and friends of Martha B. Davis to assist worthy and needy students who desire an education at Florida College.

CLARA OLIVIA DERRYBERRY MEMORIAL SCHOLARSHIP FUND
This fund was established by the Derryberry family in memory of their daughter Olivia, a Florida College alumnus. Proceeds from this fund are used to assist worthy young people attending Florida College.

DESERVING STUDENT SCHOLARSHIP FUND
This fund was established in 1989 in honor of Olive A. Martin for deserving young ladies that desire to attend Florida College.
The Edward and Mary Elizabeth Foster Scholarship Fund
This fund was established in loving memory by their son, Dan Foster, to assist needy students from the southeastern United States.

*Jack and Lila Frost Memorial Fund
This fund was established in memory of Mr. and Mrs. Jack Frost, Sr., by family and friends to assist young men at Florida College preparing to preach.

*Donald and Wilma Gattis Memorial Scholarship Fund
This fund was established by Donald L. Gattis, Jr. in memory of his parents, Donald and Wilma Gattis, and is to be awarded at the discretion of the scholarship committee.

The E. R. Greene Memorial Scholarship
This scholarship was established by the Greene family and many friends in memory of E. R. Greene A scholarship shall be provided to students who have a minimum GPA of 2.25 or a minimum ACT score of 22 or SAT score of 440. Preference will be given to applicants who have financial need or who have demonstrated distinguished service or success in the face of adversity.

Homer Hailey Scholarship Fund
This fund was set up by former students and friends in memory of Mr. Homer Hailey to assist needy students who wish to preach. Homer Hailey was Vice President of Florida College and head of the Florida College Bible Department for many years.

Adriel Hall Voice Scholarship
This fund was established by Mrs. J. D. (Adriel) Hall, Jr., to provide scholarships to vocal music students. Selection of recipients is made by the vocal music faculty. Inquiries for this special scholarship should be addressed to the Music Department.

Clinton David and Margaret Allen Hamilton Scholarship
This scholarship was established in memory of Clinton Hamilton. Because of his interest in publishing and his service as the advisor to the yearbook staff for 19 years, this scholarship will assist students who work on the yearbook or who are pursuing degrees in education or Biblical Studies.

Bob and Brookie Harber Endowed Scholarship
This scholarship was established in memory of Brookie H. Harber, by her loving family, to be awarded to Bible majors (male or female) or to students who plan to preach the gospel.

Sam Hastings Memorial Scholarship
This scholarship was established in memory of Sam Hastings and funded by family and friends.

Win Hawkins Scholarship Fund
This fund was established by a testamentary gift of Mr. and Mrs. Win Hawkins of Lafayette, Louisiana. The fund is administered by the Florida College Foundation, and its proceeds provide scholarships for young men who plan to preach the Gospel.

Hayes/Smith Family Scholarship Fund
Dr. and Mrs. Wallace Hayes established this endowed scholarship fund to assist worthy students from the New England states, and if none, to students from North Carolina, Georgia, or Alabama.

Mrs. Thomas E. Henderson Memorial Endowed Fund
This scholarship was established in memory of Mrs. Thomas E. Henderson by William T. and Mary Lou Smith. This scholarship will be awarded based upon merit with a preference given to those with greatest financial need.

Hoyt H. Houchen Scholarship Fund
This scholarship was established by Mr. and Mrs. Donald Johnson and friends of Hoyt H. Houchen and will alternate each year between students enrolled in the Elementary Education (or other Education degree) or the Communication degree programs at Florida College.

Richard and Jimmie Jackson Endowed Scholarship Fund
This scholarship was established to help students majoring in Biblical Studies or students in the Liberal Studies program with an emphasis in Bible.
THE FLORENCE F. KLEMM SCHOLARSHIP FUND
This fund was established in memory of Florence F. Klemm by her sister, Ethel Johnson, and her mother, Louella Klemm. This fund is to be awarded to students who are deaf or blind, and if there are none, to students who are disabled, or who are interested in working with the disabled. If there are no such students, the fund may be awarded to students who have one or both parents who are disabled.

*TERRY KNOX SCHOLARSHIP
This scholarship was made available through gifts from Mrs. Mavis L. Knox, of Crockett, Texas, Mrs. Pamela Knox Webb and Mr. Royce Knox in memory of their son and brother, Terry Knox. This scholarship is awarded each year to a young man who wishes to study Bible at Florida College in preparation for preaching the Gospel.

GLADYS Koonce Scholarship
This fund was set up to assist needy students who desire to preach, with a preference given to sophomores.

PAUL AND MILDRED LOWERY SCHOLARSHIP FUND
This fund was created by a testamentary gift from Paul A. and Mildred R. Lowery of White County, Tennessee. The proceeds are used to fund scholarships for any worthy student at Florida College.

GEORGE M. McCARTY ENDOWED SCHOLARSHIP FUND
This scholarship was created in memory of George M. McCarty by his wife Mrs. Jean McCarty to fund scholarships for deserving students with special attention given to Bible majors and science/math/engineering majors.

CHARLIE AND BILLIE MILAM FUND
This fund was created by their children in memory of Charlie and Billie Milam and is to be awarded to students who are studying to be preachers.

MOYER-STEPHENSON ENDOWED SCHOLARSHIP
This scholarship was established by Mrs. Patsy Moyer Stephenson to honor her family and the family of her late husband Bill Stephenson. Recipients of this scholarship will be subject to the recommendation of the Moyer-Stephenson Scholarship Fund Committee as follows: First, children of Florida College faculty; Second, children of Florida College staff and administration; Third, all others.

BILL AND ELAINE MURFF ENDOWED SCHOLARSHIP FUND
This scholarship was established to recognize the many years of selfless service for Florida College and her students by Bill and Elaine Murff. Scholarship eligibility will be based on financial need and academic merit as determined by the College.

FLORENCE MURPHY SCHOLARSHIP FUND
This fund was created by a bequest from Florence P. Murphy to assist young men who are planning to preach the Gospel.

WOODROW W. AND KATHERINE G. NEAL FAMILY SCHOLARSHIP
This scholarship, established by a bequest from Mr. Woodrow Neal, is awarded to young men desiring to preach the gospel.

ROBERT BRUCE (ROB) NOWLIN ENDOWED SCHOLARSHIP FUND
This scholarship was established in memory of Rob Nowlin by his parents, Bruce and Judy Nowlin. It will be awarded based upon the following criteria. The students must have graduated from their Secondary Education institution as National Merit Finalists, Valedictorians or Salutatorians with a grade point average of at least 3.75 on the 4.00 scale or equivalent standard. If no students are eligible in these three mentioned categories, then any worthy academic student in their third or fourth year with a cumulative 3.75 GPA or greater may qualify for the Scholarship.

PARTAIN ENDOWED SCHOLARSHIP FUND
This scholarship was established from the estate of Elva W. Partain to help aspiring young preachers.
The Payne/Geer Family Memorial Scholarship Fund
This fund was established by family and friends in loving memory of Virginia Catherine Payne, the wife of long time faculty member, Harry E. Payne, Sr., their son, James Paul Payne, an alumnus of the class of 1972, and LaVonne Geer, the mother of Marilyn (Geer) Payne. This fund assists any needy student.

*Harry W. Pickup, Sr. Memorial Scholarship
This fund was established by the family and friends of Harry W. Pickup, Sr., to provide financial aid to young men studying the Bible at Florida College. This Fund also includes the fund established in 1955 by Mr. and Mrs. J. D. Hall, Jr., Mr. and Mrs. Robert Hall, and Mr. and Mrs. Harry Pickup, Jr., and formerly known as the Pickup-Hall Scholarship Fund.

Phil Roberts Memorial Scholarship Fund for Academic Achievement
This scholarship was established in memory of Phil Roberts by his family and friends. It will be awarded based upon the following criteria. The student must have an ACT score of 28 or higher, or equivalent SAT score, or the student must score in the top 25% for academic achievement as determined by the Florida College Office of Admissions and Retention Services and must submit an essay of 500 words or less explaining how a Florida College Education will help the applicant achieve his/her life goals.

Servant Scholarship for Homeschooled Students
This fund was established by Mrs. Lynna Davis in honor of her daughters Tricia Hinely and Laura Greiving and is available only to first-year students who have been homeschooled at least three out of their four years of high school.

*Edgar Srygley Memorial Scholarship
This fund was established in memory of long-time Florida College faculty member Edgar V. Srygley, Jr., by his friends and former students. It is awarded to students studying Bible at Florida College with preference given to students who excel in the study of Greek.

R. J. and Pauline Stevens Scholarship
This scholarship was established by their children to honor R. J. and Pauline Stevens. The purpose of this scholarship is to assist reputable students (male or female) who need financial assistance to attend Florida College, who desire to teach the gospel (whether as a Bible class teacher or a preacher) or who desire to enhance their ability in the area of church music (either in song writing or song directing.) Scholarship recipients were personally mentored by R. J. as long as he was able to do so.

Edgar and Eunice Stowell Biblical Studies Fund
This fund, established by a bequest from Mrs. Eunice Stowell, is awarded to third and fourth year Biblical Studies students based on character and financial need.

Richard and Sarah Tidwell Endowed Scholarship
This scholarship was established by Richard and Sarah Tidwell to first help students who are members of the Walnut Street congregation in Cary, NC, second, members of the Clayton congregation in Clayton, NC, and then to any other needy student.

Dorthy and Tim Torno Endowed Scholarship Fund
This scholarship was established by Dorthy and Tim Torno and will be restricted to students who attend at least one school year at Florida College and then intend to transfer to Texas A & M University in College Station, Texas to complete their undergraduate degree.

*E.M. and Ruth Tucker Scholarship Fund
This fund was provided through the generosity of Mrs. Ruth Tucker of Cullman, Alabama, and in memory of her late husband E. M. Tucker. The proceeds are used to fund scholarships for young men who plan to preach the Gospel.

*Robert and Vivian Turner Scholarship Fund
This fund was established by the family and friends of Robert and Vivian Turner in honor of their 50th wedding anniversary. It is available to both young men and women.

Dudy, Wanda, and Martha Walker Scholarship Fund
This scholarship was created in memory of Wanda Walker who wanted to honor her husband Dudy Walker for his work with voice students as director of the chorus for so many years.
**Whisenhunt Family Scholarship Fund**
This scholarship fund was established in loving memory of Robert Pierce Whisenhunt, Jacinda (Davis) Whisenhunt and Ruth (Kendrick) Whisenhunt to assist deserving students.

**Lizzie Willborg and Bertie Elizabeth Eakens Humanitarian Fund**
This fund was a testamentary gift from Bertie Eakens for students from all walks of life with various grade point averages and majors.

**Wisconsin Scholarship**
This scholarship was established by Mr. and Mrs. George Crowell to financially assist men and women to attend Florida College. Priority will be given to applicants who are identified with the Appleton, Wisconsin, church of Christ. If there are none from said church, then funds may go to any needy student.

*Claude E. and Josephine Worley Scholarships*
Funded by the late Claude Worley’s sister, Gladys Koonce, these scholarships are provided for students in the Biblical Studies program at Florida College.

**Permanently Named Golden Anniversary Endowed Scholarship Funds**
These scholarships were founded to celebrate the College’s 50th anniversary. Donors who gave $100,000 or more were given permanent Golden Anniversary Scholarships in their honor. Scholarships are awarded to applicants based upon need by the Endowed Scholarship Committee. Our deepest appreciation to:

**Gail P. Beaver Memorial Scholarship Fund**
This fund was established by Lynda Beaver in memory of her husband Mr. Gail P. Beaver.

**Houston Hamby Scholarship Fund**
This fund was established in honor of the father of Houston Hamby of Port Neches, Texas.

**Will and Blanche Harrison Scholarship Fund**
This fund was established in honor of Will and Blanche Harrison of Ocala, Florida.

**W. Herbert Hinely Scholarship Fund**
This fund was established by the Hinely Family Estate in loving memory of William Herbert Hinely.

**Jerry and Geri Swift Scholarship Fund**
This fund was established in honor of Jerry and Geri Swift of Santa Rosa, California.

**Gifts of $5,000 to $24,999 to the Florida College General Endowed Scholarship Fund**
Any gift of $5,000 to $24,999 made to an endowed scholarship fund receives lifetime mention in the College catalog in this section. After a fund is established, it has five years to make it to the $25,000 permanently named category. (See explanation under number 1. PERMANENTLY NAMED SCHOLARSHIP FUNDS for more information). Funds below this mark go into the general endowment scholarship fund and awards are made to worthy students based upon the decision of the endowed scholarship committee. Application for endowed scholarships can be made by contacting the College financial aid office.

**Margaret Donoho Scholarship Fund**
This fund was provided by the generosity of Mrs. Margaret Donoho of Louisville, Kentucky; the proceeds from the fund to be used to provide scholarships for young men planning to preach the Gospel.

**Floyd and Jacquie Norris Scholarship Fund**
This fund was established in memory of Floyd M. Norris.

**North Texas Booster Club**
This is an endowed scholarship with the proceeds going to the Adopt-A-Student program. The North Texas Booster Club will make the annual selections to assist students primarily from the North Texas geographical region. Proceeds will be administered as soon as the fund is fully endowed.

**James Patterson Scholarship Fund**
This fund was established to assist needy students from Tampa.
Tampa North Rotary Scholarship Fund
This fund was established in 1997 by the Tampa North Rotary Club to help students receive a quality education from Florida College. The College scholarship committee will award this scholarship based on need, willingness to help oneself, grades and other unique circumstances.

Almon Williams Liberty Scholarship
This scholarship was established to honor Almon Williams by former students who appreciated the difference he made in their lives.

Alumni Scholarships
Alumni scholarships are awarded by the National Alumni Association. Applicants may be undergraduate students and are required to have a satisfactory academic record, be of good moral character and demonstrate financial need. Requests for the National Alumni Association scholarships should be addressed to the Executive Secretary, Florida College Alumni Association at Florida College.

Booster Club Scholarships
Booster Club scholarships are awarded by local Florida College Booster Clubs usually to students from their geographic area. Students in the areas where Booster Clubs are located should make their requests directly to the clubs, who determine the recipients for their club’s scholarships.

Special Scholarships
Special scholarship funds have been established by generous donors who desire to help and encourage deserving students.

John and Margaret Haley Scholarship Fund
This fund was established by Dr. and Mrs. John H. Haley, Jr., in memory of his parents and is available to Alabama students who need assistance.

Romine Scholarship Fund
The trust of the late N. M. and Clara Romine of Murfreesboro, Tennessee, established this scholarship fund to assist young women taking course work in marriage and family and men planning to preach. Students may receive scholarships for not more than four semesters. Applications may be secured from the Student Financial Services Office. Application deadlines are September 20.

The James R. Cope Adopt Program
The James R. Cope Adopt Program awards are determined by the Adopt Program Committee. To be considered, students must complete the Free Application for Federal Student Aid (FAFSA) and fall within required guidelines for the Expected Family Contributions (EFC). These awards are designed to help deserving students who, after going through the normal channels for financial aid, still fall short of finances needed to attend Florida College. They must take out a Student Loan and maintain a 2.00 GPA and pass 12 credit hours each semester. Qualifying students are paired with donors who “adopt” a part of their college cost for the year. The amount available each year varies depending on the amount of money raised by the College and the number of students qualifying for such aid. The amount of the award per student ranges from $500 to $5,000 per year.

Preacher Waiver
A man who is preaching full time for the church of Christ may take up to three hours during the school year and have the fee waived. For more information, contact the College Financial Aid Office.

Florida Independent College Fund
The Florida Independent College Fund provides financial aid to students through the following scholarships:
**UPS**

This scholarship is for any student with any major and any residency. It is based on need and merit (school's choice).

---

### 2. Grants

**Federal Pell Grants**

The Federal Government makes available Pell Grants. Eligibility is determined by the amount the student and his family can be expected to contribute toward the student's education. Grant amounts are determined by the government; these grants are not to be repaid. The FAFSA (Free Application for Federal Student Aid) is used to apply for this grant. This application can be found at [www.fafsa.gov](http://www.fafsa.gov).

**Federal Supplemental Education Opportunity Grant**

FSEOG grants are for undergraduates with exceptional financial need, i.e., students with the lowest Expected Family Contributions. FSEOG grants do not have to be repaid. Award amounts are generally $500 per year. Students must be Pell eligible to be considered for this grant.

### 3. State of Florida Grants and Scholarships

**Florida Resident Access Grant (FRAG)**

The Florida Resident Access Grant (FRAG) was created by the 1979 Florida Legislature to provide tuition assistance to Florida residents attending eligible non-profit private colleges and universities located in the state of Florida. The program is administered by the Florida Department of Education pursuant to Florida Statutes and administrative rules adopted by the State Board of Education. Each participating eligible institution administers the program for its eligible students. Funds for the support of the FRAG are contingent each year upon appropriations by the Florida Legislature. The FAFSA is required as well as the FRAG application found on our website.

**Florida Student Assistance Grant**

FSAG is a Florida state financial aid program available to Florida students who meet eligibility criteria and demonstrate financial “need.” The FAFSA is the only application you need to complete to apply for FSAG.

**Florida Bright Futures Scholarship Program**

A lottery-funded scholarship to reward Florida high school graduates who demonstrate high achievement and enroll in eligible Florida postsecondary institutions. This scholarship program has three award levels; the Florida Academic Scholars Award, the Florida Medallion Scholars Award, and the Florida Gold Seal Vocational Scholars Award. Florida College is not eligible to disburse the Gold Seal Vocational Scholars Award. Each award level has different academic criteria for eligibility and receives a different award amount. The top-ranked scholar from each county will receive an additional award of up to $1500. Applications and eligibility criteria are available from high school guidance offices or the State of Florida Office of Student Financial Assistance, [www.floridastudentfinancialaid.org](http://www.floridastudentfinancialaid.org).

### 4. Student Employment

The College offers the opportunity for students to work on the campus to pay part of their expenses. Available positions are stated on the application. Work applications are available on the Florida College website. If hired, the student will be required to show the following items before beginning work: valid driver’s license, copy of birth certificate or social security card. Students are allowed to have only one on-campus job.
Any failure in right conduct and attitude or the shirking of duties by a student is considered sufficient cause to cancel the work contract.

Because the College can assist only a limited number of students, application for this work should be made no later than July 30. Later applications will be considered if work is available.

Since Tampa is a large metropolitan area, there are some opportunities for off-campus part-time employment. Sometimes it is possible for a student to work out a schedule whereby he can work on an afternoon and early night shift and attend classes. Approval for such part-time work must be secured from the Dean of Student Services.

5. Loans

There are a variety of loans available at Florida College. Applications for all of these loans should be requested from the Student Financial Services Office. Additional information concerning applicant qualifications, repayment schedules, and interest rates may be obtained from the Student Financial Services Office. ALL LOAN APPLICANTS MUST SUBMIT A FREE APPLICATION FOR FEDERAL STUDENT AID (FAFSA). This application can be obtained at www.fafsa.gov. All loans are applied for through Direct Lending from the government. See the website for the link.

Federal Subsidized Stafford Loans

Any U.S. citizen or person in the U.S. for other than temporary purposes who is enrolled or is accepted for enrollment on at least a half-time basis and is seeking an AA, BA, or BS degree at Florida College may apply.

A student may apply for a maximum of $3500 as a freshman student, $4500 as a sophomore student, and $5500 each year as a junior or senior student. Total loans outstanding may not exceed $31,000 ($23,000 subsidized) for undergraduate students. The repayment period begins six months after the student is no longer enrolled for a minimum of 6 credit hours. There is a combined origination/insurance fee. Repayment normally is made in installments over a period of ten years. Loans may be repaid early without penalty.

Repayment may be deferred for up to three years while the borrower is a member of the armed forces, a full-time volunteer in the Peace Corps or VISTA, a full-time teacher in a public or nonprofit private elementary or secondary school in a teacher shortage area designated by the Secretary, or for any period for which he returns to a full-time course of study at an eligible school.

This loan may be used only for educational purposes. The student is obligated to keep the servicer informed of changes in address, school or student status.

Federal Unsubsidized Stafford Loans

This loan has the same terms and conditions as Federal Subsidized Stafford Loans, with the exception that the borrower is responsible for the interest that accrues during deferment period (including in-school) and during the six-month grace period.

This program is open to students who may not qualify for regular Federal Subsidized Stafford Loans and needs an additional $2000 through a student loan.

Perkins Loans

Through the Perkins Loan students may borrow up to $4,000 per year ($8,000 maximum for two years). Interest on the loan is currently 5% per year on the unpaid balance and repayment of the principal and interest begins nine months after a student ends his full-time enrollment. Repayment of principal and interest is waived while a student continues in an eligible institution or while serving in the armed services, the Peace Corps or VISTA program. (The last three items are limited to three-year deferment.) Funding for these loans is limited. Application materials for the Perkins Loan may be obtained from the Florida College Office of Financial Aid.
**Federal PLUS Loans**
This loan is for parents of dependent students. The annual loan limits are cost of attendance minus any other aid. This loan is NOT based on need; however a credit check is performed to consider any adverse credit history.

**Wilbur C. King Family Education Trust Fund**
Through his will the late Wilbur C. King established this trust fund to provide loans to assist qualified young men to attend Florida College to prepare themselves to preach. The fund is administered through trustees designated by Mr. King’s will. At present, a student can apply for as little as $1,000 or as much as $5,000 per academic year. Please see our website for the application.

**Satisfactory Academic Progress for Continued Financial Aid Eligibility**
A student enrolling at Florida College for the first time must be meeting satisfactory progress. To remain eligible to receive continued federal financial aid at Florida College, a student must maintain satisfactory academic progress toward the AA, BA or BS degree as defined herein.

The “Satisfactory Academic Progress” provisions at Florida College affect only those students applying for state and federal financial aid and should not be confused with other academic policies affecting probationary standing or academic suspension as described in the Florida College catalog for the purposes of continued admission to classes. A student may be eligible to continue classes but may not be eligible for Federal financial assistance under these guidelines.

Treatment of course incompletes, withdrawals, repetitions, and noncredit remedial courses: Any incomplete grade earned by a student is not counted toward hours earned or GPA calculation. However, if not completed by the deadline, the grade becomes an “F” and will be counted toward hours and GPA. Any class designated as W (withdrawn) or WP (withdrawn passing) is not counted toward hours earned or GPA calculation. Noncredit Remedial courses are counted toward hours earned and are not included in the GPA calculation. Any course repeated is only counted once toward hours earned and only counted once for GPA calculation (the best grade earned is counted). Repeated courses are only eligible for aid if retaken to replace a failing grade.

The “Satisfactory Academic Progress” provisions at Florida College are measured as follows. The student will be considered to have attained measurable satisfactory progress and will therefore be deemed eligible for Federal financial assistance when:

a) The student has not been enrolled for more than 6 terms (AA) or 12 terms (BA) as a full-time student (12 or more credit hours).

b) The student has achieved a grade point average sufficient to meet the standards of the following chart.

**Florida Program Standards for Satisfactory Academic Progress**

a) Florida Academic Scholars: 3.0 Cum. GPA and earned hours completed per semester, up to 132 semester hours or a bachelor degree, whichever comes first.

b) Florida Student Assistance Grant: 2.00 Cum. GPA and 24 semester hours per year, up to nine semesters or a bachelor degree, whichever comes first.

c) Florida Resident Access Grant: 2.00 Cum. GPA; and 24 semester hours per year or a bachelor degree, whichever comes first.

d) Florida Medallion Scholars Program: 2.75 Cum. GPA and earned hours completed per semester up to 132 semester hours or a bachelor degree, whichever comes first.

e) Florida Vocational Gold Seal Vocational Scholars Program: 2.75 Cum. GPA and earned hours completed per semester up to 90 semester hours, whichever comes first.
Regaining Financial Aid Eligibility
Students may regain eligibility for financial aid at any point in time when the required criteria stated above are met.

Appeal Procedure
Florida College recognizes that mitigating circumstances in a student's life can affect performance. These mitigating circumstances would include, but not be limited to, verified student illness or the death of a parent or sibling. Any student that feels that their “probation status” is a result of circumstances beyond their control may contact the Financial Office for a review of their status. Students wishing to appeal the appropriateness of the Financial Aid Office actions may request resolution from the Chief Business Officer of the College.

Financial Aid Warning
Students who receive federal financial aid must maintain Satisfactory Academic Progress (SAP). Students who are below the SAP but have been determined to be able to regain SAP within the following term will be placed on warning. While on warning, the student may be eligible to receive federal financial aid. If SAP is not regained during the warning period, then the student will be on probation from receiving federal financial aid until SAP has been regained.

Financial Aid Probation
Students who are on financial aid warning and who do not regain “Satisfactory Academic Progress” will have their financial aid put on probation.

Students who receive federal financial aid must maintain Satisfactory Academic Progress (SAP). Students who are determined to be unable to regain SAP within the following school year will be on probation and cannot receive federal aid until SAP has been regained.

The SAP provisions at Florida College are measured as follows. The student will be considered to have attained measurable satisfactory progress and will therefore be deemed eligible for federal financial assistance when:

- The student has not been enrolled for more than 12 terms as a full-time student (12 or more credit hours). Part-time enrollment is prorated to the full-time equivalent.
- The student has achieved a GPA sufficient to meet the standard regulations.
- The student has successfully completed enough hours to meet the standard regulations.
5. **ACADEMIC REGULATIONS**
Admission

As the mission statement indicates, Florida College aspires to equip students for lives of service, by offering an education in the liberal arts within the context of biblical values. To this end, the College seeks to attract and admit students who demonstrate academic promise and good character and who desire the distinctive spiritual environment and educational program of the College.

The purpose of the admission process is to identify applicants who are likely to succeed academically at Florida College and who will contribute positively to the campus community. Students at Florida College are expected to maintain the highest standards of morality, integrity, orderliness and personal honor. Florida College reserves the right to refuse admittance or dismiss any student whose lifestyle is not consistent with the Christian principles that this college represents.

Florida College is committed to providing equal opportunity for all persons and will not discriminate in regard to admissions, programs, or any other educational function or service on the basis of race, color, creed, national origin, sex, age, religion, disability, or any other classification protected by local, state or federal law, with respect to any person who meets the College’s admission criteria and is willing to abide by the College’s standard of conduct.

Applying for Admission

All application materials should be submitted to the Office of Admissions. The application may be submitted directly from the Florida College website http://www.floridacollege.edu/Admissions/. Additional admissions information may be requested by emailing admissions@floridacollege.edu, or by telephone at 1-800-326-7655.

The application process includes the following steps:

1. Review the applicable specific academic requirements below.
2. Submit a completed Application for Admission form online. (You may request a paper version from the Office of Admissions and Retention Services if you prefer.)
3. Submit the $30 application fee online when completing the application.
5. Submit a Religious Reference form.
6. Request official transcripts for all high school work and any college work already completed, to be sent directly to the Office of Admission. (Applicants enrolled in course work at the time they apply must also request final transcripts when that course work has been completed.)
7. Request that an official report of standardized test results—either ACT or SAT—be sent to the Office of Admissions.
8. Submit properly completed medical forms A, B and C. Note: All students enrolling in Florida College must submit proof of current health insurance coverage.
9. Submit a housing form and security deposit of $150.
10. Submit a completed Parent Signature Page.

Application materials should reach the Office of Admissions by August 1 for fall enrollment and December 1 for spring enrollment. Applicants who fail to meet the deadline incur a $100.00 late fee.

When the application, transcripts, official ACT or SAT score report, and two references have been received and reviewed, the Office of Admissions and Retention Services will notify the applicant of the admission decision. If concerns are raised during the admission process about the applicant’s ability to succeed academically and/or to contribute positively to the Florida College campus community, the file will be referred to the Special Admissions Committee for a determination of admittance.
Requirements for Unconditional Admission

Academic Requirements: Graduates of an Accredited High School
For unconditional admission, the applicant who will enter Florida College as the graduate of an accredited high school must meet the following minimal academic requirements:

1. Complete at least 16 high school academic credits, including
   - Four credits in English (with courses including substantial study of grammar, composition, or literature)
   - Two credits in social sciences (courses such as American History, World History, State History, Civics, and Geography)
   - Three credits in mathematics (Algebra I, Algebra II, Geometry, or higher level courses)
   - Two credits in college preparatory natural sciences (biology, chemistry, or physical science courses with laboratory components)

   Additional academic credits may include courses in such subjects as economics, psychology, sociology, humanities, and foreign languages.

2. Graduate with at least a 2.00 grade point average (on a 4-point scale)

3. Provide standardized test scores (ACT or SAT) required for appropriate course placement (as explained below in the Course Placement section under Further Academic Regulations)

Academic Requirements: Home Schooled Students, including Umbrella School enrollments
For unconditional admission, the applicant who will enter Florida College as the graduate of a home school program must be at least 17 years old by the first day of class and must meet the above academic requirements for graduates of an accredited high school.

Home schooled students must also submit a self-certification statement with their final high school transcripts. Home schooled students have the option to substitute one semester of college-level lab science for each unit of high school natural science.

Requirements for Conditional Admission
A student who meets the age and character requirements but has not fulfilled all the academic requirements for unconditional admission may be admitted conditionally if he or she

- has graduated either from an accredited high school or a home school program, but has not completed the 16 academic units required for unconditional admission; or
- has completed at least one year of high school and makes acceptable scores on the General Education Development (GED) examination.

The student admitted conditionally may remove the condition before enrolling in Florida College by completing high school or college courses in the subject areas of the deficiencies. Otherwise, the student must begin during the first semester of enrollment to remove deficiencies by completing Florida College courses in those subject areas. One semester of college work completed successfully (with a grade of C or better) will substitute for one academic credit of high school study in the same subject area.

Requirements for Probationary Admission
A student may appeal to be admitted on probation if his or her grade point average in high school or college work completed elsewhere is less than a 2.00.

The written appeal should be directed through the Office of Admissions and Retention Services to the Academic Dean and the Academic Standards Committee, at whose discretion students may be granted probationary admission. The appeal should include additional academic references, support letters, scores on standardized tests, an explanation of mitigating circumstances, and a statement indicating the student's motivation and commitment. The Committee bases admission decisions on its judgment of a student's
potential for academic success. Students admitted on probation must achieve at least a 1.60 grade point average on a full time load of at least 12 semester hours to have their probationary status lifted; those not successful in removing the probation during the first semester will be suspended for one semester. For further information about academic probation, see the Catalog index and the Student Handbook.

Transfer Students

A student in good standing at another institution who is eligible to return to that institution may apply to enter Florida College as a transfer student. Prospective transfer students should complete steps 1 – 9 under the heading "Applying for Admission" above.

Transfer applicants should have a grade point average of at least 2.00 on previous college-level work. Students whose grade point average is below 2.00 may appeal for probationary admission with a letter addressed to the Academic Dean (mailed to the Office of Admissions and Retention Services). The letter should explain any mitigating circumstances that affected the GPA; it should also express the applicant’s motivation and commitment. The Academic Dean will notify the applicant of the admission decision.

Transfer students must provide official transcripts from all colleges they have attended. Failure to report previously attempted college-level work constitutes a falsification of application and may cause a student to be suspended and to lose all Florida College credit. A transfer student is not required to submit a final official high school transcript with graduation date if the following criteria are met: the student submits college transcript(s) with a college degree at the Associates’ level or above, and the student meets all other admission requirements.

Application materials should reach the Office of Admissions by August 1 for fall enrollment and December 1 for spring enrollment. Applicants who fail to meet the deadline incur a $100.00 late fee.

Transfer Credit

Florida College accepts credits from regionally accredited colleges and universities. The AA degree from such institutions is accepted as block credit. When transfer credit is considered course by course, no grade below "C" is accepted. The Registrar, with the help of the Academic Dean, evaluates transcripts to determine what credits will be accepted and what credit will be granted for courses not parallel with those offered by Florida College.

The College does not award credit for basic military training, for Defense Activities for Non-Traditional Education Support (DANTES), or for life or work experiences. Credit for military courses and training may be granted on the basis of a formal evaluation by the Registrar and of credit recommendations in the American Council on Education (ACE) guide.

Transient Student Admission

Transient students include those who wish to take courses at Florida College in order to satisfy degree requirements at another academic institution. Transient students may not be degree seeking at two institutions. Individuals who wish to enroll as a transient student must submit an admission application, application fee, photo, a letter of good standing from the home institution or a transcript from the home institution, and submit the Transient Student Affidavit. Admittance requires good academic standing from the home institution. Transient students are not eligible for financial aid.

Transient students may enroll in up to six hours per semester and are limited to enrollment in two consecutive semesters at Florida College. Transient students are permitted to enroll on a space-available basis. Transient students must agree to abide by the Florida College Code of Conduct while enrolled.

A transient student who wishes to be admitted to Florida College on a regular basis must apply for admission in accordance with the procedures, criteria and deadlines governing transfer admission. Students who attend the College as transient student and then are admitted on a regular basis are immediately subject to the College’s academic regulations. Florida College will not allow more than twelve (12) hours of transient coursework to be applied toward a degree from Florida College.
International Students
International students should complete all the application steps described above under the heading “Applying for Admission.” In addition, the student whose application is based on work done in a foreign country must submit the following additional items:

- Complete **academic record in English**. (The applicant must pay necessary translation fees.)
- **Letter of application.** (The applicant must write this letter in English, and in longhand, without assistance.)
- Submit an official report of the scores on the **Test of English as a Foreign Language** (TOEFL), and meet minimum required scores: paper-based 550, computer-based 213, Internet-based (ibt) 79-80; or attain ELS level 112. The TOEFL scores are required for all students whose first language is not English.
- **Emergency fund.** All international students will be required to have an emergency fund of $500, to be kept on file in the Business Office. Any monies not used by the student while enrolled will be returned to the student (or sponsor) when the student officially withdraws from Florida College. If money from the emergency fund is used during the school year, that amount needs to be repaid to keep the balance at $500 during the student's stay at Florida College.
- **Financial Ability Disclosure Worksheet.** All international students must complete and return a Financial Ability Disclosure Worksheet before the Office of Admissions and Retention Services provides the Declaration and Certification of Finances. Florida College is a small liberal arts college and is not supported by any church groups or government groups, and therefore has limited financial aid assistance for international students. The FAD worksheet enables Florida College to provide funds to incoming international students when need can be determined and verified and when funds are available.
- **Declaration and Certification of Finances form** (available from the Office of Admissions and Retention Services). An I-20 immigration form will be issued after a student has been approved for admission and the Declaration of Finances form has been accepted. The student will be responsible for postage and handling fees incurred by the Office of Admissions and Retention Services when mailing his or her I-20 immigration papers.

International students are required to present official academic documentation to provide evidence of sufficient ability to complete college level coursework. The official documentation includes ACT composite scores at or above 16 or SAT composite scores at or above 810 (Critical Reading and Math combined total) for acceptance to the college.

Application materials for international students should reach the Office of Admission by May 1 for fall enrollment and September 1 for spring enrollment. Applicants who fail to meet the deadline may delay their admittance until the next term.

Veteran Students
Florida College is approved for veteran training. Veterans who wish to enroll under the GI Bill should secure the application forms from any Veterans Administration office. If application is made early enough, the VA will attempt to have a check available at the Registrar's Office by the first day of the academic term. Students receiving government assistance under the program for veterans should do so with the understanding that the Registrar's Office will supply all required information to the Veterans Administration. Students receiving V.A. benefits are required to have a minimum average of 2.00 for the first year they attend Florida College in order to be certified for V.A. benefits during a third semester. A 2.00 average is also required for a student’s third semester before he can be certified to begin a fourth semester. A 2.00 average is required in each subsequent semester.
Further Academic Regulations

Credit by Examination
Up to 30 semester hours credit may be earned by examination. No examination credit can be assigned if credit by course work is previously or subsequently awarded, or if a course in that discipline or any part thereof has been begun in college classroom work. Florida College follows the guidelines set by the Florida Articulation Coordinating Committee, available at [http://www.fldoe.org/articulation/pdf/acc-cbe.pdf](http://www.fldoe.org/articulation/pdf/acc-cbe.pdf)

Advanced Placement
The College Board provides several college-level advanced placement programs in courses comparable to those offered at Florida College. Florida College will grant credit toward graduation for scores of 3, 4, or 5. Florida College will accept scores of 4 or 5 in ENG LANG/COMP for credit in ENC 1101 and ENC 1102 (Freshman Composition) and in ENG LIT/COMP for credit in ENC 1101 and either ENC 1102 (Freshman Composition) or Humanities. Duplicate credit will not be awarded.

College Level Examination Program
Florida College will grant credit for the following scores:

1. A score of 50 or greater on the College Composition examination. (ENC 1101 and ENC 1102, 6 semester hours)
2. A score of 50 or greater on the College Mathematics examination. (MGF 1106 or MGF 1107, 3 semester hours)
3. A score of 50 or greater on the College Algebra examination. (3 semester hours)
4. A score of 50 or greater on other Subject Examinations corresponding to course work at Florida College.
5. A score of 50 on the Language Examination. (4 semester hours, Elementary [or 1000-] level)

International Baccalaureate
Florida College will accept 30 semester hours for the International Baccalaureate Diploma.

Course Placement
To encourage academic success, the College assigns students with particular areas of vulnerability to specific and appropriate courses.

Students on probation and students whose grade point average and/or test scores the Academic Dean considers a reason for concern are considered at risk academically and are placed in SLS 1501 (College Success).

Standardized test scores provide the basis for placement in English and mathematics courses. The chart below indicates conditions under which students are required to complete certain prerequisites successfully (with a grade of C or better) before being admitted to higher-level courses in English or mathematics. Florida College follows State of Florida guidelines for initial math and English course assignments. The chart below reflects those guidelines.

</table>

**Course Policies**

**Academic Load**
To be considered as a full-time student, one must carry a minimum load of 12 hours. The Veterans Administration considers 12 hours a full load for determining subsistence. Fifteen or 16 semester hours is the normal student load and 18 is the maximum which may be carried without special permission. However, students who have achieved a grade point average of at least 3.00 during the most recent semester (spring or fall), while taking a full-time course load at Florida College, may register for more than 18 hours with permission from the Academic Dean. In no event shall the maximum load exceed 21 semester hours.

Students on academic probation may carry a maximum of 15 semester hours. Any exception from the general policies here stated must be approved by the Academic Dean of the College.

**Auditing a Course**
Students may audit courses only with the permission of the Academic Dean and the course instructor and will pay the regular tuition fee for the course. No credit is given for a course audited, and such a course may not later be taken for credit. A student making less than a C grade in a course may not change that course to an audit.

Students auditing courses will not enter into class discussions except at the request or with the approval of the instructor. Auditing students may be required to keep notes of class lectures depending on the course they are auditing.

Auditing is a privilege which should be used discriminately and the Academic Dean may refuse permission to audit. Requests for audit should not be made by students registered for less than 18 hours of credit. No regular student may audit all his Bible courses in any given semester. First year Bible courses may not be audited. Courses graded as Pass/Fail may not be audited. Auditing of required Bible courses must be approved by the Academic Standards Committee or, under certain circumstances, by the Academic Dean.
Cancellation of Class
Classes may be canceled and/or changed if fewer than five students have registered at the time the class is to have its first meeting or if other circumstances warrant such in the judgment of the Academic Dean of the College.

Class Attendance
Regular class attendance is required. Regulations concerning absences are specifically dealt with in the Student Handbook. Charges for rescheduling final exams are discussed under “Fees and Finances.”

Change of Course
Students may alter their class schedules by adding or dropping courses upon consulting with their advisors, instructors, and the Academic Dean. The College calendar specifies dates pertinent to these changes and should be consulted in order to avoid misunderstanding. The fee for this will be found in “Fees and Finances.”

Credit for Courses
No student will be granted credit for a subject that does not appear on his official record in the Registrar’s office.

Grade Appeal
A grade given by a professor may be appealed within four weeks after the grade is posted. The student must contact the professor who assigned the grade in writing and discuss the questionable grade. If the issue is not resolved at that time, the student may appeal the grade to the Academic Dean within the four-week period after the grade is posted. This appeal must be in writing and the appeal should offer substantial evidence that the grade was inaccurate or unfair.

Grade Forgiveness
The grade forgiveness policy will be limited to two courses taken at Florida College. In order for a grade to be forgiven, the course taken at Florida College must be retaken at Florida College. Courses taken in transfer will not apply toward the grade forgiveness policy. Every course, including those repeated, will be used in the grade point calculation for graduation honors.

Late Registration
The last date to register for a full load is listed in the Calendar of Events. A student will not be permitted to register for any class after the date given in the Calendar of Events.

Repetition of Courses
Responsibility for loss of credit because of duplication of courses rests with the student. Repetition of a course does not remove the previous grade from a student’s record. When a student registers to repeat a course, he cancels credit for the first or previous time he took it. The grade is removed from the cumulative grade calculations.

Course Credit
Academic Credits
Florida College operates on the semester system and its academic credits are expressed in terms of semester hours. For regular lecture courses a semester hour is defined as a minimum of one 50-minute contact period with the instructor per week for a 14-week semester, or its equivalent, excluding final examinations (that is, 700 minutes of face-to-face instruction per term). Some classes may meet more than the minimum contact period per semester hour. It is assumed that each 50-minute contact period requires additional student work outside of class (generally estimated at two hours for each contact period, depending upon the course) involving reading, library work, exercises, etc. Two or three laboratory hours each week throughout a semester is considered the equivalent of one lecture hour. One credit in music ensembles and applied music lessons is defined as a minimum of three class hours (50 minutes each) of direct instruction and/or individual work each week. Courses taught in non-traditional delivery formats such as distance learning, independent directed studies, or internships are structured so that the credit assigned and the level of work expected will
be equivalent to the credit assigned for and the work expected in courses taught in traditional classroom settings.

Students transferring to or from Florida College can have these hours converted to or from their equivalent quarter hours with no difficulty.

**Classification of Students**

- **Freshman**: 1-26 semester hours
- **Sophomore**: 27-60 semester hours
- **Junior**: 61-90 semester hours
- **Senior**: 91+ semester hours

Part-time: Students carrying less than 12 semester hours per term.

**Grades and Quality Points**

The quality of work and the standing of students at Florida College are expressed in terms of grades and quality points. Grades are recorded by letters.

<table>

A final grade of “I” may be given a student who merits special consideration because of circumstances over which he has no control at the discretion of the instructor involved and with the approval of the Academic Dean. The deficiency should be removed by midterm of the following semester or the “I” becomes “F”. An “R” preceding the letter grade indicates a remedial course.

**Examinations and Tests**

Each instructor is free to direct his class and to give such tests as he feels are necessary. Usually there is a mid-term examination and more frequent period or subject examinations. All instructors are expected to give final examinations according to the schedule issued by the Academic Dean's office.

It is understood that some courses are not adaptable to formal examinations, but these are the exception rather than the rule.

**Final Examination Policy**

It is the general policy of the College that final examinations are required in all courses. Exceptions to this are initiated by the instructor when he requests the approval of the Academic Dean.
The schedule for examinations is set by the Academic Dean and all final examinations should be given accordingly. Any variation must be approved by the Academic Dean.

In the case of a student's illness, he may make special arrangements for taking the examination at another time. An additional charge is made for this. Consult "Fees and Finances."

Permission to take examinations out of schedule is given only in meritorious cases such as illness or death in the immediate family.

**Make-Up Final Examinations**

Arrangements for making up final examinations must be made with the instructor involved and approved by the Academic Dean.

---

**Academic Probation and Suspension**

A student who does not earn a quality point average of at least 1.60 is placed on academic probation for the following semester. Probation can be removed only by making a quality point average of 1.60 or higher on a full time load of 12 hours or more in the next fall or spring semester. Probation shall be continued in subsequent semesters in which the student has a quality point average of 1.60 or higher but does not complete the minimum twelve hours. Any student placed on academic probation for a second successive semester will be suspended for one semester. A student admitted on probation who does not remove the probation in his first semester of attendance will be suspended for one semester. A student who leaves Florida College on academic probation shall be readmitted on academic probation when he returns to the College. Students on academic probation may not represent the College or perform in public programs for the College.

---

**Retention and Suspension**

**Causes for Suspension**

- A student who fails every academic subject for which he or she is registered will be suspended for one semester. (Academic subjects do not include Physical Education activities courses.)
- A student placed on academic probation for a second successive semester or placed on academic probation after having been admitted on probation will be suspended for one semester.
- A student admitted on probation who does not remove probationary status in the first semester of attendance will be suspended for one semester.
- A student readmitted after an academic suspension must then earn a quality point average of 1.60 or higher. Failure to do so will cause the student to be excluded from any future enrollment at Florida College.

**Re-Admission after Suspension**

A student desiring to be readmitted to the College after having been suspended on academic grounds must notify the Academic Dean of the College at least one month before the beginning of the semester for which he or she wishes to enroll again. A student suspended as a result of the fall semester, may not return until the next fall semester. A student suspended after the spring semester, may not return until the next spring semester at which time he or she may be readmitted on academic probation. A student who has been suspended from Florida College and has subsequently enrolled elsewhere may return to Florida College only if he or she is eligible to return to the other institution.

---

**Recording Classes**

The College permits students to make occasional audio recordings of class lectures for their own private educational use only. Permission to regularly record class lectures should be requested through the Advising Office. It should be understood that recordings (audio or video) of College classes may not be given, sold, or otherwise distributed (including social media) without the specific written permission of the Academic Dean.
of the College. Violation of this policy is an infringement upon the intellectual property rights of the professor and is illegal. The College will respect the individual wishes of instructors who for good reason ask students not to record their class(es).

Withdrawal from the College

Students who desire to withdraw from the College must report to the Advising Office and fill out a form stating the reason for withdrawal. Failure to follow this procedure or to explain a withdrawal in writing within five days after the last class attendance will forfeit a student’s privilege of refund.

No dependent student under 21 years of age will be permitted to withdraw from the College unless the Academic Dean of the College has received official notification from his or her parent/guardian giving consent for the withdrawal. This notification must be in writing, through personal contact, or by telephone.

A student is considered enrolled in the College until such time as he officially withdraws. Should he withdraw unofficially, he is subject to dismissal and forfeiture of his grades.

Distance Learning

Florida College offers Internet-based courses through distance learning. These courses provide a convenient way for current students to get ahead or catch up in their coursework and a way for former or future students to take courses that might be needed. Students are not able to complete an entire degree or the majority of a degree through distance learning. Students not currently enrolled in Florida College should contact the Distance Learning Coordinator for information about admissions. An on-campus student may take one distance-learning course per term, and two distance-learning courses may be taken per term if only taking online courses. Once a distance-learning student takes more than six hours, one Bible class will be required per five courses. Students will be asked to complete a distance learning readiness survey prior to enrolling in their first distance-learning course.

Registration and Advising

Registration and advising for on-campus students who wish to take a distance-learning course will occur through their assigned advisor. Registration and advising for students taking distance-learning courses only will be handled by the distance learning office. Financial aid requirements and services are handled through the Financial Aid Office for both on-campus and distance learning students.

Attendance

The attendance guidelines for distance learning are the same as for on-campus classes. Once a student has been counted absent for 20 percent of the weeks (i.e., no assignment submitted in three weeks of a fifteen-week term), he/she will be dropped from the course. Attendance will be taken weekly by the instructor. Students must complete at least one activity (reply to introductory material, discussion, assignment, quiz, or exam) by the instructor’s mandated due date in order to be counted as in attendance for that week. Work that is submitted late will not count toward attendance requirements in past weeks.

Student Responsibilities

Students are expected to turn in assignments as indicated on the syllabus. Instructors may take off for and/or not accept late work based on the late work policies stated within the syllabus. Students are expected to plan ahead for the unexpected (i.e. computer problems) and know of other locations such as libraries where course work can be completed. It is the student's responsibility to notify the instructor of extenuating circumstances that affect the student's participation in course activities. Documentation may be required, and the instructor will determine if the circumstances require an extension. The following circumstances are not
considered extenuating: failing to read the syllabus correctly; failing to plan time appropriately; failing to have the textbook or software for the course; computer problems

**Point of Contact**

The instructor should always be your first point of contact for concerns or problems with the course. If communication with your instructor is not satisfactory, then the second point of contact is the Distance Learning Coordinator. The Distance Learning Coordinator will contact other administrators as needed to resolve the situation. Grade appeals for distance-learning students will be handled in the same manner as for on-campus students.

**Academic Honors and Awards**

**Florida College Honors and Awards**

**President’s Award**

Each year the President presents an award to a student, who has represented the ideals and purposes of the College. This award is based on character, scholarship, and participation in campus activities.

**Dean’s Award**

The Dean’s Award is also based on more than academic achievement. The Dean recognizes a student who in his view has achieved academically despite unusual challenges or difficulties and has thereby earned the respect and admiration of the fellow students and of the faculty.

**Dean’s List and Honor Roll**

A student’s quality point average is determined by dividing the total number of quality points by the number of hours attempted. Academic honors are based upon a student’s quality point average earned at Florida College.

Students who have taken 15 or more credit hours in a term and who have quality point averages of at least 3.65 on that term are placed on the Dean’s List.

Students who carry 12 or more hours in a term and who make a quality point average of at least 3.00 on that term are placed on the Honor Roll.

**Other Collegiate Awards**

**Alpha Chi**

Alpha Chi is a national college honor society with over 300 chapters across the US and Puerto Rico. More than 12,000 members are inducted annually. Since its beginning in 1922, the purpose of Alpha Chi has been to promote academic excellence and exemplary character among college and university students and to honor those who achieve such distinction. Membership is limited to the top ten percent of juniors, seniors, and graduate students at colleges and universities that have a chapter of Alpha Chi. The Florida Xi Chapter was chartered on the campus of Florida College in the spring of 2012. Alpha Chi is an active member of the Association of College Honor Societies.

**Phi Theta Kappa**

Phi Theta Kappa students who excel academically are invited to become members of the national honor organization for junior college students known as Phi Theta Kappa. Students must earn a minimum grade point average of 3.65 on 15 hours at Florida College in order to qualify for membership in PTK. The Pi Gamma Chapter on Florida College’s campus is most active and from the first meeting in the 1966–67 session it has had outstanding leadership.
Western Kentucky University Scholarship
Western Kentucky University awards a scholarship with preference given to candidates pursuing a degree of study in biology or home economics.

Biblical Studies Awards

Baker Book House Award
The Baker Book House provides a religious book for the student selected by a committee of the College as the outstanding Bible student of the year.

D. Philip Roberts Award in Upper-Division Bible
This award is the departmental award in Biblical Studies at the upper-division level.

Srygley First-Year Greek Medal Award
This award is made to that student who completes first-year Greek with the highest grade average provided that average is 90% or above. The award is made on the basis of academic proficiency, irrespective of whether or not the recipient is a freshman, sophomore, or advanced student.

Zondervan Greek Award
This award is given to a student who has excelled in the study of Greek at the advanced level.

Biology Awards

Robert Bruce Nowlin Award
This award for Outstanding Achievement in Biology is presented annually to the one student who demonstrates outstanding achievement and contribution to Florida College through the Biology Program and who demonstrates the ideals of Florida College.

Music Awards

Dr. John Spencer Church Award
This award for Outstanding Achievement in Instrumental Music is presented annually to a student who demonstrates the ideals of Florida College through outstanding achievement and contribution to the band program.

Audrey Lee Church Award
This award for Outstanding Achievement in Instrumental Music is presented annually to a student who demonstrates the ideals of Florida College through outstanding achievement and contribution in the area of piano performance.

Charles Alton Thompson Award
This award for Outstanding Achievement in Vocal Music is presented annually to the one student who demonstrates outstanding achievement and contribution to Florida College through the Chorus Program and who demonstrates the ideals of Florida College.

Athletic Awards

Outstanding Athlete Award
Each spring the Physical Education Department awards to the outstanding male and female athletes of the year an appropriately inscribed cup.
**Graduation Honors**

Graduation honors are announced at the commencement exercises and are calculated on the basis of all quality points and credits taken at Florida College and recorded on the student’s permanent record, including the final semester’s work. To be eligible for these honors, a student must be able to participate in graduation exercises and must have upheld the spirit of the College.

- *Cum Laude*, Quality point average of 3.30–3.64
- *Magna Cum Laude*, Quality point average of 3.65–3.94
- *Summa Cum Laude*, Quality point average of 3.95–4.00

The valedictorian and salutatorian (Associate in Arts degree) will be selected according to the following criteria:

- The graduate must have completed all graduation requirements.
- The graduate must have completed at least 45 hours of work at Florida College.
- In case of tied grade point averages, students with more hours at Florida College will be given consideration above students with fewer hours. Students with more total hours will be given consideration above those with fewer credits.

**Exceptions and Variations**

Any variation from the regulations stipulated in this catalog must be considered by the Academic Dean and/or Academic Standards Committee upon written requests properly filed with the Academic Dean of the College.
6. **AcaDeMic DePaRtments and PrOgraMs**
Academic Programs

Degrees Offered

Florida College is a four-year undergraduate liberal arts institution that offers degrees at the baccalaureate and associate levels. At the baccalaureate level, Florida College offers the Bachelor of Arts (BA) degree and the Bachelor of Science (BS) degree. These degrees are designed to be completed in four years. The actual duration of one's course of study is dependent on the student's course load, course selection, remedial or repeated coursework, or additional majors and minors selected. Students enrolled in education programs in which requirements for Teacher Certification are established by the State of Florida are required to adjust their program to meet the current Department of Education requirements as these rules change. At the associate level, the college offers the Associate in Arts (AA) degree. This degree is designed to be completed in two years. The College is dedicated to providing a broad liberal arts program that is both challenging and sound. An ideal of Florida College is to provide an opportunity for young men and women to study the Bible while they are educated in the liberal arts. The ultimate aim in this mission is to prepare students better for service to their Creator and to humanity.

The College reserves the right to change programs offered and degree requirements. Regulations, courses, and programs of study may be added, modified, or discontinued to meet changing student and faculty interests and requirements of accreditation. Announcements of changes will be made in College publications. A student may complete degree requirements in effect at the time of his initial enrollment (within six years of entry date) or current requirements.

General Education

Required Daily Bible Study

The study of the Bible is an integral part of the Florida College education. Not only are biblical principles integrated into all studies and disciplines, but all students, regardless of major, include the study of the Bible in their academic program. Campus resident students are required to meet a Bible class every class day (Monday – Friday). Commuter students are required to meet a Bible class every day on which they meet any other class. Students enrolled for no more than 6 hours are exempt from the daily Bible requirement. Required Bible courses for the first two years are REL 1210, 1240, 1780, 1781, 2223, 2257, 2264, and LIT 2371. These courses serve as prerequisites to upper-level Bible courses. Bible courses for juniors and seniors vary each semester depending on such factors as course offerings, the student's schedule, and the student's major. The policy requiring daily Bible applies to all students, including juniors and seniors, unless the student lives off campus and has no other classes on that day. Exemptions may be granted for resident students on days they have no other class and on which they have work or internship commitments. Students requesting an exemption who meet these requirements must provide a written appeal to the Academic Dean and provide documentation for relevant work or internship obligations.

General Education Core Requirements

The general education core represents the foundation of a liberal arts education. It is designed to prepare students with a broad educational experience in a biblical context on which to build as they advance in their academic program. Students seeking to graduate from Florida College must complete thirty-six (36) hours of general education requirements, the physical education requirement, and the Bible requirement.

Written Communication Skills: English Composition I and II (6 hours)

English Composition is particularly critical in developing in the student the ability to communicate effectively in clear and correct prose in a style appropriate to the subject, occasion, and audience—written
communication skills. These courses will also develop reading skills and, to a lesser degree, oral communication skills and critical thinking skills.

Students must complete 6 hours of Freshman English Composition (ENC 1101, 1102 or 1121, 1122) or its equivalent (AP or CLEP credit). Students must achieve a grade of "C" or above in courses applied toward this area requirement. Each of the two courses will satisfy 6000 words of the State of Florida Gordon Rule writing requirement. This area is required for all students and must be completed before the student may participate in graduation exercises.

**Oral Communication Skills: Speech (3 hours)**

Public Speaking is particularly critical in developing in the student the ability to speak and listen effectively and critically - oral communication skills. This course will also develop critical thinking skills and, to a lesser degree reading skills and oral communication skills.

Students must complete a 3 hour speech course to graduate. SPC 1608 Public Speaking (formerly SPC 1600) is automatically approved to satisfy this requirement. Other speech courses must be approved by the Academic Dean and speech faculty to meet this area requirement.

**Computation Skills: Mathematics (6 hours)**

The area of Mathematics is particularly critical in developing quantitative literacy in the student - computation skills. These courses will also develop problem solving skills, critical thinking skills and, to a lesser degree, reading skills.

Students must complete 6 hours of mathematics (MAC 1105, 1114, 1140, 1147, 2233, 2311, 2312, 2313, MAP 2302, MAS 2103, MGF 1106, 1107, STA 2023) to graduate. Students must achieve a grade of "C" or above in courses applied toward this area requirement. The two courses will satisfy the State of Florida Gordon Rule requirement in mathematics. This area is required of all students and must be completed before the student may participate in the graduation exercises. No student may take a lower level mathematics course after satisfactorily passing a more advanced course without the specific approval of the Academic Dean. (See bachelor degree sections for specific required courses for education majors.)

**Behavioral Science (3 or 6 hours)**

The area of Behavioral Science is important in developing in the student the ability to understand themselves and interactions among individuals, groups, institutions, events and ideas - directly correlated with critical thinking skills and problem solving skills. These courses will also develop, to a lesser degree, reading skills and written communication skills.

Students must complete a combined total of 9 hours in Behavioral Science and Social Science with a minimum of one 3 hour course in each area. The student may choose to take 6 hours in Behavioral Science and 3 hours in Social Science (or vice versa). This requirement may be met by PSY 1012, SYG 2000, or SYG 2411. Each 3 hour course in this area will fulfill 3000 words of the State of Florida Gordon Rule writing requirement. (See bachelor degree sections for specific required courses for education majors.)

**Social Science (3 or 6 hours)**

The area of Social Science is important in developing in the student the ability to analyze his/her world and the place of individuals and groups within society—directly related to critical thinking skills and problem solving skills. These courses will also develop, to a lesser degree, reading skills and written communication skills.

Students must complete a combined total of 9 hours in Social Science and Behavioral Science with a minimum of one 3 hour course in each area. The student may choose to take 6 hours in Social Science and 3 hours in Behavioral Science (or vice versa). This requirement may be met by AMH 2010, 2020, ECO 2013, 2023, EUH 1000, 1001, GEA 2000, or POS 2001, 2041. Each 3 hour course in this area will fulfill 3000 words of the State of Florida Gordon Rule writing requirement. (See bachelor degree sections for specific required courses for education majors.)
**Foreign Language (6 hours in sequence)**

The area of Foreign Language is important in developing in the student insight into the language, culture, literature and life of people of other countries—directly related to written and oral communication skills. These courses will also develop reading skills and, to a lesser degree critical thinking skills.

Students who choose to take this area as part of their general education core must complete a two course sequence (at least 6 hours). Students who complete 6 hours in Humanities and 6 hours in Natural Science may omit this requirement from their program. This requirement may be met by FRE 1120, 1121, 2200, 2201; GRE 2140, 2141; HBR 2120, 2121; LAT 1120, 1121; SPN 1120, 1121, 2200, 2201. Students planning to complete a Bachelor of Arts degree may not omit this area. Each course in this area will fulfill 3000 words of the State of Florida Gordon Rule writing requirement.

**Humanities (3 hours)**

The area of Humanities is important in developing in the student an expanded knowledge of the human condition and human cultures, especially in relation to behaviors, ideas, and values expressed in works of human imagination and thought - directly related to critical thinking skills and reading skills. These courses will also develop, to a lesser degree, written communication skills.

Students must complete at least three hours in this area (AML 2010, 2020; ENL 2010, 2020; HUM 2210, 2230, 2930; LIT 2371; LIT 2953; MUL 1110; PHI 1010; PHI 2100; REL 3308). Each 3 hour course in this area will fulfill 3000 words of the State of Florida Gordon Rule writing requirement. (See bachelor degree sections for specific required courses for education majors.)

**Natural Science (6 hours)**

The area of Natural Science is important in developing in the student an understanding of the natural world, how it functions, and how scientists reason - directly related to critical thinking skills, problem solving skills and computational skills.

Students who choose this area as part of their general education core must complete at least 6 hours of courses. Any combination of at least six hours in BSC 1005C, CHM 1020, CHM 1022C, CHM 1032C, MCB 2000C or PHY 1020C or any of the following sequential courses: BSC 2010C/2011C; BSC 2085C/2086C; CHM 1022C/1031C; CHM 1045C/1046C; CHM 2210C/2211C; PHY 1053C/1054C; PHY 2048C/2049C; PSC 1121C. Students who complete 6 hours in Humanities and 6 hours in Foreign Language may omit this requirement from their program. (See bachelor degree sections for specific required courses for education majors.)

**Physical Education (3 hours)**

In addition to the General Education Core, students must complete 3 hours of physical education in order to graduate.

Florida College provides a curriculum that includes the physical development of the student. It is the purpose of physical education to stimulate interest in physical recreation. A healthy body is conducive to a happy mind. This is accomplished by a varied program of courses designed to provide an opportunity to participate in wholesome activities, knowledge of the rules, and the ability to participate. Such games as flag football, basketball, softball, and volleyball are featured.. Emphasis is placed on fairness, loyalty, and group cooperation in all physical activities.

There are two options for fulfillment of the physical education requirement:

- **OPTION 1**: Three activities courses (3 non-academic hours) or
- **OPTION 2**: One activity course (1 non-academic hour) and HLP 2081 Health and Wellness (2 academic hours).

HLP 2081, if option 2 is chosen, will be included in the total academic hours. Physical education activities courses are not applied toward the total academic hours.

Students over 25 and veterans are exempted from the physical education requirement. Students who are disabled may make special arrangement to fulfill the physical education requirement.
A student may take only two semesters of golf, bowling, basketball, weightlifting, aerobics, or cheerleading to meet physical education requirement for graduation. No student may obtain more than two semester hours credit for the same varsity sport. Students on the varsity teams or in cheerleading may register for credit toward graduation only in the fall semester of any school year.

**Gordon Rule**

*Writing and Mathematics Requirements (State Board of Education Rule 6A-10.30 - Gordon Rule)*

The state of Florida requires all students pursuing an associate in arts degree to complete coursework that includes a specified amount of writing (24,000 words) and mathematics.

*Writing:* Florida College has distributed the writing requirement throughout its general education core as follows: 12,000 words shall be completed in the two English composition courses, ENC 1101, Freshman Composition I and ENC 1102, Freshman Composition II. The remaining 12,000 words are distributed in the behavioral/social science, foreign language, and humanities courses.

*Mathematics:* Students must complete six semester hours of mathematics coursework at the level of college algebra or higher.
Majors

The Importance of Choosing a Major

Choosing your field of study now is one of the best ways to get your college years off to a good start. By choosing a major, you will begin college with a better educational focus and a faculty advisor who can guide you based on your specific field of study. A student with a declared major is more likely to take classes that directly fulfill that degree’s graduation requirements, making better use of your precious time and money.

If you already know what you want your major to be and wish to update your record, contact your admissions counselor (new students), your faculty advisor, or the Advising Office at 813.988.5131 ext. 272 or advisingoffice@floridacollege.edu. If you are not sure what a good career choice is for you, make an appointment with the Advising Office for a career interest survey to help you decide.

Majors Available at Florida College

All candidates for a baccalaureate degree at Florida College must complete a major as a part of their academic program. Specific requirements for majors are listed within the following departmental section. The following majors are offered at Florida College:

**Biblical Studies Department**
- Biblical Studies (B.A.)
- New Testament (B.A.)
- Biblical Education (B.S.)

**Business Department**
- Business Administration (B.S.)
- Business Administration/Management Information Systems (B.S.)
- Business Administration/Sports Management (B.S.)

**Communication, English, and Languages Department**
- Communication (B.A.)
- Organizational Communication (B.A.)
- English (B.A.)

**Education Department**
- Elementary Education (K-6 Certification with ESOL Endorsement) (B.S.)

**Liberal Studies Department**
- Liberal Studies (B.A.)
- Pre-Law Concentration (B.A.)
- Pre-Medicine Concentration (B.A.)

**Mathematics and Science Department**

**Music and Fine Arts Department**
- Music (B.A.)
- Music Education (B.S.)

**Social and Behavioral Sciences Department**
- History (B.A.)
- History/American Civilization (B.A.)
Double Majors and Dual Degrees

Double Major
Sometimes it is possible to meet the requirements for two majors in one degree (BS or BA). To complete a double major, a student must meet the degree requirements for both majors. To do so may require more than the minimum 120 credit hours. No more than twelve hours of upper division work can be used to satisfy specific course requirements for both majors.

Dual Degrees
Current students who wish to complete majors in two different degrees (BS and BA) must complete at least 30 credit hours beyond requirements for the first degree and must meet all college and major requirements for each degree.

Second Degree
Previously degreed students who have been awarded a previous baccalaureate degree and pursue a second baccalaureate degree must complete at least 30 credit hours beyond the requirements for the first degree and must meet all general education and major requirements for the second degree, including residence requirements. This applies to students who received their first degree from Florida College, as well as those who received degrees from other schools.

General Requirements for the Baccalaureate Degree

Students who earn a baccalaureate degree at Florida College are required to complete at least 120 semester hours of accredited academic college work, including the 36-hour general education core, major courses, minor course, and electives, with a minimum overall cumulative grade point average (GPA) of 2.0 on all work attempted (some degree programs require a GPA higher than 2.0). A minimum grade of “C” is required for satisfactory completion of all courses identified as a major course requirement. Specific requirements for different majors are listed within the departmental section (“Courses of Instruction”) of this Catalog.

The following list will assist the student in fulfilling degree requirements.

- **Fulfill entrance requirements.** Some departments have a formal application process in addition to requirements for admission to the College.
- **Complete a minimum 120 semester hours of accredited academic college work.** This minimum does not include required physical education activities courses. Specific degree programs may require more than the minimum 120 hours.
- **Complete the 36-hour general education core.** Some degree programs may require specific courses within the general education core.
- **Complete a minimum 50 hours of upper-level work.** Some majors require more than the minimum.
- **Complete all courses or critical tasks required for the major, component areas, or required core.**
- **Complete a minor area of study if it is required in the chosen major.**
- **Maintain the minimum quality level of academic work required by the major.** Each degree program has a specific minimum GPA requirement.
- **Pass general knowledge or certification examinations.** Some majors require general competency exams specific to their areas.
- **Fulfill the residency requirement.** Each degree program has a specific residency requirement.
- **Participate in graduation exercises.** Participation in graduation exercises is a requirement for graduates in all degree programs.
Distinguishing Between the BA and the BS Degree

Traditionally and most commonly, the BA is understood to be less specialized in the major field of study than the Bachelor of Science degree and thus to offer students more choices in selecting courses. The requirements for a BA degree typically include a minor. The BS is understood as a more specialized degree, with more hours in the major field and closely related disciplines, and thus with less flexibility and breadth. The BA normally requires more coursework in the arts and humanities (including modern languages) and the social and behavioral sciences, and is likely to prepare students for graduate study in a liberal arts discipline; the BS may prepare students to move directly into scientific or technical employment or into a professional school and often includes applications or skills courses that seem less central to the liberal arts. Usually, though not universally, the requirements for a BS degree require more coursework in mathematics and laboratory sciences.
Biblical Studies Department

Faculty
Dr. McClister, Chair
Dr. Caldwell; Mr. Hamilton; Dr. Longstreth; Dr. Madrigal; Dr. Moyer; Mr. Peeler; Dr. Petty; Mr. Ward

Aims of Biblical Studies
In keeping with the College’s mission, the Biblical Studies department provides academic training through an intensive examination of the biblical text, its original languages, and its historical and social background. In addition, the program offers a study of systems of religious thought and the history of religious movements related to the Bible. The Biblical Studies department offers three majors: Biblical Studies (B.A.), New Testament (B.A.), and Biblical Education (B.S.).

Entrance Requirements
Students are eligible for admission to the Biblical Studies bachelor’s degree program at any time after being enrolled at Florida College. A written application must be submitted to the chairman of the Biblical Studies department.

Biblical Studies (BA)
Dr. McClister, Program Coordinator

Total Semester Hours
Candidates for a bachelor’s degree in Biblical Studies must complete at least 120 semester hours of accredited college work, excluding physical education activities courses. At least 50 hours must be completed at the 3000-4000 level, including major, minor, and elective courses.

General Education Requirements
Each student must complete the 36-hour general education core, three (3) hours of physical education classes, and the CAAP exam. Students pursuing the B.A. degree must take GRE 2140-2141 (Beginning Greek) in fulfillment of the language requirement. (Transfer students who have completed at least 60 semester hours, including courses that satisfy the 36-hour general education core at Florida College, will not be required to take the CAAP or PE activities courses.)

Language Requirement
Each student must complete two semesters of Beginning Greek (GRE 2140-2141) in addition to the required 36 hours in Biblical Literature.

Requirements in Biblical Literature
Requirements include at least 36 hours in the field of Biblical Literature, 30 hours of which must be at the 3000-4000 level and which must include REL 3910, REL 4217 or 4247, and REL 4901. Upper level Biblical Languages courses may be counted toward the major unless the student chooses Biblical Languages as a minor (these may also count as a daily Bible).

Lower Division Bible Prerequisites (13 hours)
- REL 1210 History and Geography of the Old Testament (2 hours)
- REL 1240 History and Geography of the New Testament (2 hours)
- REL 1780 Evidences I: General Apologetics (1 hour)
- REL 1781 Evidences II: The Biblical Text (1 hour)
- REL 2223 Introduction to the Prophets (1 hour)
- REL 2257 NT Epistles: 1 Corinthians (1 hour)
• REL 2264 NT Epistles: Ephesians/Colossians (2 hours)
• LIT 2371 Old Testament Poetry and Wisdom Literature (3 hours)

Required Core (7 hours)
• REL 3713 Introduction to Biblical Studies (3 hours)
• REL 4217 Critical Introduction to the OT OR REL 4247 Critical Introduction to the NT (3 hours)
• REL 4901 Biblical Studies Portfolio (1 hour)

Upper Division Biblical Literature (minimum 20 hours of the following courses)
• REL 3221 The Law of Moses (3 hours)
• REL 3222 OT Historical Books (3 hours)
• REL 3227 Minor Prophets (3 hours)
• REL 3231 Job (3 hours)
• REL 3249 Synoptic Gospels (3 hours)
• REL 3253 Gospel and Epistles of John (3 hours)
• REL 3256 NT Epistles: 2 Corinthians, Timothy, Titus (3 hours)
• REL 3258 NT Epistles: James, Peter, Jude (3 hours)
• REL 3260 NT Epistles: Galatians, Philippians, Philemon (2 hours)
• REL 3268 NT Epistles: Thessalonians (2 hours)
• REL 3716 Biblical Interpretation (3 hours)
• REL 4217 Critical Introduction to the OT (3 hours)
• REL 4228 OT Prophets: Major Prophets (3 hours)
• REL 4229 OT Prophets: Daniel, Zechariah (3 hours)
• REL 4247 Critical Introduction to the NT (3 hours)
• REL 4254 Romans (3 hours)
• REL 4255 Hebrews (3 hours)
• REL 4259 Book of Revelation (3 hours)
• REL 4900 Independent Directed Study in Biblical Literature (1-3 hours)
• REL 4930 Selected Topics (1-3 hours)

Church History/Religious Thought Electives (9 hours with at least 3 hours in each area)

Church History (3-6 hours of the following courses)
• REL 3503 Church History: Ancient and Medieval (3 hours)
• REL 3504 Church History: Reformation and Modern (3 hours)
• REL 3541 History of Christianity in America (3 hours)
• REL 3567 History of the Restoration Movement (3 hours)
• REL 4905 Independent Directed Study in Church History (1-3 hours)
• REL 4932 Selected Topics in Church History (1-3 hours)

Religious Thought (3-6 hours of the following courses)
• REL 3131 American Sects and Cults (3 hours)
• REL 3308 World Religions (3 hours)
• REL 3460 Philosophy of Religion (3 hours)
• REL 3719 Studies in Biblical Eschatology (3 hours)
• REL 3783 Historical Apologetics (3 hours)
• REL 3797 Studies in Catholic and Protestant Thought (3 hours)
• REL 4907 Independent Directed Study in Religious Thought (1-3 hours)
• REL 4931 Selected Topics in Religious Thought (1-3 hours)

Requirements for the Minor
Each student must complete an approved minor in an area of study other than biblical literature. Minors available for Biblical Studies majors include the following areas: Christian Apologetics; Church History/Religious Thought; Biblical Languages; Behavioral Science; Business; Communication; Education; English; History; Humanities; and Music.
Sequence of Courses
Students should complete the 13 hours of Bible prerequisites during their freshman and sophomore years. Students should complete English Composition I and II during their freshman year of college work, or before enrolling in upper level Biblical Studies courses. The Greek requirement and REL 3910 should be completed in the student’s sophomore year. All general education courses and the CAAP exam must be completed prior to the beginning of the student’s senior year. The student will take REL 4901 in the final semester of the program.

Exclusions
Special one-hour courses offered as daily Bible for non-Bible majors, or courses taken under the pass/fail option may not be counted toward the Bible major, New Testament major, or Biblical Literature component.

Quality of Work
A minimum quality point average of 2.0 overall and on all upper level work is required.

Residency
Students must complete a minimum of 32 hours of their upper level work at Florida College, at least 16 of which must be completed after the semester in which the student has earned a cumulative total of at least 90 semester hours.

Graduation Ceremony
Candidates for the Bachelor of Arts degree in Biblical Studies must participate in graduation exercises.

*REL 4217 or 4247 required

**New Testament (BA)**

Dr. McClister, *Program Coordinator*

**Total Semester Hours**

Candidates for a bachelor’s degree in New Testament must complete at least 120 semester hours of accredited college work, excluding physical education activities courses. At least 50 hours must be completed at the 3000-4000 level, including major, minor, and elective courses.

**General Education Requirements**

Each student must complete the 36-hour general education core, three (3) hours of physical education classes, and the CAAP exam. Students pursuing the B.A. degree must take GRE 2140-2141 (Beginning Greek) in fulfillment of the language requirement. (Transfer students who have completed at least 60 semester hours, including courses that satisfy the 36-hour general education core at Florida College, will not be required to take the CAAP or PE activities courses.)

**Language Requirement**

Each student must complete two semesters of Beginning Greek (GRE 2140-2141) in addition to the required 36 hours in New Testament. A second year of New Testament Greek (GRW 3250-51) is required as part of the major.

**Requirements in New Testament**

Requirements include at least 36 hours in the field of New Testament, 30 hours of which must be at the 3000-4000 level and which must include REL 1240, GRW 3250-51, REL 3910, REL 4247, and REL 4901. If the student chooses Biblical Languages as a minor, upper-level Greek courses needed for the minor may not be counted toward the major in New Testament (these may also count as a daily Bible).

**Lower Division Prerequisites (13 hours)**

- REL 1210 History and Geography of the Old Testament (2 hours)
- REL 1240 History and Geography of the New Testament (2 hours)
- REL 1780 Evidences I: General Apologetics (1 hour)
- REL 1781 Evidences II: The Biblical Text (1 hour)
- REL 2223 Introduction to the Prophets (1 hour)
- REL 2257 NT Epistles: 1 Corinthians (1 hour)
- REL 2264 NT Epistles: Ephesians/Colossians (2 hours)
- LIT 2371 Old Testament Poetry and Wisdom Literature (3 hours)

**Required Courses in Biblical Literature (7 hours)**

- REL 3713 Introduction to Biblical Studies (3 hours)
- REL 4247 Critical Introduction to the NT (3 hours)
- REL 4901 Biblical Studies Portfolio (1 hour)

**Upper Division Courses in New Testament (minimum 23 hours of the following):**

- REL 3249 Synoptic Gospels (3 hours)
- REL 3253 Gospel and Epistles of John (3 hours)
- REL 3256 NT Epistles: 2 Corinthians, Timothy, Titus (3 hours)
- REL 3258 NT Epistles: James, Peter, Jude (3 hours)
- REL 3260 NT Epistles: Galatians, Philemon, Philemon (2 hours)
- REL 3268 NT Epistles: Thessalonians (2 hours)
REL 3716 Biblical Interpretation (3 hours)
REL 4254 Romans (3 hours)
REL 4255 Hebrews (3 hours)
REL 4259 Book of Revelation (3 hours)
REL 4900 Independent Directed Study in Biblical Literature (1-3 hours)
REL 4930 Selected Topics (1-3 hours)

Requirements for the Minor

Each student must complete an approved minor in an area of study other than New Testament. Minors available for New Testament majors include the following areas: Christian Apologetics; Church History/Religious Thought; Biblical Languages; Behavioral Science; Business; Communication; Education; English; History; Humanities; Music; and Old Testament.

Sequence of Courses

Students should complete the 13 hours of Bible prerequisites during their freshman and sophomore years. Students should complete English Composition I and II during their freshman year of college work, or before enrolling in upper level Biblical Studies courses. The Greek requirement and REL 3910 should be completed in the student’s sophomore year. All general education courses and the CAAP exam must be completed prior to the beginning of the student’s senior year. The student will take REL 4901 in the final semester of the program.

Exclusions

Special one-hour courses offered as daily Bible for non-Bible majors, or courses taken under the pass/fail option may not be counted toward the New Testament major component.

Quality of Work

A minimum quality point average of 2.0 overall and on all upper level work is required.

Residency

Students must complete a minimum of 32 hours of their upper level work at Florida College, at least 16 of which must be completed after the semester in which the student has earned a cumulative total of at least 90 semester hours.

Graduation Ceremony

Candidates for the Bachelor of Arts degree in New Testament must participate in graduation exercises.

Biblical Education (BS)

Dr. McClister, Dr. Johnson, and Mr. Fannin, Program Coordinators

Total Semester Hours
Candidates for a bachelor’s degree in Biblical Education must complete at least 120 semester hours of accredited college work, excluding physical education activities courses. At least 50 hours must be completed at the 3000-4000 level, including major, minor, and elective courses.

General Education Requirements
Each student must complete the 36-hour general education core, three (3) hours of physical education classes, and the CAAP exam. Students pursuing the Bachelor of Science degree must take PSY 1012 (Introduction to Psychology) and at least one semester of natural science. (Transfer students who have completed at least 60 semester hours, including courses that satisfy the 36-hour general education core at Florida College, will not be required to take the CAAP or PE activities courses.)

Lower Division Prerequisites (19 hours)
- REL 1210 History and Geography of the Old Testament (2 hours)
- REL 1240 History and Geography of the New Testament (2 hours)
- REL 1780 Evidences I: General Apologetics (1 hour)
- REL 1781 Evidences II: The Biblical Text (1 hour)
- REL 2223 Introduction to the Prophets (1 hour)
- REL 2257 NT Epistles: 1 Corinthians (1 hour)
- REL 2264 NT Epistles: Ephesians/Colossians (2 hours)
- LIT 2371 Old Testament Poetry and Wisdom Literature (3 hours)
- EDF 2005 Introduction to Education (3 hours)
- SPC 1608 Public Speaking (3 hours)

Upper-level Requirements
Requirements for the major consist of 48 upper-level hours in Biblical Literature, Education, and Communication.

Biblical Literature (24 hours)
- REL 3713 Introduction to Biblical Studies (3 hours)
- REL 4901 Biblical Studies Portfolio (1 hour)
The remaining 20 hours will be selected from the following courses:

REL 3221  The Law of Moses (3 hours)
REL 3222  OT Historical Books (3 hours)
REL 3227  Minor Prophets (3 hours)
REL 3231  Job (3 hours)
REL 3249  Synoptic Gospels (3 hours)
REL 3253  Gospel and Epistles of John (3 hours)
REL 3256  NT Epistles: 2 Corinthians, Timothy, Titus (3 hours)
REL 3258  NT Epistles: James, Peter, Jude (3 hours)
REL 3260  NT Epistles: Galatians, Philippians, Philemon (2 hours)
REL 3268  NT Epistles: Thessalonians (2 hours)
REL 3716  Biblical Interpretation (3 hours)
REL 4247  Critical Introduction to the NT (3 hours)
REL 4228  OT Prophets: Major Prophets (3 hours)
REL 4229  OT Prophets: Daniel, Zechariah (3 hours)
REL 4217  Critical Introduction to the OT (3 hours)
REL 4254  Romans (3 hours)
REL 4255  Hebrews (3 hours)
REL 4259  Book of Revelation (3 hours)
REL 4900  Independent Directed Study in Biblical Literature (1-3 hours)
REL 4930  Selected Topics (1-3 hours)

Education (9 hours)
EDF 3122  Learning and the Developing Child (3 hours)
EDF 3251  Classroom Management (3 hours)
EDF 3430  Testing and Measurement OR EEX 3050 Survey of Special Education OR TSL 3080 Introduction to TESOL (3 hours)

Communication (9 hours)
SPC 3212  Communication Theory (3 hours)
SPC 3602  Advanced Public Speaking (3 hours)
SPC 3301  Interpersonal Communication OR SPC 3513 Argumentation and Debate (3 hours)

Required Electives (6 hours)
6 additional hours of upper-level work in Bible, Church History, Religious Thought, Education, or Communication

RECOMMENDED PLAN FOR BS DEGREE IN BIBLICAL EDUCATION (122 HOURS)

Business Department

Faculty
Mr. Greiving, Interim Chair
Mr. Barr, Dr. Burton, Dr. Dickey, Mr. Hinds, Dr. Knight, Mr. Stackpole

Aims of Business
Courses in Business Administration are designed to create general appreciation of business relationships, to develop techniques in accounting and business administration leading to upper-division courses and to meet the curriculum needs of those desiring to enter schools of advanced standing leading to their respective degrees in Business Administration.

General Requirements

Entrance Requirements
The following minimum requirements will need to be accomplished for successful admission to the business program:

- Completion of the general education requirements – Minimum GPA 2.00
- Completion of the lower division business core requirements - GPA 2.5
- Completion of the Business Program Application Form.
- Completion of the Major Field Test – Business, as a pre-test evaluation for students entering the Business Administration major, (Required second semester sophomore year)
- Submission of a two-page goals & objectives statement including at a minimum the following:
  - The desired major course of study
  - Preliminary career goals
  - The value the student will bring to the business program
- Selection and assigning of a business program academic advisor
- An interview with the business faculty to evaluate the student's preparation for junior/senior college work

Total Semester Hours
Students majoring in Business Administration, Business Administration with Specialization in Management Information Systems, or Business Administration with Specialization in Sports Management must complete a total of 121 semester hours of accredited college work, excluding physical education activity credit hours.

General Education Requirements
Complete the 36 hours of General Education core course requirements including natural science and the physical education requirement.

Quality of Work
A minimum 2.5 GPA in business courses and 2.25 GPA overall is required for the Bachelor of Science in Business Administration, Business Administration with Specialization in Management Information Systems, or Business Administration with Specialization in Sports Management.

Daily Bible Requirement
All students must take a Biblical Literature course each day that they take classes on the Florida College campus. Campus resident students must take a Bible course each day.

Residency
Students must complete 36 hours of their upper-level work at Florida College. The Strategic Management (Capstone) course must be completed at Florida College.
Major Field Test
Students must take the Major Field Test (MFT) in the last semester of their senior year. The test is given as a part of the Strategic Management (Capstone) course.

Graduation Ceremony
Candidates must participate in graduation exercises in the year of completing their other requirements. Any exception must be cleared with the Academic Dean of the College.

Business Administration Core
All students majoring in Business Administration, Business Administration with Specialization in Management Information Systems, or Business Administration with Specialization in Sports Management must complete the following core courses:

- ACG 2001 Financial Accounting
- ACG 2011 Managerial Accounting
- BUL 3320 Law and Business I
- CGS 2100 Computer Application in Business
- ECO 2013 Principles of Economics: Macro
- ECO 2023 Principles of Economics: Micro
- FIN 2100 Personal Finance
- FIN 3403 Principles of Finance
- GEB 1011 Introduction to Business Administration
- GEB 3213 Communication in Business
- MAN 3600 International Business
- MAN 3025 Principles of Management
- MAN 4701 Business Ethics and Society
- MAR 3023 Principles of Marketing

Business Administration (BS)
Mr. Greiving, Program Coordinator

Science and Mathematics Requirement (10 hours)
Students must demonstrate competency in science and mathematics. This requirement may be met by taking one semester of a laboratory science, one semester of college algebra or higher, and one semester of elementary statistics.

Business Administration Major: At least 21 hours of business courses including the following:

- INP 4004 Industrial/Organizational Psychology
- ISM 3004 Management Information Systems
- MAN 3301 Human Resource Management
- MAN 4129 Organizational Leadership
- MAN 3802 Small Business Management
- MAN 4720 Strategic Management (Capstone)
- MAN 4940 Business Administration Internship

Business Administration with a Specialization in Sports Management (BS)

Mr. Greiving, Program Coordinator

Science and Mathematics Requirement

Students must demonstrate competency in science and mathematics. This requirement may be met by taking two semesters of a laboratory science (BSC 2085 Anatomy I & BSC 1005 Biological Principles), one semester of college algebra or higher, and one semester of elementary statistics.

Sports Management Specialization: At least 24 hours of business courses, to include the following:

- APK 3004 Introduction to Kinesiology
- MAN 4720 Strategic Management (Capstone)
- MAN 4940 Business Administration Internship
- PET 3251 Sports in American Society
- PET 3613C Athletic Training Techniques
- PET 3765 Principles of Coaching
- PSY 4832 Sports Psychology
- SPM 4154 Organization and Administration of Sports

RECOMMENDED PLAN FOR BS DEGREE IN BUSINESS ADMINISTRATION/SPORTS MANAGEMENT (125 HOURS)

Communication, English, and Languages Department

Faculty
Dr. Johnson, Chair
Communication: Dr. Johnson; Mrs. Trigg; Mrs. Yoho
English: Mrs. Atherton; Mrs. Chandler; Mrs. Crump; Dr. MacDonald; Mrs. Witherington
Languages: Mrs. Chandler; Dr. Madrigal; Dr. McClister

The Communication, English, and Languages Department offers three majors: Communication (BA), Organizational Communication (BA), and English (BA).

Communication (BA)
Dr. Johnson, Program Coordinator

Aims of the Communication Program
Courses in communication are designed to create an appreciation for communication theory and practice, to develop communication skills and techniques such as persuasion and relational maintenance, and to promote best practices within the communication arts and sciences. Courses are designed to meet curriculum needs and the needs of those desiring to enter schools of advanced standing leading to a degree in the communication discipline.

Entrance Requirements
The following minimum requirements will need to be accomplished for successful admission to the Communication BA program:

- Completion of the general education requirements – Minimum GPA 2.00
- Successful completion of all requirements for Associate of Arts degree and the CAAP exam.
- Completion of the Communication Program application form
- Submission of a goals and objectives statement including:
  - Desired major course of study
  - Preliminary career goals
  - Career assessment (through Advising Office)
- Selection and assigning of a Communication program academic advisor

Total Semester Hours
Students planning for the Bachelor of Arts in Communication must complete a total of 120 semester hours of accredited college work, excluding physical education activities courses. At least 50 credit hours must be completed at the 3000-4000 level, including the major, minor, and electives.

General Education Requirements
Each student must complete the 36-hour general education core, three (3) hours of physical education classes, and the CAAP exam. Communication majors will complete two semesters of a modern language (or test out of the beginning semester). PSY 1012 and SYG 2411 are recommended to fulfill the behavioral science requirements.

Degree Requirements
Graduates with the Bachelor of Arts in Communication will complete a total of 120 semester hours, including the Associate in Arts degree. The degree requires two semesters of a foreign language, three credits of physical education, and passing all components of the CAAP examination. The Communication degree also
requires a minor from those offered by the College. Graduates will complete at least 50 hours at the 3000 and 4000 level.

Prerequisites: All are required (9 hours)

Requirements for the Minor
Students pursuing a major in Communication must also complete a minor in an approved area such as: Christian Apologetics, Behavioral Science, Biblical Literature, Church History/Religious Thought, Biblical Languages, Business Administration, Education, English, History, Humanities, and Music.

Quality of Work
A minimum GPA of 2.5 in communication courses is required.

Residency
Students must complete 36 hours of their upper-level work at Florida College in order to receive the Bachelor of Arts degree in Communication. The capstone course must be completed at Florida College.

Graduation Ceremony
As is customary with Florida College, candidates for the Bachelor of Arts in Communication must participate in graduation exercises in the year of completing their other requirements. Any exceptions must be cleared with the Academic Dean of the College.

**Organizational Communication (BA)**

Dr. Johnson, *Program Coordinator*

**Aims of the Organizational Communication Program**

The BA in Organizational Communication offers a flexible choice for students interested in the more communication-oriented jobs in the business discipline. The degree program combines the study of communication with select courses in business.
Total Semester Hours
Candidates for the degree must complete at least 128 semester hours of accredited college work, excluding physical education activities courses. At least 51 hours must be completed at the 3000-4000 level.

General Education Requirements
Each student must complete the 36-hour general education core, three (3) hours of physical education classes, and the CAAP exam. At least six hours of foreign language are required.

Quality of Work
A minimum GPA of 2.5 on all upper level work is required.

Residency
Students must complete a minimum of 36 hours of their upper level work at Florida College in order to receive the BA in Organizational Communication.

Graduation Ceremony
Candidates for the BA degree must participate in graduation exercises.

Prerequisites
- COM 2000  Introduction to Communication
- GEB 3213  Communication in Business
- SPC 1608  Public Speaking
- SPC 2050  Voice and Diction

Required Courses: Majors must complete all the following (33 hours)
- COM 3120  Organizational Communication
- COM 3160  Writing for the Communication Professions
- GEB 3213  Communication in Business
- MAN 4701  Business Ethics and Society
- PUR 3000  Fundamentals of Public Relations
- SPC 3301  Interpersonal Communication
- SPC 3311  Social Media for Professionals
- SPC 3602  Advanced Public Speaking
- SPC 4540  Persuasion
- COM 3945  Internship in Communication
- SPC 4958  Capstone in Communication

Elective Courses: Seven additional courses must be selected from the following list in consultation with an advisor (21 hours)
- BUL 3320  Law and Business I
- INP 4004  Industrial/Organizational Psychology
- MAN 3025  Principles of Management
- MAN 3301  Human Resource Management
- MAN 3600  International Business
- MAN 3802  Entrepreneurship and Small Business Management
- MAN 4129  Leadership Studies
- MAR 3023  Principles of Marketing
- MMC 3602  Mass Communication and Society
- PPE 4003  The Psychology of Personality
- SOP 4004  Social Psychology
- SPC 3513  Argumentation and Debate
- SPC 4683  Rhetorical Approaches to Media
- SPC 4710  Intercultural Communication
- SPC 4905  Directed Study in Communication

English (BA)
Mrs. Atherton, Program Coordinator

English Faculty: Mrs. Atherton, Mrs. Chandler, Mrs. Crump, Dr. MacDonald, Mrs. Witherington

Aims of the English Program
The English BA program provides students the opportunity to develop critical reading, thinking, analytical, and communication skills through the study of American, British, and world literatures, as well as English language studies. Students will explore and discuss writers and texts from a range of literary periods and genres, understand connections between works and their cultural and historical context, and improve research and expository skills. Students in this program have a unique opportunity to study writers and works with faculty who respect the biblical perspective and apply biblical principles to the analysis of those works, as well as learn fundamental techniques of literary analysis which will improve their own understanding of biblical texts. The English program helps students develop the thinking skills and values needed for careers in journalism, public relations, education, business, publishing, editing, and law and other graduate studies.

Entrance Requirements
The following minimum requirements must be met for admission to the English BA program:
- Submission of a written application to the Program Coordinator
- Minimum GPA of 2.5

Students may apply for provisional acceptance after completing Freshman Composition I (ENC 1101 or its equivalent) and one approved literature survey course.

Total Semester Hours
Candidates must complete a minimum of 120 semester hours of accredited college work, excluding physical education activities courses. At least 51 hours must be completed at the 3000-4000 level, including major, minor, and elective courses.

General Education Requirements
Students must complete the 36-hour general education core, three (3) hours of physical education classes, and the CAAP exam. Students pursuing the BA must complete two semesters of foreign language. Transfer students who have completed at least 60 semester hours, including courses that satisfy the 36-hour general education core at Florida College, will not be required to take the CAAP or PE activities course work.

Quality of Work
A minimum GPA of 2.5 in English coursework and a minimum GPA of 2.25 overall are required.

Residency Requirement
Students must complete a minimum of 32 semester hours of upper level work at Florida College. For all students, online course work is not normally accepted in the major.

Graduation Ceremony
Candidates for the BA degree in English must participate in graduation exercises.

Requirements for the Major in English
The English major will complete 9 hours of English prerequisites, 30 hours of specified 3000-4000 English courses, and an approved minor area of study.

Lower Division Prerequisites (9 hours)
(May be included in Gen Ed humanities requirement)
AML 2010 American Literature 1: Colonial Period-1865
Courses of Instruction

AML 2020  American Literature 2: Civil War – Present
ENL 2010  Major Figures in English Literature: Medieval - 1660
ENL 2020  Major Figures in English Literature: 1660 – Early 20th Century

Upper-level Requirements (30 hours)
Must include 6 hours in American literatures, 15 hours in British literatures, 6 hours in English language and cultural studies, and 3 hours in world literatures. Students seeking to substitute courses within each category must receive departmental approval.

American literatures (6 hours)
AML 3311 Selected Topics in American Literature
AML 4233 Amer. Realism & Naturalism

British literatures (15 hours)
ENL 3210 Medieval British Literature
ENL 3333 Shakespearean Drama
ENL 4240 Romantic Literature
LIT 3031 Selected Topics in Poetry
ENL 4251 Studies in 19th C. British Lit

English language and cultural studies (6 hours)
ENG 3063 Advanced Grammar
ENG 4060 Hist. of the English Language

World literatures (3 hours)
LIT 3103 Selected Topics in World Lit

Requirements for the Minor
Each student must complete an approved minor in an area other than English. Approved minors include Behavioral Science, Biblical Languages, Biblical Studies, Business, Church History / Religious Thought, Christian Apologetics, Communication, Education, History, Humanities, Music, or Old Testament. See Minors in Catalog for specific course requirements.

Education Department

The Elementary Education program is accredited by the Florida Department of Education. Graduates from this program are eligible to apply for K-6 teacher certification with the English for Speakers of Other Languages (ESOL) endorsement in the state of Florida.

Faculty
Mr. Tim Fannin, Chair
Mrs. Andrea Hastings, Dr. Ray Madrigal, Mrs. Suzanne Roberts
Dr. Phillip Duren, Mr. Matthew Grant, Dr. Douglas Northcutt, Mrs. Anna Price

Aims of Elementary Education
The aims of the Education Department of Florida College are to: (a) share in fulfilling the mission and philosophy of Florida College, (b) facilitate the development of professional knowledge and skills in those who will be teaching others, and (c) prepare graduates to meet the State of Florida certification requirements and become productive members of their chosen educational institutions and communities.

Elementary Education (BS)
Mr. Fannin, Program Coordinator

This program is highly structured; therefore students should carefully follow the scheduling of the four-year plan to avoid extending the time required for degree completion. Any alternative coursework must be approved by the Program Coordinator. All alternative coursework must closely align with Florida College courses requirements in order to be considered for approval.

Total Semester Hours
General academic and education specific coursework totals 112 credit hours. This does not include hours earned from daily Bible class requirements,

General Education Requirements
Students must complete the 36-hour general education core, and three (3) hours of physical education classes—The following specific course in the general education core are required of elementary education majors:

Lower-Division Courses (minimum of 53 credit hours and daily Bible)

SSE 3313  Methods of Teaching Social Science in the Elementary School (3)
TSL 3080  Introduction to TESOL (3)
TSL 4081  TESOL Issues and Practices (3)

Daily Bible Requirement
As an integral part of coursework, the Department requires all Elementary Education majors to complete a series of Critical Tasks and Critical Exams in order to demonstrate mastery of all state standards. Successful completion of these tasks and exams is required for graduation and state certification eligibility. For details, see the Elementary Education Student Handbook.

Quality of Work

Admittance Requirements

- 2.50 GPA or higher
- Passing score on the General Knowledge (GKT) Florida Teacher Certification Exam

Graduation Requirements

- 2.50 GPA or higher
- A grade of “C” or better for all required courses (with the exception of daily Bible courses)
- Passing score on the Professional Educator Florida Teacher Certification Exam
- Passing Score on the Elementary Education (K-6) Subject Area Florida Teacher Certification Exam

Daily Bible Requirement
Students are required by College policy to attend daily Bible classes with the exception of the final internship semester. During the internship, students complete a one credit weekly Bible seminar.
Residency
Students must complete 36 semester hours of their upper-level work at Florida College in order to receive the Bachelor of Science degree in Elementary Education.

Commencement
Candidates for the Bachelor of Science degree in Elementary Education must participate in Commencement in the year of completing their other requirements. Any exceptions must be cleared with the Academic Dean of the College.

Pass FTCE BASIC SKILLS EXAM (GKT) for admission to Elementary Education BS program. Apply for admission.

Take FTCE (Professional Education and/or Subject Area) EXAM and pass (required for graduation)
Liberal Studies Department

Faculty
Dr. Mark Bingham, Chair
Mrs. Atherton, Dr. Barlar, Mr. Barr, Dr. Burton, Dr. Crispell, Mrs. Crump, Dr. Dickey, Mr. Fannin, Mr. A Greiving, Mr. P. Greiving, Mr. Hamilton, Mr. Hammontree, Ms. Hinds, Dr. Johnson, Dr. Longstreth, Dr. MacDonald, Dr. McClister, Dr. Madrigal, Dr. Moyer, Mr. Peeler, Dr. Petty, Mrs. Roberts, Mrs. Trigg, Mrs. Witherington

Liberal Studies Mission Statement
The fourfold aim of the general education Associate in Arts program at Florida College is to prepare students spiritually, intellectually, socially, and physically. This philosophy develops naturally into a liberal studies program at the baccalaureate degree level. However, the Liberal Studies program at Florida College is designed to advance well beyond the general education requirements in preparing students for all areas of life, including family, church, and community, as well as for advancement in a variety of careers and academic programs. By emphasizing breadth of study rather than a single discipline, the Bachelor of Arts degree with a major in Liberal Studies encourages students to develop a broad understanding of a variety of disciplines, while they cultivate the abilities to read perceptively, think critically, write precisely, and speak effectively. Liberal Studies majors acquire a deeper understanding of the past, of contemporary life, of the relationship between the natural and social orders from both an academic and a biblical perspective. They also develop an appreciation for the traditions of the past, the peoples of the present, the opportunities of the future, and the God who is over all.

Liberal Studies (BA)
Dr. Bingham, Program Coordinator

Entrance and General Education Requirements
Students majoring in Liberal Studies must have completed the AA degree at Florida College, or the equivalent elsewhere. (To be considered “equivalent” to the AA, a transfer student’s work must include at least 60 semester hours, excluding Physical Education activities, and must include courses that satisfy the 36-hour General Education Core at Florida College.) The CAAP exam normally required for an AA degree at Florida College will not be required of the student who has earned an AA degree or its equivalent elsewhere before being admitted into the Florida College Liberal Studies program.

Total Semester Hours
Students planning for the Bachelor of Arts degree with a Liberal Studies major must complete a total of 120 semester hours of accredited college work, with a total of 51 hours at the 3000 or 4000 level. Physical Education activities courses will not be counted toward the 120-hour total; courses taken under the pass-fail option will not apply toward the 51-hour total.

Language Requirement
The Liberal Studies major requires that a student complete two semesters of a foreign language.

Daily Bible Requirement
All students living on campus and off-campus students enrolled in more than six credit hours must take a Biblical Literature course each day that they take classes on the Florida College campus.

Extracurricular Activities
Students are encouraged to participate each semester in at least six different kinds of extracurricular activities, life-enrichment activities, field trips, and community service projects as part of the Liberal Studies program.
Upper-Level Course Requirements

Students majoring in Liberal Studies may choose between the following tracks, and must complete the upper-division course requirements specific to the track chosen. Both tracks require students to complete a twelve-hour component in Biblical Literature by taking a total of 12 semester hours at the 3000 and/or 4000 level, whether in four three-hour courses or through a combination of one, two, and three-hour courses. Acceptable courses in Biblical Literature are listed below under the heading “Courses from Various Disciplines.” Courses taken under the pass-fail option will not apply toward the 12-hour Biblical Literature component of the major.

Because the Liberal Studies major is designed to be interdisciplinary, students in the program must select component areas from clearly distinct disciplines. The disciplines for which courses are listed below are considered sufficiently distinct. Other component areas must be approved by the Chair of Liberal Studies.

Track 1 – Leading to the Bachelor of Arts with a Liberal Studies Major

In addition to the Biblical Literature component, students must complete 39 hours at the 3000 and/or 4000 level. These hours must include a single three-hour Great Books course (HUM 3224 – Ancient Greece through the Renaissance). The student may choose to complete the additional 36 hours in one of two ways: at least eighteen hours (normally six courses, each with at least three hours of course credit) in each of two component areas, or at least twelve hours (at least four courses of three or more credits each) in each of three component areas.

Track 2 – Leading to the Bachelor of Arts with a Liberal Studies Major with Great Books

In addition to the Biblical Literature component, students must complete 39 hours at the 3000 and/or 4000 level, in part by completing four courses (of three or more semester hours’ credit) in each of three component areas. The four-semester sequence of Great Books courses constitutes one of these components for every student in this track; the other two components are chosen by the student. The remaining three upper-division hours required for the degree may be fulfilled with the senior thesis course or an additional upper-level three-semester-hour course in one of the student’s selected components.

For either track, up to twelve hours in one of the component areas may be completed at another accredited college or university. However, plans to take part or all of a component elsewhere must be approved by the department and written into the student’s graduation plan before he or she registers for the courses. Three semester hours of directed studies may be counted toward the completion of any component. Every course taken as a directed study must be approved by the faculty member who will direct it, by the department, and by the Dean, before the student registers.

Honors Curriculum

Liberal Studies majors who choose Track 2 will achieve the distinction of having completed the Honors Curriculum if they complete the senior thesis course successfully and if they finish the Liberal Studies program with a 3.00 grade point average (overall and in upper-level courses), with no upper-level grade lower than C. The senior thesis course (IDS 4950, described below) requires the student to prepare a portfolio of his or her upper-level work (curricular and extracurricular), to produce a substantial interdisciplinary thesis, and to present material from the thesis project in a public forum.

Pre-Law and Pre-Medicine

Students preparing for law school or for medical school (or to pursue professional training in other health fields) can customize an interdisciplinary program of study within the Liberal Studies major, selecting relevant upper-division courses in such disciplines as English, History, and Communication (for pre-law) or Health Sciences and Behavioral Science (for pre-medicine), as well as Biblical Literature. This Bachelor of Arts degree program offers students considerable flexibility as they prepare for the professional school application process and for the appropriate admissions examinations.

For an extra mark of distinction, the pre-professional student can choose to complete the Honors Curriculum described above.
Quality of Work
A minimum quality point average of 2.25 both overall and on all upper-level work is required for the Bachelor of Arts degree with a major in Liberal Studies.

Residency
Students must complete 36 semester hours of their upper-level work at Florida College in order to receive the Bachelor of Arts degree with a major in Liberal Studies.

Graduation Ceremony
Candidates for the Bachelor of Arts degree in Liberal Studies must participate in graduation exercises in the year of completing their other requirements. Any exceptions must be cleared with the Academic Dean of the College.

Courses in Liberal Studies
- IDS 4905 Directed Study in Liberal Studies
- IDS 4950 Liberal Studies Senior Thesis

Courses from Various Disciplines
Because of the interdisciplinary nature of the Liberal Studies program, courses are located throughout the various curricula of the College. The courses below are listed with the disciplines available at Florida College as Liberal Studies areas of concentration:

Behavioral Science
- CLP 4143 Abnormal Psychology
- DEP 4004 Developmental Psychology
- EDF 3122 Learning and the Developing Child
- EDF 3430 Testing and Measurement in Education
- INP 4004 Industrial/Organizational Psychology
- PPE 4003 The Psychology of Personality
- PSY 4832 Sports Psychology
- PSY 4905 Independent Directed Study in Psychology
- SOP 4004 Social Psychology

Biblical and Ancient Languages
- GRW 3250 NT Greek I
- GRW 3251 NT Greek II
- GRW 4242 Advanced New Testament Greek I
- GRW 4253 Advanced New Testament Greek II
- REL 4909 Independent Directed Study in Biblical Languages: Greek

Biblical Literature
Note that courses taken under the pass/fail option will not apply toward either the Biblical Literature component or the 51-hour minimum for upper-division course work.
- REL 3221 Law of Moses
- REL 3222 Old Testament Historical Books
- REL 3227 Old Testament Prophets - Minor
- REL 3231 The Book of Job
- REL 3249 The Synoptic Gospels
- REL 3253 Gospel and Epistles of John
- REL 3256 New Testament Epistles - II Corinthians, I & II Timothy and Titus
- REL 3258 New Testament Epistles - James, 1 & 2 Peter, Jude
- REL 3260 New Testament Epistles - Galatians, Philemon, Philippians

Mathematics and Science Department

Faculty
Mr. Chandler, Chair
Mathematics Faculty: Mrs. Andrea Hastings, Mrs. Annetta Hastings, Mrs. Jones, Mr. Main
Science Faculty: Mr. Chandler, Mr. Coffman, Dr. Northcutt, Dr. Wilemon

Pre-Professional Health Sciences
Mr. Chandler, Program Coordinator

Students preparing for a health professional program that requires significant study in biology (e.g. medicine, dentistry, pharmacy, optometry, veterinary) should choose the Liberal Studies major and customize an interdisciplinary program of study within that major. Courses in Pre-Professional Health Sciences constitute an appropriate component in the student’s Liberal Studies program.

Students entering programs that do not require as much advanced biology (chiropractic, DPTs, OT, etc.) may choose any major. The BA in Liberal Studies is still a viable choice, but students may also wish to consider other majors. The student should work with the Program Coordinator of the Pre-Professional Health Sciences track and with the Chair of the major program as s/he selects courses.

Music and Fine Arts Department

Faculty
Dr. D. Barlar, Chair
Mrs. Barlar, Dr. N. Barlar, Dr. Bassett, Mr. Garth, Mr. Moore, Mr. Payne, Mr. Rainwater

Aims of Music and Fine Arts
The Music and Fine Arts Department offers courses of instruction in art, drama, and music.

Music Program Mission Statement
The Florida College Music program provides courses leading to bachelor's degrees in music and music education, as well as learning and performing opportunities for students with majors in other areas, in a context appropriate to the college's overall emphasis on spiritual, mental, physical, and social development.

Accreditation
Florida College is accredited by the National Association of Schools of Music to offer the Bachelor of Arts in Music and the Bachelor of Science in Music Education.

Entrance Requirements for all Music or Music Education Majors
Students who have been admitted to Florida College must also complete an application to be accepted into the major. The application process includes an audition/interview with the applied lesson faculty member(s) before registering for principal-level lessons. Acceptance status as a music major will be provisional until the successful completion of two semesters of applied lessons, including juries indicating readiness to proceed to the next level and recital performance(s) each semester, and the successful completion of the first two semesters of Music Theory and Aural Theory with a grade of C or better. All music students must pass a barrier jury before being permitted to register for applied music lessons at the 3000 level. Transfer students will have their transcripts evaluated by the Registrar and the Chair of the Department before being admitted to the program.

Admission to the Music Education Program
In order to be admitted to the Music Education program, typically by the beginning of the junior year of college and before taking upper-division music education courses, students must have a grade point average of at least 2.5 on a 4.0 scale on all general education and music courses, no grades below C on music courses, and must pass the General Knowledge Test (GKT) of the Florida Teacher Certification Examination. All requirements for admission to music education must be met before the student will be allowed to intern.

Total Semester Hours
The Bachelor of Arts in Music requires at least 120 semester hours of accredited college work, which includes the general education core, the required music core of at least 57 hours and physical education requirements. The Bachelor of Science in Music Education requires additional coursework in Professional Education (20 hours) and Music Education (17 hours), including a semester-long internship, for a total of approximately 150 hours.

General Education Core Requirements
Students must complete thirty-six (36) hours of general education requirements and three (3) hours of physical education classes as described in the Florida College catalog. Physical Education activities courses will not be counted toward the 120-hour total.
Special Requirements
The Bachelor of Arts in Music requires students to demonstrate competency in a foreign language. This requirement may be met by passing two semesters of the same language or by an approved competency examination (IB, CLEP or AP.)

All music majors are required to keep a portfolio of their musical activities, which will be checked at the end of each semester and before graduation. New students will receive instructions as to what must be included.

Registration for MUS 1010 Recital Attendance is required when a student registers for applied lessons.

Students desiring the AA degree and wishing to meet the prerequisites for junior standing in music at another institution will need to plan carefully with the advisor. Music as a major is different from many fields in that students follow a sequence of courses in their major that usually requires at least four years from the time they begin Music Theory. The recommended program of studies may be an overload for some students.

Students wishing to receive the A.A. are required to take the CAAP.

Completion of the Bachelor of Science in Music Education requires students to pass the Professional Education and Music K-12 subject area components of the Florida Certification Exam.

Quality of Work
The Bachelor of Arts in Music requires a grade of C or above in all music courses, at least a 2.5 GPA in music courses, and a 2.25 GPA overall.

The Bachelor of Science in Music Education requires a grade of C or above in all music and education courses, at least a 2.5 GPA in music and education courses, and a 2.25 GPA overall.

Residency Requirement
Students must be in residence at Florida College for at least two semesters during the completion of 30 hours of upper division work including at least 16 hours of upper-level music classes, one year of applied music lessons and the senior recital.

Graduation Ceremony
Candidates for the Bachelor of Arts in Music or the Bachelor of Science in Music Education must participate in graduation exercises. Exceptions may be approved only by the Academic Standards Committee.

Music Core
The Music core includes the following:

Music Theory ................................................................................................................................................. 16 hours
MUT 1111, 1241, 1112, 1242, 2116, 2246, 2117, 2247

Music History ..................................................................................................................................................... 15 hours
MUL 1110, MUH 3211, 3212, 4371, 4633

Applied Lessons .................................................................................................................................................. 12 hours
Principal applied lessons for 2 hours credit per semester at the 1000-4000 level

Senior Recital .................................................................................................................................................... 1 hour
Recital consisting of at least 30 minutes of music

Major Ensembles ........................................................................................................................................... 6 hours
Recital consisting of at least 30 minutes of music

Major Ensembles ........................................................................................................................................... 6 hours
Chorus, Piano Ensemble, Wind Ensemble or String Ensemble. Students must enroll in the major ensemble that matches their principal instrument, e.g. string players must be in String Ensemble, wind and percussion players must be in Wind Ensemble, vocalists must be in Chorus and pianists must be in Piano Ensemble. Guitar majors may use Jazz Ensemble as their major ensemble.

Class Piano for Music Majors (if not a piano principal) ................................................................................... 2 hours
MVK 1111 and 1112. Students with prior piano lesson experience may take private instruction or pass a piano proficiency examination.

Voice Class (if not a voice principal) ................................................................................................................ 1 hour
MVV 1111

Conducting 4 hours

Social and Behavioral Science Department

Faculty
Dr. Crispell, Chair
Dr. Caldwell, Dr. Dickey, Mr. Greiving, Dr. Petty, Dr. Walker

Aims of Social and Behavioral Sciences
The aim of the Social and Behavioral Sciences Department is to assist students in becoming more well-rounded American citizens and disciples in the Lord’s kingdom, based on a thorough consideration of individuals, civilizations and events both past and present. Students pursuing studies in this department will develop as more effective servants of God and mankind, as they grow in their understanding of the social world and their own academic development—which includes reading broadly, thinking critically, and honing vital communication skills.

Social Science helps students understand the present by focusing on the people and events of the past that have shaped it, as well as the institutions, values and interactions of contemporary society. The cultural, economic, sociological, and political aspects of global affairs are discussed through academic disciplines including history, economics, sociology and political science.

Behavioral Science encompasses the study of the motivations, limitations and potential of human activity, through such disciplines as psychology, social work and sociology. In seeking to understand the dynamics of individual choices that, collectively, become societal norms, students are brought to a better understanding of the “how” and “why” of human behavior and social activities.

The Social and Behavioral Science Department currently offers a major in History (BA) and a concentration in American Civilization (BA).

History (BA)
Dr. Crispell, Program Coordinator

Studying the past, especially the history of the Western Civilization and the United States, is foundational to an American liberal arts education. Focusing on social values, political institutions, intellectual forces, religious movements, and individuals constituting our exceptional heritage comprises an academic endeavor simply essential to helping our students understand how all disciplines of learning are interrelated.

While this degree has traditionally been acknowledged as a strong foundation for teaching, studies in law and other professional fields, as well as museum and archival work, it also equips students for work and service in other fields. The development of analytical and critical thinking, as well as research, writing and oral communication skills—so central to scholarly life and, certainly, to the completion of this degree program—are just as valuable for employment outside the academy.

Entrance Requirements
A written letter of application must be submitted to the chairman of the Social and Behavioral Science Department. The academic background and preparation of the applicant will be carefully considered. An interview may be requested.

Total Semester Hours
Candidates for the BA in History must complete at least 120 semester hours of accredited college work, excluding physical education activities courses. At least 51 hours must be completed at the 3000-4000 level, including major, minor, and elective courses.

General Education Requirements
Each student must complete the 36-hour general education core, three (3) hours of physical education classes, and the CAAP exam. Two semesters of foreign language are required. (Transfer students who have
completed at least 60 semester hours, including courses that satisfy the 36-hour general education core at Florida College, will not be required to take the CAAP or PE activities courses.)

Language Requirement
The History major requires that a student complete two semesters of a foreign language.

Daily Bible Requirement
All students living on campus and off-campus students enrolled in more than six credit hours must take a Biblical Literature course each day that they take classes on the Florida College campus. For history majors this requirement may not be fulfilled with pass/fail courses.

Requirement for the Major in History
History majors will complete the 12 hours of history prerequisites, 30 hours of 3000-4000 history courses, and an approved minor area of study.

Prerequisites (12 hours)
- AMH 2010  American History: 1607-1865
- AMH 2020  American History: 1865-present
- EUH 1000  Western Civilization: Beginnings-1660
- EUH 1001  Western Civilization: 1660-present

Required Core Courses (9 hours)
Both of the following:
- AMS 4811  American Intellectual History: 1607-1865
- AMS 4812  American Intellectual History: 1865-present

One of the following:
- AMH 4172  Civil War (Senior Seminar)
- AMH 4254  America and the Second World War (Senior Seminar)

Core Electives (21 hours)
Select any seven (7) of the following courses:
- AMH 3130  Revolutionary Era, 1765-1789
- AMH 3170  The American Civil War and Reconstruction
- AMH 3201  Theodore Roosevelt’s America
- AMH 3543  The Pacific War
- AMH 3621  History of Christianity in America
- AMH 3622  History of the Restoration Movement
- AMH 4172  The Civil War Era, 1861-1865
- AMH 4254  America and the WWII Experience, 1939-1945
- AMS 4905  Directed Study in American History
- ASH 3230  History of the Middle East
- EUH 3245  Europe from 1914 to 1945
- EUH 3401  History of the Greek World
- EUH 3411  History of the Roman World
- REL 3503  Church History: Ancient and Medieval
- REL 3504  Church History: Reformation and Modern Post-1945 America

Minor
Each student must complete an approved minor in an area of study other than History. Minors available for History majors include the following areas: Biblical Studies; Christian Apologetics; Church History/Religious Thought; Biblical Languages; Behavioral Science; Business; Communication; Education; English; Humanities; Music; and Old Testament

Quality of Work
A minimum quality point average of 2.5 overall and on all upper level work is required.
Residency
Students must complete a minimum of 36 hours of their upper level work at Florida College in order to receive the BA in History. For all students, on-line course work is not permitted unless express permission is granted by the department chair.

Graduation Ceremony
Candidates for the BA in History must participate in graduation exercises.

**History/American Civilization (BA)**

Dr. Crispell, *Program Coordinator*

This concentration is an interdisciplinary program of study that aims to ground students in the values and virtues of our American civilization, animating its basic elements and solidifying its foundations. Students graduating from the College with a degree in American Civilization will be trained in research, writing, and critical/analytical thinking, while studying the contextual foundation for our society.

**Entrance Requirements**

A written letter of application must be submitted to the chairman of the Social and Behavioral Science Department. The academic background and preparation of the applicant will be carefully considered. An interview may be requested.

**Total Semester Hours**

Majors in American Civilization must complete at least 120 semester hours of accredited college work, excluding physical education activities courses. At least 51 hours must be completed at the 3000-4000 level, including major core and elective courses.

**General Education Requirements**

Each student must complete the 36-hour general education core, three hours of physical education classes, and the CAAP exam. Two semesters of foreign language are required. (Transfer students who have completed at least 60 semester hours, including courses that satisfy the 36-hour general education core at Florida College, will not be required to take the CAAP or PE activities courses.)
Language Requirement
The American Civilization concentration requires that a student complete two semesters of a foreign language.

Daily Bible Requirement
All students living on campus and off-campus students enrolled in more than six credit hours must take a Biblical Literature course each day that they take classes on the Florida College campus.

Prerequisites
AMH 2010 American History: 1607-1865
EUH 1000 Western Civilization: Beginnings-1660
AMH 2020 American History: 1865-Present or EUH 1001 Western Civilization: 1660-Present
Two semesters of foreign language
Completion of A.A. requirements at Florida College, or equivalent courses
A 2.50 grade point average

Core Program Requirements

Biblical Literature
12 hours of 3000-4000 level courses (no P/F option courses)

Great Books (3 hours)

American Civilization core (33 hours)
AMH 3130 Revolutionary America, 1765-1789
AMH 3170 The American Civil War and Reconstruction
AMH 3201 TR’s America, 1880-1912
AMH 4254 America and the WWII Experience, 1939-1945
AMH 4172 The Civil War Era, 1861-1865
AMH 3543 The Pacific War
AMS 4811 American Intellectual History: 1607-1865
AMS 4812 American Intellectual History: 1865-present
EUH 3401 History of the Greek World
EUH 3411 History of the Roman World

Post-1945 America
Electives (12 hours)
AMH 3621 History of Christianity in America
AMH 3622 History of the Restoration Movement
AML 2010 American Literature, Colonial to 1865
AML 2020 American Literature, 1865-Present
ASH 3230 History of the Middle East
EUH 3245 Europe from 1914 to 1945
REL 3503 Church History: Ancient and Medieval
REL 3504 Church History: Reformation and Modern

Core Education Courses
Great Books
American and British Literature
Internship

Quality of Work
A minimum quality point average of 2.5 overall and on all upper level work is required.

Residency
Students must complete a minimum of 36 hours of their upper level work at Florida College in order to complete the BA in History. For all students, on-line course work is not permitted unless express permission is granted by the department chair.
Graduation Ceremony
Candidates must participate in graduation exercises.

**RECOMMENDED PLAN FOR BA DEGREE IN HISTORY/AMERICAN CIVILIZATION (123 hours)**

*Electives: Great Books, Internship (Year Four), Upper Division Education, Religious History*
Minors

In addition to the major area of study described above, students in some majors are required to complete one of the minors listed below. A student may elect to meet the requirements of two majors in lieu of a minor.

**Behavioral Science**

The minor in Behavioral Science consists of 18 hours at the 3000-4000 level. At least three of the following courses must be included: CLP 4143, SOP 4004, PPE 4003, INP 4004, DEP 4005. Other courses counting toward the minor are EDF 3122, EDF 3430, PSY 4905.

**Biblical Languages**

The minor in Biblical Languages consists of at least 18 hours of Biblical Languages courses (6 hours at the 3000–4000 level).

**Biblical Studies**

The minor in Biblical Studies consists of at least 18 hours in Biblical Literature (12 hours at the 3000-4000 level). Courses taken under the pass/fail option do not fulfill the requirements for the minor.

**Business**

The minor in Business consists of at least 18 hours of Business courses including ACG 2001; ACG 2011; GEB 1011; BUL 3320; MAN 3025; and MAR 3023.

**Church History/Religious Thought**

The minor in Church History/Religious Thought consists of at least 18 hours including 6 hours in Church History at the 3000-4000 level and at least 6 hours in Religious Thought at the 3000-4000 level.

**Christian Apologetics**

The minor in Christian apologetics consists of at least 17 hours, including REL 1780, REL 1781, PHI 1010, REL 3460, REL 3783, and at least two (2) of the following courses: REL 3131, REL 3308, REL 4217* or REL 4247* (*the critical introduction course chosen for the minor in apologetics cannot be the same one chosen for the major in biblical literature).

**Communication**

The minor in Communication consists of at least 18 hours in Communication including COM 2000 and at least 12 hours at the 3000-4000 level (excluding capstone or internship courses).

**Education**

A minor in Education consists of at least 18 hours in Education, including 12 hours from the following: EDF 3122; EDF 3251; EDF 3430; EDF 4905; EEX 3050; and LAE 3414.
English
A minor in English consists of 18 hours of English, including 6 hours chosen from the following survey courses: AML 2010; AML 2020; ENL 2010; ENL 2020; a combination of 12 hours of 3000-4000 level English courses (taken after the proper prerequisites have been met or with instructor’s permission). A grade of “C” must be earned on all coursework to be figured toward the minor in English. At least 12 hours of coursework for the minor must be taken at Florida College.

History
A minor in History consists of 18 hours including 6 hours chosen from the following survey courses: AMH 2010, 2020, EUH 1000, 1001; a combination of 12 hours of 3000-4000 level history courses (taken after the proper prerequisites have been met or with instructor’s permission). Either AMS 4811 or AMS 4812 is required to complete the minor in history. A grade of “C” must be earned on all course work to be figured toward the minor in History. At least 12 hours of coursework for the minor must be taken at Florida College.

Humanities
A minor in Humanities consists of 18 hours including HUM 2210, 2230, 3330, 3332, 4239, and 4336.

Music
A minor in Music consists of at least 22 hours including MUT 1111, 1112, 1241, 1242; MUL 1110; one (1) of the following: MUH 3211, 3212, 4371, 4633; 4 hours of applied lessons; and 2 hours of a major ensemble (Wind Ensemble, Chorus, Piano Ensemble or String Ensemble). MUS 1010 is required with all applied lessons.

Old Testament
The minor in Old Testament consists of at least 18 hours in Old Testament (12 hours at the 3000-4000 level). Courses taken under the pass/fail option do not fulfill the requirements for the minor.

Associate in Arts Degree
The Associate in Arts degree emphasizes broad, general education requirements and no distinction is made with regard to majors. Students planning to pursue higher degrees are advised to take courses which will prepare them for their intended majors. Students planning to pursue the Associate degree must complete the requirements listed below in addition to the completion of the Core General Education requirements.

Residency
A minimum of one year including a minimum of fifteen semester hours credit must be completed at Florida College. A student must be registered in order to be able to graduate except as specified below “Without a Diploma,” or he has fulfilled all graduation requirements and desires to graduate with the next class.

Total Semester Hours
Students seeking the Associate in Arts degree must pass required general education core courses and elective hours sufficient to make a total of 60 hours plus a minimum of one course of physical education activity. If the student elects to take HLP 2081, Health and Wellness, he may include that course in the 60 hours for graduation and also count it as part of the physical education requirement. Total hours required: 60 academic hours plus 3 PE activity hours or 60 academic hours (including HLP 2081) and 1 PE activity.
Entrance Requirements
All admission requirements must be satisfied.

Quality of Work
A minimum quality point average of 2.00 or above on all work attempted and a minimum of 2.00 on all Florida College work are required for the AA degree. The student must achieve a grade of “C” or above in courses applied toward meeting the area requirements in English and mathematics. The student will also be required to achieve a grade of “C” or above in at least four courses applied toward the area requirements in humanities, social science, foreign language and behavioral science. Students seeking credit toward the AA degree for course work completed prior to 1982 will be required to meet standards established under Florida State Law 6A-10.30 and 6A-10.31. Students must show evidence of completion of coursework in English, Math and other Gordon Rule classes with sufficient grades to establish achievement levels at current standards.

CAAP (College Assessment of Academic Proficiency)
Fourth semester sophomores will be required to pass the CAAP. The CAAP is a standardized test developed by the Educational Testing Service that allows colleges and universities to assess student achievement at the sophomore level. The results can be used individually by the student to determine strengths and weaknesses and to measure progress since taking the ACT. Primarily the test is designed to evaluate the core curriculum of participating institutions as a part of their outcomes assessment program.

Major Recommendations for Associate Level Students
Students who plan to transfer to other schools after two years to complete their undergraduate work should work with their academic advisor and consult the specific requirements of the school to which they wish to transfer. The following recommendations are general guidelines in course selection for different majors.

Art
Complete the 36 hours of General Education core course requirements including the foreign language requirement and the physical education requirement. Art majors should be encouraged to complete EUH 1000–1001, Western Civilization I & II; MUL 1110, Introduction to Music Literature; ART 1201C-2203C, Design I & II and ART 1300C-2201C, Drawing I & II.

Behavioral Science
Complete the 36 hours of General Education core course requirements including PSY 1012, General Psychology; SYG 2000, Introduction to Sociology and the physical education requirement. Behavioral Science majors should be encouraged to complete SYG 2411, Marriage and the Family.

Biology
Complete the 36 hours of General Education core course requirements and the physical education requirement. Biology majors should be encouraged to complete MAC 2311—2312, Calculus I & II; CHM 1045C—1046C, General Chemistry and Qualitative Analysis I & II and courses offered in the biology department. Foreign language may be required in some programs.

Chemistry
Complete the 36 hours of General Education core course requirements and the physical education requirement. Chemistry majors should be encouraged to complete MAC 2311, 2312, 2313, Calculus I, II & III; PHY 2048C—2049C, General Physics with Calculus; CHM 1045C—1046C, General Chemistry with Qualitative Analysis and CHM 2210C—2211C, Organic Chemistry. Foreign language may be required in some programs.
**Computer Science**
Complete the 36 hours of General Education core course requirements and the physical education requirement. Computer science/engineering majors should be encouraged to complete MAC 2311, 2312, 2313, Calculus I, II & III and PHY 2048C–2049C, General Physics with Calculus.

**Education**
Complete the 36 hours of General Education core course requirements and physical education requirement. Education majors who plan to transfer to another institution should contact their transfer university regarding appropriate education courses at the freshman/sophomore level. Foreign language may be required in some programs.

**English**
Complete the 36 hours of General Education core course requirements including foreign language and the physical education requirement. English majors should be encouraged to complete AML 2010–2020, American Literature; ENL 2010–2020, English Literature; and HUM 2210–2230, Humanities.

**Humanities**
Complete the 36 hours of General Education core course requirements including foreign language and the physical education requirement. Humanities majors should be encouraged to complete ENL 2010, ENL 2020, English Literature and HUM 2210, HUM 2230, Humanities.

**Mathematics**
Complete the 36 hours of General Education core course requirements and the physical education requirement. Mathematics majors should be encouraged to complete MAC 2311, 2312, 2313, Calculus I, II & III; CHM 1045C–1046C, General Chemistry with Qualitative Analysis; and PHY 2048C–2049C, General Physics with Calculus.

**Modern Languages**
Complete the 36 hours of General Education core course requirements and the physical education requirement. Modern language majors should be encouraged to complete a two year sequence in a foreign language; EUH 1000–1001, Western Civilization; and courses in the Humanities department.

**Philosophy**
Complete the 36 hours of General Education core course requirements including EUH 1000–1001, Western Civilization; PHI 1010, Introduction to Philosophy; PHI 2100, Logic; HUM 2210–2230, Humanities; PSY 1012, General Psychology; SYG 2000, Introduction to Sociology and the physical education requirement. Foreign language may be required in some programs.

**Physical Education**
Complete the 36 hours of General Education core course requirements including a minimum of the physical education requirement. Majors should be encouraged to complete HLP 2081, Health and Wellness and a biology course sequence.

**Physics**
Complete the 36 hours of General Education core course requirements including MAC 2311, 2312, 2313, Calculus I, II & III; CHM 1045C-1046C, General Chemistry and Qualitative Analysis; PHY 2048C-2049C, General Physics with Calculus and the physical education requirement.
Pre-Professional and Pre-Technical Preparation

Students planning to pursue certain professional or technical programs should plan their undergraduate courses with the guidance of the Advising Office and/or their academic advisor. The following guidelines should be combined with consideration of the requirements of the schools to which they plan to transfer.

Pre-Agriculture

Students who plan to enroll in pre-agriculture should plan their programs with their advisors and the Academic Dean or the Registrar, in view of the requirements at the school to which they wish to transfer. Complete the 36 hours of General Education core course requirements and the physical education requirement. Agriculture majors should be encouraged to complete the biology sequences; CHM 1045C–1046C, General Chemistry and Qualitative Analysis; and mathematics courses through MAC 2311, Calculus I.

Pre-Architecture

Students wishing to study at a school of architecture should contact the university to which they plan to transfer as early as possible to be sure they are meeting that institution's specific admissions requirements. Most professional architecture programs require a student to have a 2.50 GPA in the first two years of pre-professional college work in order to be considered for admission. Complete the 36 hours of General Education core course requirements and the physical education requirement.

Pre-Chiropractic

Students wishing to train for the profession of chiropractic medicine should plan their schedules carefully with their advisor. Students should check carefully with the chiropractic college they have chosen to be certain they are meeting the requirements for that college. Complete the 36 hours of General Education core course requirements and the physical education requirement. Chiropractic majors should be encouraged to complete mathematics through MAC 2311, Calculus I; CHM1045C–1046C, General Chemistry and Qualitative Analysis, CHM 2210C–2211C, Organic Chemistry; PHY 1053C–1054C, General Physics.

Pre-Dental Hygiene

Students will find that most schools of dental hygiene feel that accredited junior colleges can do a commendable job of preparing students for their programs. Following is a statement of the minimum admission requirements as stated by the American Dental Hygienists Association. “Graduation from an accredited secondary school with a college preparatory course or the recognized equivalent is the minimum educational requirement for admission to a school of dental hygiene, but there are several dental hygiene schools that require the applicant to have had two years of college study. The applicant must, of course, have desirable personal qualifications and an interest and aptitude for the study and practice of dental hygiene. Each school may also have special requirements for admission. A candidate seeking admission to a school of dental hygiene should secure information directly from the school she seeks to enter regarding specific subject requirements, minimum age requirement, and admission procedures. Classes in dental hygiene are limited; hence it is important for an applicant to observe dates for filing applications. Each candidate is urged to file an admission application as early as possible and to plan to take the dental hygiene aptitude test well in advance of the date classes are to begin. The individual schools will provide information on tuition, expenses, housing, scholarships, loan funds, etc.

Pre-Dentistry

Students interested in meeting requirements for admission to dental school can choose any major they wish, such as biology, chemistry, English, or psychology. However, they must meet certain minimum requirements, mainly in the science area, before applying to dental school. Pre-dental students should complete as many of these requirements as possible during their freshman and sophomore years, since they need to be prepared to take the Dental Aptitude Test (DAT) as early as spring of their sophomore year but no later than early fall of their senior year. Success on the DAT examination depends strongly on a grasp of the information presented in the required courses.
**Pre-Engineering**

Pre-engineering students should place an emphasis on courses in general physics, general chemistry, calculus with analytic geometry, and computer programming. A grade of C or better is recommended, and often required by universities, in all subjects listed above. Students should check the requirements needed for the university to which they plan to transfer and carefully plan their schedule with those requirements in mind. Complete the 36 hours of General Education core course requirements including MAC 2311, 2312, 2313, Calculus I, II & III; CHM 1045C-1046C, General Chemistry and Qualitative Analysis; CHM 2210C-2211C, Organic Chemistry; PHY 2048C-2049C, General Physics with Calculus and the physical education requirement.

**Pre-Forestry**

Students planning to major in forestry should confer with the Academic Dean or Registrar early in the first semester in order to assure a simplification of transfer to complete the forestry program. The regular freshman-sophomore schedule for pre-agriculture students can be modified to meet the requirements of most schools of forestry.

**Pre-Law**

Students who plan to enter the profession of law may pursue a wide variety of undergraduate programs of study. A broad liberal arts background is considered an ideal preparation for the study of law. Students preparing for law school can customize an interdisciplinary program of study within the Liberal Studies BA major. Specific details for a pre-law program of study are a matter for each individual student to plan carefully with an advisor. Complete the 36 hours of General Education core course requirements and the physical education requirement. Law students should be encouraged to complete AMH 2010–2020, American History; Political Science; ENL 2010–2020, English Literature; PSY 1012, General Psychology; SYG 2000, Introduction to Sociology and several communication courses.

**Pre-Medical Technology**

In order to be admitted to a program in medical technology, a student must complete 60 semester hours (two years) “of college work in a college or university accredited by a recognized standardizing agency.” The 60 hours offered at Florida College include biology; inorganic chemistry; organic chemistry; electives, including English, mathematics, and physics. This program is planned to include all the areas and courses specified by the Council on Medical Education of the American Medical Association.

**Pre-Medical**

The majority of students entering medical schools do so after acquiring a BA or BS degree at an undergraduate college. Most undergraduate majors are acceptable as long as certain basic areas are included in the program. Students preparing for medical school (or professional training in other health science fields) can customize an interdisciplinary program of study within the Liberal Studies BA major. Students planning to enter the medical field should let their advisor know of their intentions as early as possible so the advisor can help prepare the student’s schedule accordingly. Students following this pre-medical curriculum must maintain a high standard of work sufficient to merit strong recommendations in order to be favorably considered by admission committees of medical schools. Grades below B probably will not be acceptable. Complete the 36 hours of General Education core course requirements including MAC 2311, 2312, Calculus I, II; CHM 1045C-1046C, General Chemistry and Qualitative Analysis; CHM 2210C-2211C, Organic Chemistry; PHY 2048C-2049C, General Physics with Calculus; BSC 2010C–2011C, Biology I and Biology II; PSY 1012, general psychology and the physical education requirement.

**Pre-Nursing**

Students wishing to enter a school of nursing should carefully check the entrance requirements of the school they wish to attend. Consider carefully with your advisor to select the proper courses needed to meet entrance requirements.

**Pre-Optometry**

The requirements for admission to the schools and colleges of optometry are not identical. Typically, the requirements include courses in English, mathematics, physics, chemistry, and biology or zoology. Some
schools and colleges have varied requirements in psychology, the social sciences, literature, philosophy, and foreign language. The pre-optometry requirements represent a minimum of two years of academic study, all of which may be taken at Florida College. For specific information on optometry as a career, and for assistance in planning a course of study in pre-optometry, make inquiry at the office of the Registrar, Florida College. Direct individual inquiries are invited by the American Optometric Association Committee on Vocational Guidance, 4030 Chouteau Avenue, St. Louis, Missouri 63110.

**Pre-Pharmacy**

Students planning to major in pharmacy must be enrolled in one or more pharmacy courses for a minimum of three academic years or a total of 27 months regardless of the number of credits accumulated in other fields. Some institutions offer four-year pharmacy programs. The trend is for the pharmacy program to be presented in five years. Students entering a five-year program can usually do two years at Florida College and complete their programs in the institutions they choose without experiencing any handicap. Numerous advantages are available to the student who begins a pharmacy program in a junior college. Students entering a four-year pharmacy program may do one year at Florida College, thus profiting by many of the advantages which accrue to students who begin their college career in a junior college. Pre-pharmacy students should plan their transfer carefully with the Academic Dean or Registrar.

**Pre-Physical Therapy**

Because there are different specific requirements for each university students should carefully look at the requirements needed at the university of choice before registration. Complete the 36 hours of General Education core course requirements and the physical education requirement. Physical therapy majors should be encouraged to complete CHM 1022C–1031C, General Chemistry; PHY 1053C–1054C, General Physics, a biology course; PSY 1012, general psychology and mathematics through MAC 1114, Precalculus Trigonometry.

**Pre-Veterinary Medicine**

All veterinary colleges require applicants to obtain at least one year of general education in an accredited college before applying for admission, and most require two with emphasis on basic courses in sciences, mathematics, English, and humanities rather than specialized professional courses. The degree of veterinary medicine is offered in only seventeen institutions in the nation, and unless the veterinary institution has facilities considerably beyond the minimum, the accrediting agency for preparation of veterinary students discourages acceptance of more than fifty students in any one year. The pre-veterinary program at Florida College is planned individually for each student to include the courses recommended by the veterinary college to which the student is most likely to go.

# Graduation and Commencement

**Requirements for Participation in Commencement**

Participation in spring Commencement is a requirement for graduates in all degree programs, with the exceptions noted below. All graduates who are eligible to graduate in the spring are required to participate in the spring Commencement. In order to be eligible, the following requirements must be met:

- All course work must be completed by the final day of the spring semester (except as noted below).
- Transcripts for transient work done prior to the spring semester must be received in the Office of the Registrar by mid-term of the spring semester.
- An *Intent to Graduate Form* must be submitted to the Office of the Registrar by November 15.

**Post-Commencement Degree Completion for A.A. Graduates**

Any student who is within six hours of fulfilling graduation requirements for the A.A. degree, has taken the CAAP examination, has completed the required six hours in English Composition and six hours in mathematics with grades of "C" or above, and has the required quality point average may participate in Commencement exercises. The student will graduate and receive his diploma after the completion of all graduation requirements and a record of the work has been officially recorded in the Office of the Registrar.
Post-Commencement Degree Completion for Bachelor’s Degree Graduates

Bachelor’s degree students may participate in Commencement if they have six or fewer hours remaining at the time of Commencement and if they meet the following requirements:

- Submit a formal letter of appeal by March 15 to the Academic Standards Committee giving specific plans for completion of the remaining coursework. The Registrar will provide the committee with verification of academic progress.
- Obtain a Transient Student Form and receive approval from the Registrar and department chair before enrolling in a course at another institution.

Conferring of Degrees in the Fall and Summer

Bachelor’s degree students who complete all requirements for graduation during the fall or summer term are strongly urged to participate in Commencement in the following spring. Those who wish to receive their diplomas at the conclusion of the term of completion and do not plan to return for Commencement in the following spring may submit a letter to the Academic Standards Committee requesting a waiver from Commencement. To be considered for a fall or summer graduation date, all coursework must be completed by the final day of the semester and official transcripts for transient work must also be submitted by this date. Students who choose this option must still complete the Intent to Graduate Form.
7. COURSE DESCRIPTIONS
Florida’s Statewide Course Numbering System

Courses in this catalog are identified by prefixes and numbers that were assigned by Florida's Statewide Course Numbering System (SCNS). This numbering system is used by all public postsecondary institutions in Florida and 27 participating nonpublic institutions. The major purpose of this system is to facilitate the transfer of courses between participating institutions. Students and administrators can use the online SCNS to obtain course descriptions and specific information about course transfer between participating Florida institutions. This information is at the SCNS website at http://scns.fldoe.org.

Each participating institution controls the title, credit, and content of its own courses and recommends the first digit of the course number to indicate the level at which students normally take the course. Course prefixes and the last three digits of the course numbers are assigned by members of faculty discipline committees appointed for that purpose by the Florida Department of Education in Tallahassee. Individuals nominated to serve on these committees are selected to maintain a representative balance as to type of institution and discipline field or specialization.

The course prefix and each digit in the course number have a meaning in the SCNS. The listing of prefixes and associated courses is referred to as the “SCNS taxonomy.” Descriptions of the content of courses are referred to as “statewide course profiles.”

Example of Course Identifier

</tbody>
</table>

General Rule for Course Equivalencies

Equivalent courses at different institutions are identified by the same prefixes and same last three digits of the course number and are guaranteed to be transferable between participating institutions that offer the course, with a few exceptions, as listed below in Exception to the General Rule for Equivalency.

For example, a freshman composition skills course is offered by 59 different postsecondary institutions. Each institution uses “ENC_101” to identify its freshman composition skills course. The level code is the first digit and represents the year in which students normally take the course at a specific institution. In the SCNS taxonomy, “ENC” means “English Composition,” the century digit “1” represents “Freshman Composition,” the decade digit “0” represents “Freshman Composition Skills,” and the unit digit “1” represents “Freshman Composition Skills I.”

In the sciences and certain other areas, a “C” or “L” after the course number is known as a lab indicator. The “C” represents a combined lecture and laboratory course that meets in the same place at the same time. The “L” represents a laboratory course or the laboratory part of a course that has the same prefix and course number but meets at a different time or place.

Transfer of any successfully completed course from one participating institution to another is guaranteed in cases where the course to be transferred is equivalent to one offered by the receiving institution. Equivalencies are established by the same prefix and last three digits and comparable faculty credentials at both institutions. For example, ENC 1101 is offered at a community college. The same course is offered at a state university as ENC 2101. A student who has successfully completed ENC 1101 at a Florida College System institution is guaranteed to receive transfer credit for ENC 2101 at the state university if the student transfers. The student cannot be required to take ENC 2101 again since ENC 1101 is equivalent to ENC 2101. Transfer credit must be awarded for successfully completed equivalent courses and used by the receiving
institution to determine satisfaction of requirements by transfer students on the same basis as credit awarded to the native students. It is the prerogative of the receiving institution, however, to offer transfer credit for courses successfully completed that have not been designated as equivalent. **NOTE**: Credit generated at institutions on the quarter-term system may not transfer the equivalent number of credits to institutions on the semester-term system. For example, 4.0 quarter hours often transfers as 2.67 semester hours.

**The Course Prefix**
The course prefix is a three-letter designator for a major division of an academic discipline, subject matter area, or subcategory of knowledge. The prefix is not intended to identify the department in which a course is offered. Rather, the content of a course determines the assigned prefix to identify the course.

**Authority for Acceptance of Equivalent Courses**
Section 1007.24(7), Florida Statutes, states:

> Any student who transfers among postsecondary institutions that are fully accredited by a regional or national accrediting agency recognized by the United States Department of Education and that participate in the statewide course numbering system shall be awarded credit by the receiving institution for courses satisfactorily completed by the student at the previous institutions. Credit shall be awarded if the courses are judged by the appropriate statewide course numbering system faculty committees representing school districts, public postsecondary educational institutions, and participating nonpublic postsecondary educational institutions to be academically equivalent to courses offered at the receiving institution, including equivalency of faculty credentials, regardless of the public or nonpublic control of the previous institution. The Department of Education shall ensure that credits to be accepted by a receiving institution are generated in courses for which the faculty possess credentials that are comparable to those required by the accrediting association of the receiving institution. The award of credit may be limited to courses that are entered in the statewide course numbering system. Credits awarded pursuant to this subsection shall satisfy institutional requirements on the same basis as credits awarded to native students.

**Exceptions to the General Rule for Equivalency**
Since the initial implementation of the SCNS, specific disciplines or types of courses have been excepted from the guarantee of transfer for equivalent courses. These include courses that must be evaluated individually or courses in which the student must be evaluated for mastery of skill and technique. The following courses are exceptions to the general rule for course equivalencies and may not transfer. Transferability is at the discretion of the receiving institution.

A. Courses not offered by the receiving institution.
B. For courses at non-regionally accredited institutions, courses offered prior to the established transfer date of the course in question.
C. Courses in the _900-999_ series are not automatically transferable, and must be evaluated individually. These include such courses as Special Topics, Internships, Apprenticeships, Practica, Study Abroad, Theses, and Dissertations.
D. College preparatory and vocational preparatory courses.
E. Graduate courses.
F. Internships, apprenticeships, practica, clinical experiences, and study abroad courses with numbers other than those ranging from 900-999.
G. Applied courses in the performing arts (Art, Dance, Interior Design, Music, and Theatre) and skills courses in Criminal Justice (academy certificate courses) are not guaranteed as transferable. These courses need evidence of achievement (e.g., portfolio, audition, interview, etc.).

**Courses at Non-regionally Accredited Institutions**
The Statewide Course Numbering System makes available on its home page (http://scns.fldoe.org) a report entitled “Courses at Non-regionally Accredited Institutions” that contains a comprehensive listing of all
nonpublic institution courses in the SCNS inventory, as well as each course’s transfer level and transfer effective date. This report is updated monthly.

Questions about the SCNS and appeals regarding course credit transfer decisions should be directed to the Registrar or the Florida Department of Education, Office of Articulation, 1401 Turlington Building, Tallahassee, Florida 32399-0400. Special reports and technical information may be requested by calling the Statewide Course Numbering System office at (850) 245-0427 or via the internet at http://scns.fldoe.org.

Compliance with Statewide Standards for Community and Junior Colleges

Florida College has chosen to comply fully with all regulations placed upon Florida’s public community colleges under law as they regard minimum academic standards for the granting of Associate in Arts degrees. Writing requirements under the state’s so-called “Gordon Rule” are indicated beside all graduation requirement course descriptions in the liberal arts program. The College administers the CAAP exam to all sophomores during the spring term each year.

Course Review

An annual review of courses not taught for the preceding five years will be conducted by the Curriculum Review Committee as a part of its annual review of the curriculum. Under ordinary circumstances, the Committee should delete courses that have not been offered in the past five years. If there is expectancy of the courses being taught in the immediate future, the Committee may defer deletion on an annual basis.

Upper-Level Courses

All 3000 and 4000 level courses require junior standing and/or consent of the instructor.

ART 2301C – Drawing II  
**Prerequisite:** ART 1300C  
This is a studio course that will allow the advanced art student to develop his skill and techniques in drawing. Advanced problem-solving techniques are stressed. Fee: refer to catalog section Fees and Financial Aid.

**Behavioral Science**

**Faculty**
Dr. Dickey, Dr. Walker

**Courses in Behavioral Science**

**CLP 4143 – Abnormal Psychology**  
**Prerequisites:** Junior standing and PSY 1012 with a “C” or better  
This course is an overview of abnormal psychology for undergraduates. It will focus on descriptions, theoretical explanations, research evidence, and treatment of maladaptive behavior. We will consider carefully the impact of clinical disorders upon individuals, their treatments as well as the historical and cultural context of normality and abnormality.

**DEP 4054 – Developmental Psychology**  
**Prerequisites:** Junior standing and PSY 1012 with a “C” or better  
This course is an overview of developmental psychology for undergraduates. It will focus on descriptions, theoretical explanations, research evidence, and practical applications.

**INP 4004 – Industrial/Organizational Psychology**  
**Prerequisite:** PSY 1012 and Junior standing  
This course is a survey of the methods, data, theories, and applications of Industrial/Organizational psychology: psychology as applied to the world of work. The course will be organized into two major sections: personnel psychology and organizational psychology. The section on personnel psychology will cover measuring performance and predicting performance. The section on organizational psychology will progress from an individual to a group to an organizational perspective including topics such as job satisfaction, motivation and communication. Each class will be a mixture of lecture, discussion (including the case study at the end of the chapter) and activities.

**PPE 4003 – The Psychology of Personality**  
**Prerequisite:** PSY 1012 and Junior standing  
The goals for this course are to familiarize students with the major theories of personality, as well as current research, and to aid in the understanding of their origins and the theorists who created them. Core to this course is the evaluation of a variety of determinants of personality, including psychoanalytic, behaviorist, cognitive, biological, trait, humanistic, and situational. Student will become familiar with these perspectives and learn to both understand and evaluate them.

**PSY 1012 – General Psychology**  
**Prerequisite:** PSY 1012 and Junior standing  
An introduction to the broad field of psychology including diverse topics such as learning, perception, motivation, emotion, consciousness, intelligence and abnormal psychology as well as the adaptation of the individual to the social environment. The course emphasizes the empirical approach and attempts to develop critical thinking skills. Gordon Rule – 3000 words.
PSY 4832 – Sports Psychology

Credit 3

Prerequisite: PSY 1012

This course will familiarize students with sport psychology topics including the following: Goal setting; stress management; leadership and team building; psychological factors affecting sport performance; personality and sport; motivation in sport; aggression and violence in sport; and drug abuse in sport.

PSY 4905 – Independent Directed Study in Psychology

Credit 1 – 3

Prerequisite: PSY 1012 and admission to Liberal Studies program

Course is subject to the availability of faculty. Students wishing to take an independent directed study must fill out the Directed Studies Application Form and have it completed by the faculty member most relevant to the nature of the topic. The course can be taken for variable credit and more than once, but not more than twice and for no more than five credit hours total. The faculty director will work with the student to select a reading list, projects, and evaluations appropriate to the topic and the credit level chosen.

PSY 4930 – Selected Topics in Psychology

Credit 1 – 3

Prerequisite: PSY 1012 and admission to Liberal Studies program

Course contents depend on student’ needs. May be repeated once with different content.

SOP 4004 – Social Psychology

Credit 3

Prerequisite: Junior standing and PSY 1012 with a grade of “C” or better, or instructor approval

This course is a broad survey of the field of social psychology, which is the study of how people’s thoughts, feelings, and behaviors are influenced directly and indirectly by other people. From this course you will learn about the methods, data, theories and the major theorists in the field. This course is a survey of methods, empirical findings, and theoretical interpretations in the study of an individual’s behavior as it is affected by others.

SOW 2020 – Introduction to Social Work

Credit 3

This course will introduce students to the social work profession and the provision of social welfare services in the United States. It will provide a history of social work and social welfare, an overview of social welfare problems, an introduction to social welfare institutions, and an understanding of generalist social work practice in multiple agency settings.

SYG 1310 – Human Relations

Credit 3

This course examines those psychological principles which are used in creating effective human relationships. The student will investigate the areas of needs, values, perceptions, group dynamics, communication, and active listening for the purpose of improving the quality of his/her interaction with others.

SYG 2000 – Introduction to Sociology

Credit 3

A general survey of sociology including such topics as the structure, values and functioning of contemporary American society, and the interaction of individuals within society. Fundamental sociological theories are covered and considerable time is spent on social institutions such as family, religion and education. The course emphasizes using the sociological perspective to develop a more objective view of society and one's own behavior. Gordon Rule – 3000 words.

SYG 2411 – Marriage and the Family

Credit 3

Dating, mate selection, parenthood, and family relationships are studied from both sociological and practical perspectives with due consideration of biblical principles in order to develop a greater appreciation of the place of the family in society and to equip students to form and maintain Christian homes. Gordon Rule – 3000 words.
Biblical Studies

Dr. McClister, Chair of the Biblical Studies Department
Dr. Caldwell, Mr. Hamilton, Dr. Longstreth, Dr. Madrigal, Dr. Moyer, Mr. Peeler, Dr. Petty, Mr. Ward

Courses in Biblical Literature

**LIT 2371 – Biblical Literature: Old Testament Poetry and Wisdom Literature**  
**Credit 3**

**Prerequisite:** REL 1210 and REL 1240 or instructor approval

A course designed to acquaint the student with the book of Psalms and a selection of the Wisdom Literature of the Old Testament. Special attention will be given to the character of Hebrew poetry. Some consideration will also be given to the hymns and wisdom literature of surrounding Ancient Near Eastern cultures. The course will satisfy 3 hours humanities general education requirement. Gordon Rule – 3000 words. Required second year course.

**REL 1200 – Introduction to the Bible**  
**Credit 2**

A survey of the Bible in order to introduce students to the books, the stories, and the themes of the Bible. Attention will be given to the geography of the Bible. For students with little to no background in the Bible.

**REL 1210 – History & Geography: Old Testament**  
**Credit 2**

This course is designed to provide the student with an introductory survey of the Old Testament, focusing especially on the history of Israel and the geographical and Ancient Near Eastern setting in which that history unfolds. Required first year course.

**REL 1240 – History & Geography: New Testament**  
**Credit 2**

The Books of Luke and Acts serve as the basis of the course. The course is designed to acquaint the student with the travels and teaching of Jesus as set forth in Luke and the geography of Palestine in His day. Also, it follows the travels of the apostles with special emphasis given to the travels of Paul. The course extends from the birth of Christ to Paul’s Roman imprisonment. Required first year course.

**REL 2223 – Intro to the Prophets (formerly REL 2005)**  
**Credit 1**

**Prerequisites:** REL 1200 or 1210 or instructor approval

This course will survey the phenomenon of prophecy in ancient Israel. Selected texts from various prophets will be explored in their historical, literary, and socio-political contexts. Discussions of the relevancy of these prophetic messages for the people of God today will also be explored. This course is foundational for upper-division coursework in the prophets. Required second year course.

**REL 2257 – New Testament Epistles: 1 Corinthians**  
**Credit 1**

**Prerequisite:** REL 1240 or instructor approval

This is a textual exegesis of 1 Corinthians. The course will consider the historical context of Paul’s correspondence with the Corinthian church, the problems the Corinthian Christians encountered in their social environment and the teachings of the apostle in this epistle. The study will provide the occasion to study carefully various aspects of the New Testament church, such as its origin, conditions of membership, growth, work, organization, worship, leadership, discipline, and mission. Required second year course.

**REL 2264 – New Testament Epistles: Ephesians & Colossians**  
**Credit 2**

**Prerequisites:** REL 1200 or 1210 and REL 1240 or instructor approval

Based on the books of Ephesians and Colossians. God’s eternal purpose, as unfolded in Christ and the church and made known through the Holy Spirit, is the theme. A general view of God’s scheme of redemption from creation to consummation is presented. Required second year course.

<tr>
<td></td>
<td>This course is a textual and historical study of Paul's writings that are devoted to extensive discussion of ministry. The study of 2 Corinthians concentrates on Paul's defense of his apostleship and his view of evangelism that emerges from that defense. The study of the letters to Timothy and Titus explores the challenges evangelists in early Christianity faced as Christianity spread. (Pass/Fail grading option may be offered on 1 hour credit)</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
REL 3258 – New Testament Epistles: James, Peter, Jude  

**Credit 3**

**Prerequisites: REL 1240 and REL 2264 or instructor approval**

A thorough study is made of James, First and Second Peter, and Jude. It deals with perfection through tests in the everyday Christian life (James), with the trials of persecution (1 Peter), and with truth versus myth and problems of false teachers (2 Peter and Jude). (Pass/Fail grading option may be offered on 1 hour credit)

REL 3260 – New Testament Epistles: Galatians, Philippians & Philemon  

**Credit 2**

**Prerequisites: REL 1240 and REL 2264 or instructor approval**

Galatians, Philippians, and Philemon are the basis of this course. Special attention is given to the relation of the promise to Abraham, the law, and the gospel as set forth in Galatians; personal godliness, and the development of character, the social impact of the gospel, and faith are emphasized in the other two epistles. (Pass/Fail grading option may be offered on 1 hour credit)

REL 3268 (formerly REL 3261) – New Testament Epistles: 1 and 2 Thessalonians  

**Credit 2**

**Prerequisites: REL 1240 and REL 2264 or instructor approval**

This textual exegesis of the Thessalonian letters is designed to acquaint the student with the early development of Paul’s thought. Special emphasis is placed on the doctrine of Christ’s second coming and other aspects of eschatology that created a controversy in the early church. (Pass/Fail grading option may be offered on 1 hour credit)

REL 3713 – Introduction to Biblical Studies  

**Credit 3**

**Prerequisites: REL 1200 or 1210 or instructor approval**

This course exposes the student to biblical studies as an academic discipline, introducing the research tools and methods necessary for advanced Bible study and overviewing the history, principles, and methods of biblical interpretation. Special attention is given to the use of Logos Bible software and the application of practical hermeneutical rules and precepts, including biblical authority, to modern society and the church.

REL 3716 – Biblical Interpretation  

**Credit 3**

**Prerequisites: REL 1200 or 1210 or instructor approval**

This course is designed to provide the student with an overview of the history, principles and methods of biblical interpretation. Special attention will be given to practical hermeneutical rules and precepts, including biblical authority, and how to apply these principles to modern life situations in society and in the church. (Pass/Fail grading option may be offered on 1 hour credit)

REL 3910 – Introduction to Biblical Research  

**Credit 3**

**Prerequisite: REL 1200 or 1210 or instructor approval**

An introduction to the fundamentals of research methods. This course will also examine major bibliographical and reference sources, including computerized records, necessary for biblical and religious research.

REL 4217 – Critical Introduction: Old Testament  

**Credit 3**

**Prerequisites: REL 1200 or 1210 and REL 1780 or instructor approval**

This course covers the two technical areas of Biblical Introduction: General Introduction, including the study of text, canon, inspiration and inerrancy; and Special Introduction, including the study of authorship, date, destination and cultural conditions of the individual books of the Old Testament.

REL 4228 – Old Testament Prophets: Major Prophets  

**Credit 3**

**Prerequisites: REL 1200 or 1210 and REL 2264 or instructor approval**

Continuation of REL 3227. The primary objective of this course is to acquaint the student with the writings of the major prophets (Isaiah, Jeremiah and Ezekiel). Each time the course is taught one of these books will be chosen as the focus for the semester’s study. (Pass/Fail grading option may be offered on 1 hour credit)

### REL 4933 – Selected Topics: Bible Seminar

**Credit 1**

**Prerequisite:** Junior or senior status

Course content varies each semester. Satisfies part of the daily Bible requirement for upper-division non-Bible majors. Does not count toward requirements for bachelor’s degree in Biblical Studies. May be repeated four times with different content.

### Courses in Religious Thought

#### REL 1780 – Evidences I: General Apologetics

**Credit 1**

Designed to acquaint the student with two special lines of argumentation, internal and external evidence, which support the view that Christianity is of supernatural origin. The internal evidence and its appeal to the rationality of man finds emphasis. The student gains an insight into the basic issue between Naturalism and Supernaturalism. Required first year course.

#### REL 1781 – Evidences II: The Biblical Text

**Credit 1**

This course is designed to complement REL 1780 by focusing more specifically on one area of apologetics: the integrity and reliability of the biblical text. Arguments that advocate the supernatural origin of the Bible are considered, addressing topics such as the inspiration, historicity, canonicity, textual criticism, and translation of both the Old and New Testaments. Required first year course.

#### REL 3131 – American Sects & Cults

**Credit 3**

**Prerequisites:** REL 1200 or 1210 or REL 1240 or instructor approval

Modern day cults, such as Jehovah’s Witnesses, Mormonism and the New Age Movement are studied. An examination of their concept of man, and their claims to special revelation are made. Authoritative writings in these fields are examined and some debates studied.

#### REL 3308 – World Religions

**Credit 3**

**Prerequisites:** REL 1200 or 1210 or REL 1240 or instructor approval

This course provides intensive study of several major world religions including Buddhism, Hinduism, Confucianism, Islam, Judaism, and Christianity, as well as comparative analyses of their sacred literature, rituals, and cultural manifestations. Humanities credit for graduation. Gordon Rule – 3000 words.

#### REL 3460 – Philosophy of Religion

**Credit 3**

**Prerequisite:** PHI 1010 or instructor approval

A philosophical approach to the study of religion, emphasizing both the problems posed and the solutions offered.

#### REL 3719 – Studies in Biblical Eschatology

**Credit 3**

**Prerequisites:** REL 1200 or 1210 and REL 2264 or instructor approval

This course acquaints the student with various millennial theories. A study is made of the promises to Abraham, the throne of David, the kingdom, and the events which take place at the return of Christ.

#### REL 3783 – Historical Apologetics

**Credit 3**

**Prerequisites:** REL 1780 and PHI 1010 or instructor approval.

The purpose of this course is to study historical issues in the field of apologetics. As the Bible is directly linked to historical reality, understanding how to defend the historical integrity of Scripture is a key in modern apologetics. To that end, this course considers in detail the trustworthiness of the Bible, the questions of inspiration and inerrancy, the historical arguments for Jesus’ resurrection, and linked concepts.
REL 3797 – Studies in Catholic and Protestant Thought  
Credit 3  
Prerequisite: REL 2264 or instructor approval  
This course acquaints the student with major views which have been influential in the history of Christianity. Special attention is given to Calvinism, Arminianism, and some of the major doctrines of Roman Catholicism.

REL 4907 – Independent Directed Study in Religious Thought  
Credit 1–3  
Prerequisite: Instructor approval  
Course is subject to the availability of faculty directors. A student wishing to take an independent study course is required to submit a written proposal to the faculty member whom he/she is requesting to serve as director of the independent study. May be repeated once.

REL 4931 – Selected Topics in Religious Thought  
Credit 1–3  
Course contents depend on student’s needs. May be repeated once with different content.

Courses in Church History

REL 3503 – Church History: Ancient and Medieval  
Credit 3  
Prerequisite: REL 1240 or instructor approval  
This course is a survey of the history of Christianity from the New Testament era through medieval times. Attention is given to historically influential men and movements, theological and organizational developments, relation of church and state, the rise of monasticism and the papacy, the division of East and West, and religious thought and institutions on the eve of the reformation. Gordon Rule – 3000 words.

REL 3504 – Church History: Reformation and Modern  
Credit 3  
Prerequisite: REL 1240 or instructor approval  
Continuation of REL 3503. This course is a survey of the history of Christianity from the Protestant Reformation to the present. Attention is given to the reformation, the growth of modern denominationism, Protestant scholasticism, pietism, the enlightenment, romanticism, revivalism, and American Christianity.

REL 3541 – History of Christianity in America  
Credit 3  
Prerequisite: REL 1240 and AMH 2010 or AMH 2020 or instructor approval  
The course is a study of the history of Christianity in America from the colonial era to the present. The study encompasses the development of the most significant Christian denominations and the lives of important religious leaders. The course examines how American Christianity and its unique characteristics have impacted and been shaped by major social, cultural, and political developments.

REL 3567 – History of the Restoration Movement  
Credit 3  
Prerequisite: REL 1240 and AMH 2010 or AMH 2020 or instructor approval  
This course is a study of American religious history in which special emphasis is placed upon various primitivist religious movements out of which grew what is known as the Restoration Movement. Special emphasis is given to the work of such men as Barton W. Stone, Thomas and Alexander Campbell, and David Lipscomb. The student is introduced to the literature of the nineteenth century and to the division which resulted in “the Christian Church” and “churches of Christ” and the formal recognition of division in 1906. Attention is given to major controversies in the twentieth century, including premillennialism and institutionalism, as well as to the work of important figures such as H. Leo Boles, N. B. Hardeman, and Foy E. Wallace Jr.
REL 3568 – Restoration History: Nineteenth Century  Credit 3

Prerequisites: REL 1240 or instructor approval

In this study of American religious history, special emphasis is placed upon various primitivist religious movements out of which grew what is known as “the Restoration Movement.” Special emphasis is given to the work of men such as Barton W. Stone, Thomas and Alexander Campbell, and David Lipscomb. The student is introduced to the literature of this period and to the division which resulted in “the Christian Church” and “churches of Christ.”

REL 3569 – Restoration History: Twentieth Century  Credit 3

Prerequisites: REL 1240 or instructor approval

Continuation of REL 3568. This is a study of the Restoration Movement in the 20th century, beginning with the formal recognition of division in 1906, and focusing on the churches of Christ. Special attention is given to major controversies in the movement, including premillennialism and institutionalism, as well as to the work of important figures such as H. Leo Boles, N. B. Hardeman, and Foy E. Wallace, Jr.

REL 4905 – Independent Directed Study in Church History  Credit 1–3

Prerequisite: Instructor approval

Course is subject to the availability of faculty directors. A student wishing to take an independent study course is required to submit a written proposal to the faculty member whom he/she is requesting to serve as director of the independent study. May be repeated once.

REL 4932 – Selected Topics in Church History  Credit 1–3

Course contents depend on students’ needs. May be repeated once with different content.

Biblical and Ancient Languages

Faculty

Mr. Hamilton, Dr. Longstreth, Dr. McClister, Mr. Peeler

Courses in Biblical and Ancient Languages

GRE 2140 – Beginning Greek I  Credit 4

An introductory course in the grammar of Koine Greek. Gordon Rule–3000 words.

GRE 2141 – Beginning Greek II  Credit 4

Continuation of GRE 2140. Gordon Rule–3000 words.

GRW 3250 – New Testament Greek I  Credit 3

Prerequisites: GRE 2140–2141.

This course employs extensive translation from various New Testament writings. Primarily, the writings of John are considered. Emphasis is given to advanced grammar and to special Greek constructions.

GRW 3251 – New Testament Greek II  Credit 3

Prerequisites: GRE 2140–2141 and GRW 3250.

Continuation of GRW 3250.
GRW 4242 – Advanced New Testament Greek I  
**Credit 3**
**Prerequisite: GRW 3251**
This course covers selections from the Greek New Testament with particular emphasis on the gospel of Matthew and the gospel of Luke. The course may also explore readings from the Septuagint. Students continue vocabulary acquisition and the study of Koine Greek grammar with the added goal of improving sight-reading skills.

GRW 4253 – Advanced New Testament Greek II  
**Credit 3**
**Prerequisite: GRW 4242**
This course continues GRW 4242, with emphasis on reading Acts and Hebrews in Greek. Students continue vocabulary acquisition and the study of Koine Greek grammar while continuing to work on sight-reading skills.

HBR 2120 – Introduction to Hebrew I  
**Credit 4**
A study of the grammar and syntax of the language of the ancient Hebrews. The course application is focused on the Hebrew Scriptures.

HBR 2121 – Introduction to Hebrew II  
**Credit 4**
**Prerequisite: HBR 2120**
Continuation of HBR 2120.

REL 4908 – Independent Directed Study in Biblical Languages: Hebrew  
**Credit 1–3**
**Prerequisite: Instructor approval**
Course is subject to the availability of faculty directors. A student wishing to take an independent study course is required to submit a written proposal to the faculty member whom he/she is requesting to serve as director of the independent study. May be repeated once.

REL 4909 – Independent Directed Study in Biblical Languages: Greek  
**Credit 1–3**
**Prerequisite: Instructor approval**
Course is subject to the availability of faculty directors. A student wishing to take an independent study course is required to submit a written proposal to the faculty member whom he/she is requesting to serve as director of the independent study. May be repeated once.

LAT 1120–1121 – Beginning Latin  
**Credit 4–4**
The course introduces the student to the grammar, syntax, morphology, and vocabulary of Latin, with an emphasis on proficiency in reading and translating the language over two semesters of work.
Biology

Faculty
Mr. Chandler, Dr. Northcutt

Courses in Biology

**BCH 3023 – Introduction to Biochemistry**
Credit 3
Prerequisite: BSC 2010C/2011C and CHM 2210C/2211C
This is a one semester comprehensive survey course designed for undergraduates wishing to major in a health related field, chemistry, biology or biochemistry. The course deals with basic biochemical issues such as amino acids, pH and buffers, peptides, proteins, enzymes, nucleic acids, lipids, energy changes in the cell and carbohydrates. There will be a special emphasis on replication of nucleic acids and transcription of the genetic code. The course is designed to prepare those who want to go on to more advanced biochemical studies and to do research work in a health related field.

**BSC 1005C – Introduction to Biological Principles/Lab**
Credit 4
A course for non-science majors which surveys various topics in biology in relation to human concerns. The topics include the organization of living matter, cells and life, genetics, ecology, and a brief survey of viruses and living organisms. Fee: refer to catalog section Fees and Financial Aid.

**BSC 2010C – Biology I: Biological Processes/Lab**
Credit 4
This is an introductory course in biology for majors and students planning to major in pre-professional and related professions. The course surveys the science of biology with emphasis on biological processes, including the organization of living matter at the molecular and cellular level. Topics include cell reproduction, metabolism, energetics, Mendelian inheritance, molecular genetics, and population genetics. Fee: refer to catalog section Fees and Financial Aid.

**BSC 2011C – Biology II: Biological Diversity/Lab**
Credit 4
Prerequisite: BSC 2010C or instructor approval
This introductory course is a survey of the viruses and the kingdoms of living organisms with emphasis on their morphology, development, distribution, role in the ecosystem and taxonomy. The course also introduces the concepts of ecology. Biology II is a course designed for biology and related science majors. Fee: refer to catalog section Fees and Financial Aid.

**BSC 2085C – Human Anatomy and Physiology I**
Credit 4
This course is the first in a two-semester sequence covering the anatomy and physiology of the human body. This course covers basic biological characteristics of living organisms including cell chemistry, cell structure and functions, cell metabolism, and cell division. The course also covers anatomical terms, histology, and the skin and integumentary system, the skeletal system, the muscular system, and the nervous system including the sensory organs and tissues. Each system’s structure and function is studied in some detail. Fee: refer to catalog section Fees and Financial Aid.

**BSC 2086C – Human Anatomy and Physiology II**
Credit 4
Prerequisite: BSC 2085C
This course is the second in a two-semester sequence covering the anatomy and physiology of the human body. This course covers basic structures and functions of tissues and organs in the circulatory system, respiratory system, digestive system, urinary system, fluids and electrolytes, endocrine system, and the reproductive system. The objective of the course is to provide a detailed study of the systems of the human body as they function normally. Fee: refer to catalog section Fees and Financial Aid.
**BSC 3933 – Special Topics in Biology**
Credit 1 - 3

Prerequisite: BSC 2010C, CHM 1045C/1046C and CHM 2210C

This is a course designed to offer a student of recent developments in biology of interest to both the faculty member and student. Credit may range from 1 to 3 credits.

**HSC 1351 – Medical Terminology**
Credit 3

This course will build a general understanding of the terminology used in health sciences. It will cover correct spelling and pronunciation, prefixes and suffixes, and some etymology of terms related to human body systems (anatomy and physiology) and some diseases. Students will analyze the structure of words and abbreviations and learn how to use them properly.

**MCB 2000C – Microbiology**
Credit 4

This is an introductory course for nursing and other healthcare majors covering a variety of topics including an overview of microorganisms, molecular biology techniques, and diseases of the human body. Fee: refer to catalog section Fees and Financial Aid.

**MCB 3020C – Microbiology**
Credit 4

This is an introductory course for biology majors covering a variety of topics including an overview of microorganisms, cells, genetics, biotechnology, viruses, biodiversity, immunology and some microbial pathogenesis. The laboratory will include aseptic technique, staining methods, ecology and biotechnology. Fee: refer to catalog section Fees and Financial Aid.

**PCB 3063 – Genetics**
Credit 3

Prerequisite: BSC 2010C or BSC 2011C (preferred), General Chemistry course (preferred)

This course will study the fundamental principles of Mendelian, molecular and population genetics. There will be supplementary laboratory demonstrations covering both historical and modern investigational techniques in general genetics. Fee: refer to catalog section Fees and Financial Aid.

**Business**

**Faculty**
Mr. Greiving, Interim Chair of the Business Department
Mr. Barr, Dr. Burton, Dr. Dickey, Mr. Hinds, Dr. Knight, Mr. Stackpole

**Courses in Business**

**ACG 2001 – Financial Accounting (formerly ACG 2011)**
Credit 3

Financial accounting for proprietorships, partnerships, and corporations with emphasis on generally accepted accounting principles (GAAP) and on the accounting cycle for service and merchandising businesses. Additional topics include accounting for accruals and deferrals including receivables, payables, inventory, property, plant, and equipment, and long-term liabilities.

**ACG 2011 – Managerial Accounting (formerly ACG 2071)**
Credit 3

Prerequisite: ACG 2001

A continuation of Principles of Financial Accounting I concepts with emphasis on financial statements, the statement of cash flows, and ratio analysis. Managerial accounting topics include job, standard, and activity-based costing, cost/volume/profit (CVP) analysis, master budgets, and capital budgeting.
BUL 3320 – Law and Business I

Prerequisites: Junior standing and GEB 1011; or instructor approval

This course examines the history of law and the role of legal institutions in American society. It covers the legal process, the role of contract law in personal and business life, the principal-agent relationship, employment law, formation of business organizations and government regulations. It also has a heavy emphasis on ethics and business.

CGS 2100 – Computer Applications in Business

Credit 3

The course objective is to provide the student with a working knowledge of several types of applications which are widely used in the operation of a business and/or office environment. Existing software for business applications such as decision support systems, data base management, word processing, forecasting and planning is explored. Some of the more common business tasks done on microcomputers today, such as accounts receivable, accounts payable, payroll, inventory control, scheduling and job costing are examined. Fee: refer to catalog section Fees and Financial Aid.

ECO 2013 – Principles of Economics: Macro

Credit 3

Prerequisite: MAC 1105

Introductory course dealing with the importance of economic issues at the national and international level. Includes the economic role of government banking, national income accounting, the business cycle inflation, unemployment and fiscal and monetary policies of the federal government. Gordon Rule – 3000 words.

ECO 2023 – Principles of Economics: Micro

Credit 3

Prerequisite: MAC 1105

A practical as well as theoretical application of economic laws and principles to the present-day business organization. Topics include price and output determination, marginal productivity analysis, the theories of consumption, market conditions, as well as a study of wages, rents, and interests. International economics is also considered along with current economic problems such as resource economics. Gordon Rule – 3000 words.

FIN 2100 – Personal Finance

Credit 3

Topics designed to assist the consumer in management of personal financial affairs. Includes insurance, savings instruments, credit, inflation, recession, banking, personal expenditures and budgeting, personal taxes, social insurance programs, house buying, introduction to investments, and estate planning.

FIN 3403 – Principles of Finance

Credit 3

Prerequisite: ACG 2011, ECO 2013, ECO 2323, Junior standing and instructor Approval.

The course is a study of the financial function of the firm. The course covers the processes, decision structures, and institutional arrangements concerned with the use and acquisition of funds by an organization. Includes the management of the asset and liability structure of the firm under certain business situations. Specific topics include financial statement analysis, ratios, cash budgeting, cost of capital, capital budgeting, debt and equity capital structures, types and evaluation of securities, and an overview of securities markets.

GEB 1011 – Introduction to Business Administration

Credit 3

Course will examine major activities of a business such as marketing, management, finance, and accounting. Different forms of business ownership will be discussed, emphasizing free enterprise.

GEB 3213 – Communication in Business

Credit 3

Prerequisites: Junior standing, GEB 1011, and MAN 3025; or instructor approval

This course is designed to teach business students fundamental written and oral communication skills to allow them to express ideas in a clear, convincing, effective and efficient manner. The course will focus on preparation of business presentations, e-mails, memos, letters and professional resumes and cover letters. Assignments will include both individual documents and team-written reports.
**GEB 4905 – Independent Directed Study in General Business**  
Credit 1–3

**Prerequisite:** GEB 1011 and admission to the Liberal Studies Program

Course is subject to the availability of faculty. Students wishing to take an independent directed study must fill out the Directed Studies Application Form and have it completed by the faculty member most relevant to the nature of the topic. The course can be taken twice for variable credit for no more than five credit hours total. The faculty director will work with the student to select a reading list, projects, and evaluations appropriate to the topic and the credit level chosen.

**GEB 4930 – Selected Topics in Business**  
Credit 1–3

**Prerequisite:** GEB 1011

Course contents depend on student’ needs. May be repeated once with different content.

**INP 4004 – Industrial/Organizational Psychology**  
Credit 3

**Prerequisite:** PSY 1012 and Junior standing

This course is a survey of the methods, data, theories, and applications of Industrial/Organizational psychology: psychology as applied to the world of work. The course will be organized into two major sections: personnel psychology and organizational psychology. The section on personnel psychology will cover measuring performance and predicting performance. The section on organizational psychology will progress from an individual to a group to an organizational perspective including topics such as job satisfaction, motivation and communication. Each class will be a mixture of lecture, discussion (including the case study at the end of the chapter) and activities.

**ISM 3004 – Management Information Systems**  
Credit 3

**Prerequisite:** Junior standing, MAN 3025; or instructor approval

Information technology plays a vital and expanding role in business. Information technology can help businesses improve the efficiency and effectiveness of their business processes, managerial decision making, and workgroup collaboration, thus strengthening their competitive positions in a rapidly changing marketplace. This is true whether information technology is used to support product development teams, customer support processes, electronic commerce transactions, or any other business activity. Computer information technologies and systems have become a necessary ingredient for business success in today’s dynamic global environment. For any manager, entrepreneur, or business professional, it is of utmost importance to have a basic understanding of information systems as it is to understand any other functional area in business.

**ISM 3212 – Database Design and Administration**  
Credit 3

**Prerequisite:** ISM 3004

This course is an introduction to the concepts and principles of database management. It is intended to provide potential designers, users and managers of database systems with an understanding of physical vs. logical representations, data modeling, implementation, and data management. Database skills are developed through both individual and team projects.

**ISM 3232 – Business Application Development**  
Credit 3

**Prerequisite:** ISM 3004

This course introduces business application development using an object-oriented programming language. Topics include data types, programming constructs, object construction, debugging techniques, and graphical user interfaces. Good program design techniques are emphasized. Applications of increasing complexity are developed.

**ISM 4113 – Systems Analysis and Design**  
Credit 3

**Prerequisite:** ISM 3004 and ISM 3212

This course addressed the need for information requirements definition, detailed description of information processing activities (using both use cases and data flow diagrams), and the finalization of instructions for information system design. Both traditional (waterfall) and rapid application development (RAD) approaches will be explored. Verification of information requirements against database design is also discussed.

</tbody>
</table>
MAN 4720 – Strategic Management  
**Credit 3**

**Prerequisite: Taken as a capstone course in Business Administration. Senior Standing Only.**

Strategic Management is a senior level course. The course encourages the development of a holistic approach to business decision-making by integrating concepts and experiences from all business areas or disciplines. The ability to work in a cross-disciplinary setting will be enhanced through group assignments. Topics covered include vision, external and internal analysis, and strategic alternatives. Strategic Management is the capstone course of the Business Administration program and should be taken in the student’s final term in the program. $55 course fee.

MAN 4940 – Business Administration Internship  
**Credit 3**

**Prerequisites: Business Major, Minimum 60 credit hours, including the following courses: GEB1011, ECO 2013, ECO 2023, ACG 2001, ACG 2011, MAN 3025, MAR 3023, Minimum 2.5 GPA, Approval of Department Chair**

Professional work experience in an external organization (pre-arranged and pre-approved internship) supervised by the department chair. One hundred fifty work hours and written assignments. Application must be accepted and approved prior to the semester internship will begin. Multiple hours may be taken for elective credit.

MAR 3023 – Principles of Marketing  
**Credit 3**

**Prerequisites: Junior standing and GEB 1011; or instructor approval**

This course begins with the history and development of marketing. It also includes an understanding of consumer behavior as it relates to strategic marketing decision making. It covers the use of marketing segmentation, target marketing and position marketing as well as product planning and development, distribution and promotion. There is a strong emphasis on effective written and oral communication skills.

QMB 2150 – Business and Economic Statistics  
**Credit 3**

**Prerequisites: MAC 1105/1114 or MAC 2233 and CGS 2100, CGS 1510; or instructor approval**

Designed to provide the student with a strong base in the use of elementary statistical tools for decision-making in business and economics. Topics include: data organization and interpretation; measures of central tendency; frequency distributions; calculation of probabilities; binomial and normal distributions; sampling theory and estimation; tests of hypotheses; analysis of variance; and elements of Bayesian decision theory.

Chemistry

Faculty
Dr. Colvin, Dr. Wilemon

Courses in Chemistry

BCH 3023 – Introduction to Biochemistry  
**Credit 3**

**Prerequisite: BSC 2010C/2011C and CHM 2210C/2211C**

This is a one semester comprehensive survey course is designed for undergraduates wishing to major in a health related field, chemistry, biology or biochemistry. The course deals with basic biochemical issues such as amino acids, pH and buffers, peptides, proteins, enzymes, nucleic acids, lipids, energy changes in the cell and carbohydrates. There will be a special emphasis on replication of nucleic acids and transcription of the genetic code. The course is designed to prepare those who want to go on to more advanced biochemical studies and to do research work in a health related field.

CHM 1020 – Chemistry for Liberal Arts I  
**Credit 3**

This course is designed for liberal arts students who are not science majors. The course will trace the development of chemistry from the early Greek atomic theory, through the alchemists into the ideas of modern chemical thought. There will be a particular emphasis on the impact of the development and use of the periodic table in chemistry. Chemical concepts will be introduced as much as possible through the venue of forensic chemistry.
CHM 1022C – General Chemistry I / Lab (formerly CHM 1030C)  Credit 4

A general chemistry course for allied science students and general students seeking credits in science (not intended for science or engineering majors). This course may be taken as a non-credit prerequisite for CHM 1045C by science or engineering students with little or no science background or with weaker test scores. Topics dealing with general chemistry include: scientific units, properties and states of matter, energy, electronic structures of atoms, Lewis-dot structures, ionic and covalent bonding, nomenclature, isotopes, Periodic Law and Table, chemical equations, electronegativity, stoichiometry, oxidation-reduction equations, kinetic molecular theory, gas laws, crystals, solutions, polarity, hydrogen bonding, colligative properties of solutions, kinetics, activation energy, catalysts, reversible reactions, equilibrium constant, LeChatelier’s principle, acids and bases, pH and buffers, titration curves, and nuclear chemistry. Fee: refer to catalog section Fees and Financial Aid.

CHM 1031C – General Chemistry II / Lab  Credit 4

Prerequisite: CHM 1022C

This is a continuation of CHM 1022C and is normally taken in sequence with major topics in organic chemistry and biochemistry. Major topics dealing with organic chemistry include the nomenclature, structure and properties of hydrocarbons and their derivatives (alcohols, phenols, ethers, esters, aldehydes, ketones, amides, amines, and carboxylic acids). Major topics in biochemistry include the carbohydrates, lipids, amino acids and proteins, enzymes, vitamins and hormones along with the pathways of metabolism, nucleic acids, and blood and urine composition. These courses (CHM 1022C &1031C) should be taken in sequence and therefore a passing grade in 1030C is prerequisite to enrollment in 1031C. Fee: refer to catalog section Fees and Financial Aid.

CHM 1032C – Chemistry for Allied Health Professionals/Lab  Credit 4

This course is designed primarily for students going on into health related fields. The focus is on basic chemical principles and an introduction to organic chemistry. Major topics include measurements, significant figures, energy/matter, basic theories of bonding, gas laws and acids/bases. The organic chemistry portion of the course includes nomenclature, structure and properties of hydrocarbons and their derivatives (alcohols, phenols, ethers, esters, aldehydes, ketones, amides, amines and carboxylic acids). Fee: refer to catalog section Fees and Financial Aid.

CHM 1045C–1046C – General Chemistry and Qualitative Analysis I & II / Lab  Credit 4–4

Prerequisite: One year of high school chemistry or grade “C” or better in CHM 1022C or special approval of the instructor. Co-requisite: MAC 1105 or higher.

This is a general chemistry and qualitative analysis course intended for science and engineering majors. Major topics include: scientific units, properties of matter, energy, atom chemical stoichiometry, states of matter, electronic structures of atoms, Lewis dot structures, covalent and ionic bonding, theories of bonding, nomenclature principles, isotopes, oxidation and reduction, electronegativity, kinetic molecular theory, gas laws, types of crystals, solutions, dipolar molecules, hydrogen bonding, colligative properties of solutions, dialysis, reaction kinetics, free energy of activation, catalysts, reversible reactions, equilibrium constants, LeChalelier’s principle, acids and bases, pH, pK, buffers, pH titration curves, Ksp, polyprotic acids and bases, systematic study of chemical families of periodic law and table, chemistry of metals, complex ions, nuclear chemistry and qualitative analytical chemistry. Laboratory experiments in the second semester in qualitative analysis. These courses should be taken in sequence and therefore a passing grade in CHM 1045C is prerequisite to enrollment in CHM 1046C. Fee: refer to catalog section Fees and Financial Aid.
CHM 2210C–2211C – Organic Chemistry I & II / Lab

Prerequisites: CHM 1045C–1046C

A general course covering the chemistry of organic compounds intended for science majors, pre-medical, pre-pharmacy, pre-dental, and pre-engineering students. The first semester covers structures, properties, preparations, reactions and reaction mechanism of alkanes, alkenes, alkyl halides, alcohols, ethers, alkenes and cyclic aliphatic compounds. Emphasis is placed on stereoisomerism, stereoselective and stereospecific reactions, aliphatic substitution reactions and addition reactions, the role of the solvent, and conjugation. The second semester covers aromaticity, electrophilic aromatic substitutions, spectroscopy, and the structures, properties, preparations, reactions and reaction mechanisms of aldehydes, ketones, carboxylic acids, carboxylic acid derivatives, carbanions, amines, phenols. Also introduced are the structures and reactions of lipids, carbohydrates, proteins, and nucleic acids. Laboratory experiments emphasize the techniques of organic synthesis and analysis. These courses should be taken in sequence and therefore a passing grade in CHM 2210C is prerequisite to enrollment in CHM 2211C. Fee: refer to catalog section Fees and Financial Aid.

Communication

Faculty

Dr. Johnson, Mr. Moore, Mrs. Trigg, Mrs. Yoho

Courses in Communication

COM 2000 – Introduction to Communication

This course is an introduction to the field of communication with emphasis on the history of communication study, theories important to all areas of communication, the contexts in which communication occurs, and the issues that must be faced by students of communication. The course serves as an introduction to several strands of communication: persuasion, interpersonal, organizational, mass communication, and intercultural.

COM 3120 – Organizational Communication

Prerequisite: COM 2000 or Instructor approval

This course examines various approaches to the study of communication as it occurs in various small group and organizational contexts. Particular emphasis is placed on relationships, motivation, structure, and power within organizations.

COM 3160 – Writing for the Communication Professions

Prerequisite: ENC 1101, ENC 1102

The course exposes students to writing for the communications professions represented in Communication Studies, Public Relations, Journalism, Theatre, and Social Media. Students strengthen grammar and develop the writing skills for specific forms of writing and information acquisition techniques.

COM 3945 – Communication Internship

Prerequisite: SPC 1608, SPC 3212, Junior standing, Communication major, Department Chair approval

Professional work experience in an external organization (pre-arranged and pre-approved internship) supervised by the department chair. One hundred fifty work hours and written assignments. Application must be accepted and approved prior to the semester internship will begin. Course may be repeated for elective credit.
**COM 4930 – Selected Topics in Communication**  
**Credit 1 – 3**  
**Prerequisite:** COM 2000  
Course contents depend on student’ needs. May be repeated once with different content.  
An introduction to the print and electronic media to acquaint the student with how and when they began, how and why they operate, and their impact upon contemporary society. Primarily a lecture course but with periodic guest speakers from the mass media.

**MMC 3602 – Mass Communications and Society**  
**Credit 3**  
A survey of the history, theory, processes, and philosophy of mass communications and the mass media in the United States, and their relationship to the other institutions of American society.

**ORI 3130 – Oral Interpretation**  
**Credit 3**  
**Prerequisite:** SPC 1608 (formerly SPC 1600) and COM 2000, or instructor approval  
Study in the theories and practice of human communication through oral performance. Theoretical components of performance criticism are emphasized in order to understand human communication as performance. Course includes analysis and preparation for voice work and oral presentation of prose, poetry and dramatic literature, including reading of the Bible, for public audiences.

**PUR 3000 Public Relations**  
**Credit 3**  
**Prerequisite:** SPC 1608, COM 2000 and GEB 3213  
This course examines public relations within the organizational setting. This course will focus on both practical and theoretical frameworks within the discipline of PR. Emphasis will be placed on journalistic writing.

**SPA 2001 – Introduction to Communication Disorders**  
**Credit 3**  
This introductory course provides an overview of common speech, language, and hearing disorders in children and adults including etiologies, characteristics, prevention, identification, assessment and intervention. The course provides an overview of the field of speech-language pathology and audiology.

**SPC 1608 – Public Speaking (formerly SPC 1600)**  
**Credit 3**  
Concentration on public communication in which numerous opportunities are provided to both analyze and give in-class speeches. Emphasis is upon informative and persuasive theory and extemporaneous speaking. Recommended to fulfill speech requirement.

**SPC 2050 – Voice and Diction**  
**Credit 3**  
A fundamental approach to voice improvement through acquaintance with elements of human voice production and the International Phonetic Alphabet (IPA). Frequent oral drills and IPA transcription.

**SPC 2594 – Forensic Workshop**  
**Credit 1**  
Laboratory in intercollegiate debate, oral interpretation and public speaking events, including extemporaneous, persuasive, prose, poetry, etc.

**SPC 3212 – Communication Theory**  
**Credit 3**  
**Prerequisite:** SPC 1608 (formerly SPC 1600)  
Communication theory helps students understand the field of communication as it is practiced by researchers, in the corporate atmosphere, and in our everyday lives. Since communication is so pervasive, this is a course that can only give a general outline of the families of theories that communication appropriates for its different facets. Students should be able to name the major divisions within communication, the different research styles, and, by the end of the course, be able to propose both a good research question and a method by which to answer that question and place their proposed research within the correct field of communication.
### SPC 3301 – Interpersonal Communication  
**Credit 3**

**Prerequisites:** Junior standing and SPC 1608 (formerly SPC 1600); or instructor approval

This course is designed to introduce students to the basic concepts and theories of interpersonal communication and to provide classroom activities and exercises that exemplify those theories. Lectures, discussions, activities, exercises, papers, quizzes and exams are designed to help students gain a better understanding of the process of interpersonal communication.

### SPC 3311 – Social Media for Professionals  
**Credit 3**

**Prerequisite:** SPC 1608 (formerly SPC 1600), SPC 3212 (may be corequisite)

This course examines the practical and theoretical issues associated with how people use computing devices in a variety of contexts (such as business, socially, politically, culturally, educationally, personally, etc.). Students examine how computing devices are used to establish and expand identity, create interpersonal relationships, manage information, as well as what effect the Internet has had on traditional forms of communication. This course teaches both “best practices” of the Internet as well as the theories within the discipline.

### SPC 3513 – Argumentation and Debate  
**Credit 3**

**Prerequisite:** SPC 1608 (formerly SPC 1600)

A basic course to improve critical thinking skills, including an overview of western logic, the process of research, formulation of debate propositions, and the application of analysis and reasoning in an educational debate setting. Emphasis will be placed on learning debate case and brief construction, types of educational debate, case flow techniques, and debate evaluation. Classroom debates will be part of the learning process.

### SPC 3602 – Advanced Public Speaking  
**Credit 3**

**Prerequisite:** SPC 1608 (formerly SPC 1600)

An advanced course in the preparation and delivery of public speeches including speeches to explain, convince, actuate and entertain. Special emphasis will be given to the use of a variety of rhetorical strategies in various public speaking contexts including impromptu, extemporaneous, memorized, and manuscript.

### SPC 4540 – Persuasion  
**Credit 3**

**Prerequisite:** SPC 1608 (formerly SPC 1600)

A study of the psychology of attitude formation and change, including theories of persuasion and persuasive communication. Application is made to advertising, public speaking, and other persuasion venues.

### SPC 4683 – Rhetorical Approaches to Media  
**Credit 3**

**Prerequisite:** COM 2000 or instructor approval

This course is designed to help students learn the craft of critically evaluating and consuming media with a full understanding of their persuasive powers in society, in the family, and in one’s personal conception of self. Much of the practice of criticism will be in the form of written argument; thus, writing is emphasized.

### SPC 4710 – Intercultural Communication  
**Credit 3**

**Prerequisites:** SPC 1608 (formerly SPC 1600), COM 2000, and SPC 3212

This course is designed to introduce students to the basic concepts and theories of intercultural communication and to provide classroom activities and exercises that exemplify those theories. Lectures, discussions, activities, exercises, papers, quizzes and exams are designed to help students gain a better understanding of the process of intercultural communication.
SPC 4905 – Directed Independent Study  Credit 1 - 3

**Prerequisite: SPC 1608** (formerly SPC 1600)

Course is subject to the availability of faculty. Students wishing to take an independent directed study must fill out the Directed Studies Application Form and have it completed by the faculty member most relevant to the nature of the topic. The course can be taken twice for variable credit for no more than five credit hours total. The faculty director will work with the student to select a reading list, projects, and evaluations appropriate to the topic and the credit level chosen.

SPC 4958 – Senior Seminar in Communication (Capstone)  Credit 3

**Prerequisite: SPC 1608, COM 2000, senior standing and instruction approval**

This course is designed as the capstone course for communication majors. It is aimed at providing students with the opportunity to integrate the knowledge and skills they have acquired as communication majors as well as to provide experiences for students to exhibit competent communication skills learned during their program of study in order to prepare for a career in communication or for graduate work at another institution. By working on a capstone project that draws on prior course work and that culminates in a speech and senior capstone paper, students utilize their critical thinking skills in synthesizing previous course work and extend and develop their own original ideas. By integrating their knowledge and skills students will also demonstrate that they possess them.

**Computer Information Technology**

**Faculty**

Mr. Hinds, Dr. Knight

**Courses in Computer Information Technology**

**CGS 1115 – Introduction to Computer Graphics**  Credit 3

An introduction to the concepts and rudimentary techniques involved in the computer graphics field. In this study of Introductory Computer Graphics, the student is provided with experience in and appreciation of the techniques used by computer professionals to understand, compose, and generate images for use as single graphics presentations, complete documents involving both text and graphics, computer games, 2D and 3D animations, graphics for video clips, and graphics for use on World Wide Web. The student will master basic graphic generation and editing techniques. Starting with the most elementary definition of a computer graphic, this course will cover introductory topics such as familiarization with all the graphics file types; the various applications which can generate single graphics, digital photography and computer animation; the activity of photography import, editing, and publishing; drawing applications which render the finished product; desktop publishing applications (including merging text and graphics); and web publishing. This course is a hands-on course in which the student will spend lab time accomplishing basic graphic editing, design, and rendering. Appreciation of high quality computer graphics and mastering the ability to produce them is the ultimate goal.

**CGS 1500 – Introduction to Word Processing**  Credit 1

An introduction to general word processing concepts. Microsoft Word will be primary application used to allow the student to master basic concepts in electronic word processing. Such concepts as creating new files, opening/closing existing files, establishing/overriding default settings, copying, moving, and renaming files, cut/copy/paste from/to the clipboard, navigation to file locations, setting paragraph alignment, find/replace operations, basic data merging, and document printing will be covered, plus much more. Fee: refer to catalog section Fees and Financial Aid.

**CGS 1510 – Introduction to Spreadsheet Concepts**

A study of electronic spreadsheet construction techniques. This course is designed for individuals who wish to master and use spreadsheet software. The course is directed toward novices, first-time owners/users of personal or business computers and individuals who would like to learn more about spreadsheet software and operations. Covered in the course are the history and terminology of spreadsheet software, spreadsheet design and construction, and uses of spreadsheet to solve financial problems. Also covered are spreadsheet graphics, spreadsheet database and spreadsheet automation with macros. Topics to be discussed include spreadsheet design; using the command structure; making, copying, and moving cell entries; arithmetic operations and formulas; formatting cells; using built-in functions; using look-up tables; linking spreadsheets; creating graphs; printing output; and designing and implementing macros. (No prerequisite) Fee: refer to catalog section Fees and Financial Aid.

**CGS 1540 – Introduction to Database Concepts**

This course is aimed at familiarizing students with the roles, advantages, operation, and design of databases. A series of database application projects on a computer is designed to build familiarity with creating, loading, maintaining and updating the database. Constructing database queries and building database reports are covered. (No prerequisites) Fee: refer to catalog section Fees and Financial Aid.

**CGS 1555 – Introduction to the Internet**

This course is a broad introduction to the Internet, with in-depth discussion of data communications. Topics include data communications terminology, Open Systems Interconnection (OSI) and TCP/IP, the history and growth of the Internet, Internet access and navigation, the World Wide Web, e-mail, and Internet security. This course will provide a working knowledge of Internet fundamentals including navigation and search techniques. The course also includes an overview of the concepts, design and methodologies employed in the most common computer networks. (No prerequisite) Fee: refer to catalog section Fees and Financial Aid.

**CGS 1871 – Introduction to Multimedia Concepts**

This course is designed for individuals who would like to learn multimedia technology. Multimedia integrates audio, video, text and graphics to enhance the human computer interface. This course will address the development of multimedia concepts, hardware and software components, cognitive and practical issues, and the planning, design and implementation of effective multimedia and hypermedia interfaces. Students will be involved in multimedia authoring, and presenting on various components of multimedia application. The course will include such topics as determining what technology to use and how to use it most effectively. Computer graphics will be highlighted as well as other visual aids such as charts, posters, slides and movies. Current cutting edge technologies used in multimedia presentation will also be explored. There will be heavy emphasis on practical projects developed by the students. (No prerequisites) Fee: refer to catalog section Fees and Financial Aid.

**CGS 2100 – Computer Applications in Business**

The course objective is to provide the student with a working knowledge of several types of applications which are widely used in the operation of a business and/or office environment. Existing software for business applications such as decision support systems, data base management, word processing, forecasting and planning is explored. Some of the more common business tasks done on microcomputers today, such as accounts receivable, accounts payable, payroll, inventory control, scheduling and job costing are examined. Fee: refer to catalog section Fees and Financial Aid.

**COP 1170 – Fundamentals of Programming Using BASIC**

An introductory programming course designed for beginners. General computing concepts including input, output, processing, secondary storage, software development and programming logic are introduced. Major topics include problem definition and the logic required for flow-charting, read-process-write loops, control breaks, table and multi-dimensional array creation and retrieval, multi-record single file processing, as well as multi-file processing programs. Elementary principles of program design and analysis are introduced, along with documentation standards. The BASIC programming language will be used and practical programming exercises will be employed. (No prerequisite) Fee: refer to catalog section Fees and Financial Aid.
### COP 1657 – Introduction to Smartphone Programming  
**Credit 3**

**Prerequisite: COP 1170 or instructor approval**

This course provides a comprehensive project experience in the development of mobile applications on several popular software platforms including iOS (formerly iPhone OS), Google Android, RIM Blackberry and Microsoft Windows Mobile 7. Students receive intensive tutorial introductions to each platform, covering hardware capabilities and limitations, the development environment, and the communications infrastructure available on campus to support networking and testing. In the first few weeks, students are assigned several smaller programming exercises so that they can demonstrate basic development proficiency. The remainder of the course is dedicated to larger projects, including teams.

### COP 2120 – COBOL Programming  
**Credit 3**

**Prerequisite: Instructor approval**

Upon successful completion of this course, the student should be able to design code and debug COBOL programs that process single files. A series of problem-centered tasks requires that the student successfully complete about eight programs. Each program builds upon knowledge and techniques acquired in previous programs. Programs involve loops, various types of calculations, internal manipulation and editing. Lectures, outside readings and problem centered lab work are utilized. Includes elementary business problem solving, such as arrays. American National Standard COBOL is taught. Fee: refer to catalog section Fees and Financial Aid.

### COP 2224 – Introduction to C and C++ Programming  
**Credit 3**

**Prerequisite: COP 1170 or instructor approval**

A programming course in the C language. The student will learn to design, document, prepare, enter, compile, debug and execute C programs of moderate sophistication. Major topics covered include: history of C; structured programming in C; data types in C; data structures in D; input/output in C. C++ will also be discussed, and visual or object-oriented programming techniques will be investigated. Fee: refer to catalog section Fees and Financial Aid.

### CTS 1101 – Introduction to Windows  
**Credit 1**

An introductory course to the Microsoft Windows 2000 computer operating system. A computer laboratory setting will be used where the student will explore various features of the Windows 2000 program. Using the mouse; customizing the desktop and taskbar; moving and resizing windows; file creation, deletion, copying, moving, and renaming will all be examined. Windows Explorer navigation, multi-tasking, electronic mail, and multimedia applications will also be covered. WordPad and Paint will be examined. Parts of a computer system, networking, and computer terminology will also be included. Fee: refer to catalog section Fees and Financial Aid.

### CTS 1206 – Introduction to PowerPoint Presentations  
**(formerly CTS 1550)**  
**Credit 1**

Course Numbering change for Fall 2009 – CTS 1206

This course begins with a brief overview of Microsoft PowerPoint for Windows and continues by familiarizing the student with the use of Microsoft PowerPoint in making effective presentations in business and education. Students learn how PowerPoint allows them to make effective electronic presentations, overhead transparencies, signs, paper handouts, and other types of presentations. The student is required to create and present to the class a minimum of two presentations. (No prerequisite) Fee: refer to catalog section Fees and Financial Aid.

### ISM 3004 – Management Information Systems  
**Credit 3**

**Prerequisite: Junior standing, MAN 3025; or instructor approval**

Information technology plays a vital and expanding role in business. Information technology can help businesses improve the efficiency and effectiveness of their business processes, managerial decision making, and workgroup collaboration, thus strengthening their competitive positions in a rapidly changing marketplace. This is true whether information technology is used to support product development teams, customer support processes, electronic commerce transactions, or any other business activity. Computer information technologies and systems have become a necessary ingredient for business success in today’s dynamic global environment. For any manager, entrepreneur, or business professional, it is of utmost importance to have a basic understanding of information systems as it is to understand any other functional area in business.
ISM 3212 – Database Design and Administration  Credit 3
Prerequisite: ISM 3004
This course is an introduction to the concepts and principles of database management. It is intended to provide potential designers, users and managers of database systems with an understanding of physical vs. logical representations, data modeling, implementation, and data management. Database skills are developed through both individual and team projects.

ISM 3232 – Business Application Development  Credit 3
Prerequisite: ISM 3004
This course introduces business application development using an object-oriented programming language. Topics include data types, programming constructs, object construction, debugging techniques, and graphical user interfaces. Good program design techniques are emphasized. Applications of increasing complexity are developed.

ISM 4113 – Systems Analysis and Design  Credit 3
Prerequisite: ISM 3004 and ISM 3212
This course addressed the need for information requirements definition, detailed description of information processing activities (using both use cases and data flow diagrams), and the finalization of instructions for information system design. Both traditional (waterfall) and rapid application development (RAD) approaches will be explored. Verification of information requirements against database design is also discussed.

ISM 4220 – Business Data Communications  Credit 3
Prerequisite: ISM 3004
This course covers data communication methods used in business, with a special emphasis being placed on the Open Systems Interconnection (OSI) model of the internal functions of data communication. Network architectures (including appropriate media), communication protocols, data transmission standards, and methods by which media access is limited are also discussed. Both technical and managerial perspectives are considered, and implementation issues are discussed.

Drama

Faculty
Mr. Moore

Courses in Drama

TPA 1925L – Stage Production Lab  Credit 1
The basic materials, equipment, and skills used in organizing and producing theatrical productions. A lab course providing hands-on practical experience in a variety of production skills including scenic construction and painting, makeup, light, sound, direction, and other aspects of theater production by participating in the off-stage production of Dramatic and Musical presentations of the College. May be repeated for a total of four hours credit.

TPP 1190L – Theatre Performance Lab  Credit 1
Practical experience in learning and developing acting and performance skills by participation as a performer in the Dramatic and Musical Productions of the College. May be repeated twice.
Education

Faculty
Mr. Fannin, Chair of Education Department
Mrs. Chandler, Mrs. Andrea Hastings, Dr. Madrigal, Dr. Northcutt, Mrs. Roberts, Mr. Wade

Courses in Education

ARE 3313 – Methods of Teaching Art in the Elementary School  Credit 2
Prerequisite: Admission to the Elementary Education program or departmental approval
A review of the curriculum in elementary school art with emphasis on the methods and resources to provide a variety of learning experiences for elementary school children.

EDE 3223 – Methods of Teaching Art and Music in the Elementary School  Credit 3
Prerequisite: Admission to the Elementary Education program or departmental approval
This course provides students with an integrative understanding of art and music. Emphasis is placed on the effective integrative lesson planning and modeling techniques related to art and music in elementary schools.

EDE 3941 – Pre-Intern Field Experience I  Credit 2
Prerequisite: Admission into the Elementary Education program or departmental approval
This course is designed to introduce the pre-service teacher to the climate and culture, expectations, activities, professional skills and personal attributes of effective teachers in public and/or private schools. The course involves 4 to 6 hours per week of directed and supervised field experience in an approved school setting.

EDE 4201 – Elementary School Curriculum and Instruction  Credits 3
Prerequisite: Admission to the education program or departmental approval
This course explores the basic principles of curriculum and instruction as applied to five to twelve year old learners. We will examine traditional and innovative teaching strategies. The course focuses on planning curriculum and instruction through selecting, planning and utilizing materials, methods, activities and facilities suited to elementary children. Learning programs are planned for specific classroom situations, and are implemented and evaluated during the course. Course designators: Writing and Speaking.

EDE 4245 – Teaching Art, Music and PE in the Elementary School  Credits 2
Prerequisite: Admission to the education program or departmental approval
This course provides students with an integrative understanding of art, music, and PE. Emphasis is placed on the effective integrative lesson planning and modeling of techniques related to art, music, and PE in elementary schools.

EDE 4940 – Teaching Internship  Credits 11
Prerequisite: Completion of all courses in the education program prior to the final intern semester
The Internship is the culminating course in the professional teacher education program. It is a complete semester field experience in an approved public or private school, with the intern assuming increasing responsibility in the classroom. The intern will substantially take over the class for 10 weeks of the Internship under the supervision of the cooperating teacher and a College supervisor.
EDE 4942 – Pre-Intern Field Experience II Credit 2
Prerequisite: EDE 3941 or departmental approval
This is the second course in this series, and it is designed to continue preparation of the pre-service teacher to become an effective teacher in a public or private school. The course builds on Pre-Intern Field Experience I, by adding responsibilities for writing and implementing lesson plans, in addition to continued activities begun in the previous class. The course involves about 7 hours twice a week of directed and supervised field experiences in an approved school setting.

EDF 2005 – Introduction to Education Credit 3
This course is a survey of the fields of educational specialization, the school's relationship to other community institutions, the teacher's responsibility to be an informed citizen, and current trends in educational thinking. Field work required.

EDF 2085 (formerly EDG 2701 or EDG 2085) – Teaching Diverse Populations Credit 3
This course explores the demographics of today's society, prejudice and its foundations, concepts of culture, the roots of diversity and commonality, exceptionalities, barriers to cultural understanding and dealing with diversity in the classroom. The course will involve 15 hours of field experiences.

EDF 3122 – Learning and the Developing Child Credit 3
Prerequisite: PSY 1012
This course is a general survey of the data, theories, and philosophies of the development of children as it affects their education and the application of psychology to the theory and practice of educating the developing child. This class requires 10 hours of field experience arranged by the instructor.

EDF 3251 – Classroom Management Credit 3
Prerequisite: Admission into the Elementary Education program or departmental approval
A consideration of the theories and practical applications of techniques needed to manage the classroom. Appropriate for kindergarten, elementary and secondary school teachers. Major issues considered include developing the curriculum, maintaining a learning environment and assessing the teacher's effectiveness and the student's learning in the classroom.

EDF 3430 – Testing and Measurement in Education Credit 3
Prerequisite: Admission into Elementary Education program or instructor approval
This introductory course helps prospective teachers test and measure student progress toward identified objectives, evaluate their own performance, and interpret the results of district and external assessments. Prospective teachers learn how to design and develop traditional as well as authentic forms of assessment in their respective disciplines and to measure teaching effectiveness. Prospective teachers are able to read and interpret external assessments and accompanying materials.

EDF 4905 – Independent Directed Study in Education Credit 1 – 3
Prerequisite: Admission to an upper-level program
Course is subject to the availability of faculty. Students wishing to take an independent directed study must fill out the Directed Studies Application Form (available from the department chair) and have it completed by the faculty member most relevant to the nature of the topic. The course can be taken for variable credit and more than once, but not more than twice and for no more than five credit hours total. The faculty director will work with the student to select a reading list, projects, and evaluations appropriate to the topic and the credit level chosen.

EDF 4930 – Selected Topics in Education Credit 1 – 3
Prerequisite: EDF 2005
Course contents depend on student' needs. May be repeated once with different content.

</tbody>
</table>
MUE 4210 – Methods of Teaching Music in the Elementary School  Credit 3
Prerequisite: Admission into the Elementary Education program or departmental approval
This course is designed to introduce pre-service elementary education teachers to the basic elementary school music curriculum and to equip them to teach the Florida Sunshine State standards for Music (K-8). Emphasis will be placed upon a variety of methods, materials, and resources needed to provide developmentally appropriate learning experiences for diverse students in elementary school. A focus on integrating music and other content areas will prepare the pre-service elementary teacher to motivate and inspire students to construct understanding in all content areas.

RED 3309 – Early and Emergent Literacy K-2  Credit 3
Prerequisite: Admission into the Elementary Education program or departmental approval
This course is designed to increase understanding of early literacy development and the conditions which promote total literacy for children birth to second grade. Language theory and current research are used to shape informed practices regarding literacy development. Connections are made among all aspects of literacy learning including reading, writing, listening, and speaking. The course explores research-based best practices in teaching literacy to young children. It includes a minimum of 15 school-based hours of participation/observation of reading in educational setting(s).

RED 3310 – Methods of Teaching Reading in the Elementary School  Credit 3
Prerequisite: Admission into the Elementary Education program or departmental approval
This course is an introduction to the fundamentals of reading instruction for the elementary school child. It includes an examination of the theoretical basis for instruction; teaching methods, materials, and resources; assessment of reading skills related to reading skills development. Field experience is required.

RED 3353 – Intermediate Literacy 3-6: Comprehension & Content Area Reading  Credit 3
Prerequisite: Admission to the Elementary Education program or departmental approval
Co-requisite: EDE 3941 and LAE 3314
This course is an intermediate reading course that combines the study of theory and practice in the teaching of developmental reading, and critical thinking in grades 3-6. The major emphasis of the course is on current theories, methods, and materials used in teaching reading comprehension across the curriculum.

RED 4542 – Literacy Assessment and Instructional Strategies  Credit 3
Prerequisites: LAE 3314, LAE 3414, RED 3310, and admission to the Elementary Education program or departmental approval
This reading methods course focuses on assessing reading and literacy development from emergent to fluent levels; interpreting results of assessments; and planning and guiding students’ continued development in every aspect of literacy, with emphasis on reading. Specific attention will be given to developing skill in the administration and interpretation of individual reading inventories. Fifty percent of class time is in a lab format, and students will work with individual elementary students from a local school, including students whose native language is not English.

SCE 4310 – Methods of Teaching Science in the Elementary School  Credit 3
Prerequisite: Admission to the Elementary Education program or departmental approval
A review of the curriculum in elementary school science with emphasis on the methods, resources and materials needed to provide a variety of learning experiences for elementary school children. Field work required.

SLS 1501 – College Success  Credit 1
Designed to assist students to successfully cope with the demands of college and make best use of the challenges and opportunities available. Class will engage in discussions regarding the reasons for an education and try a variety of skills proven helpful for academic success. Required of students on Academic Probation. Course must be repeated if not successfully passed.
**SSE 3313 – Methods of Teaching Social Science in the Elementary School**  Credit 3

**Prerequisites:** Admission to the Elementary Education program and completion of the social sciences component of the general education program

A review of the curriculum in elementary school social studies with emphasis on the methods, resources and materials needed to provide a variety of effective learning experiences for elementary school children.

**TSL 3080 – Introduction TESOL**  Credit 3

**Prerequisites:** Junior standing or departmental approval

This course is designed to introduce students to the theories, research, issues and practices of TESOL. Some of the legal issues that have influenced the field will be explored. Special attention will be given to the needs of Limited English Proficient (LEP) students, the nature of first and second language acquisition, multiculturalism and sociolinguistics, classroom management, curriculum development and issues of evaluation and assessment. A component of field experience (2-4 hours) is included in this course.

**TSL 4081 – TESOL Issues and Practices**  Credit 3

**Prerequisites:** TSL 3080 and admission to the Elementary Education program; or departmental approval

This course is designed to serve as the culminating experience in the area of ESOL for the elementary education major. The goal of this course is to make the connection between theory and practice. Special attention will be given to the areas of methodology and curriculum development. Classroom based recommended practices will be the focal point of the course, including a 12 hour field experience requirement.

**English**

**Faculty**

Mrs. Atherton, Dr. Bingham, Mrs. Chandler, Mrs. Crump, Dr. MacDonald, Mrs. Witherington

**Courses in English**

**AML 2010 – American Literature I: Colonial Period – 1865**  Credit 3

**Prerequisite:** ENC 1101 or instructor approval

This course is a critical survey of representative American writers, literary works, and themes from the colonial period through 1865. This course satisfies 3 hours of the General Education Requirement as humanities. Gordon Rule – 3000 words.

**AML 2020 – American Literature II: Civil War to Present**  Credit 3

**Prerequisite:** ENC 1101 or instructor approval

This course is a critical survey of representative American writers, literary works, and themes since 1865. This course satisfies 3 hours of the General Education Requirement as humanities. Gordon Rule – 3000 words.

**AML 3311 – Major Figures in American Literature and Culture**  Credit 3

**Prerequisites:** ENC 1101, ENC 1102, and one of AML 2010 or AML 2020, ENL 2010 or ENL 2020; junior standing or instructor approval

This course critically studies representative works by significant writers exemplifying major themes, movements, forms, and styles found in American Literature. Gordon Rule – 3000 words. (This course will satisfy 3 hours of humanities general education requirement)
AML 4233 – American Realism and Naturalism  
**Credit 3**

**Prerequisites:** ENC 1101, ENC 1102, and one of AML 2010 or AML 2020, ENL 2010 or ENL 2020; junior standing or instructor approval

This course critically studies American realist and naturalist writers with emphasis on the relationship / interaction between these writers and significant historical events, intellectual and scientific developments, and social movements. It includes analysis of themes, forms, and styles of selected major works produced between the Civil War and World War I. Gordon Rule – 3000 words.

ENC 0020 – Introduction to College English  
**Credit 0**

A course designed to help prepare the student for ENC 1101 by a study of fundamental skills in English grammar, usage, and punctuation; logical, effective sentence structure; well-organized paragraphs and essays. (Required for students whose placement scores and high school grades indicate need for remediation; no college degree credit) Grade effects grade point average.

ENC 1101 – Freshman Composition Skills I  
**Credit 3**

**Prerequisites:** Minimum score of 17 on the English and 18 on the Reading areas of the ACT, or 440 on SAT Verbal, or grade of “C” or above in ENC 0020

Expository writing emphasizing paragraph and essay development, and introduction to research. Gordon Rule – 6000 words.

ENC 1102 – Freshman Composition Skills II  
**Credit 3**

**Prerequisite:** Grade of “C” or above in ENC 1101 or ENC 1121

A continuation of ENC 1101, including a major research paper and analytical and persuasive writing of one or more of the following types: analytical essays, critical reviews of nonfiction and/or fiction, persuasive essays, and summaries or paraphrases. Gordon Rule – 6000 words.

ENC 1121 – Freshman Comp I/Honors  
**Credit 3**

**Prerequisites:** Satisfactory SAT or ACT scores and high school grades

A study of English composition for freshman honors students. Analysis of major writings from British, American, and world literature with emphasis on the skills necessary to write persuasive essays about literature. Students will use research skills in their writing. Gordon Rule – 6000 words.

ENC 1122 – Freshman Comp II/Honors  
**Credit 3**

**Prerequisite:** ENC 1121

Second course in English composition for honors students, with emphasis on persuasive writing about literary topics. A major research paper on a literary topic is required. Gordon Rule – 6000 words.

ENG 3063 – Advanced Grammar: Analysis and Application  
**Credit 3**

**Prerequisites:** ENC 1101, ENC 1102; junior standing or instructor approval

A detailed study and application of the basic grammatical classifications of traditional English grammar including parts of speech, verb tenses, sentence patterns, and clauses and phrases, along with punctuation and correct usage.

ENG 4060 – History of the English Language  
**Credit 3**

**Prerequisites:** ENC 1101, ENC 1102, and one of AML 2010 or AML 2020, ENL 2010 or ENL 2020; junior standing or instructor approval

A course offering a background in basic concepts of linguistics, in principles of language change, in historical linguistic study, and in the development of the English language through a historical study of Old English, Middle English, Early Modern English, and Present Day English. Gordon Rule – 3000 words.
ENG 4905 – Independent Directed Study in English  Credit 1–3
Prerequisites: ENC 1101, ENC 1102, and one of AML 2010 or AML 2020, ENL 2010 or ENL 2020; junior standing or instructor approval
Subject to the availability of faculty. Students wishing to take an independent directed study must fill out the Directed Studies Application Form and have it completed by the faculty member whose expertise includes the topic of study. The course can be taken twice for variable credit for no more than five credit hours total. The faculty director will work with the student to select a reading list, projects, and evaluations appropriate to the topic and the credit level chosen.

ENL 2010 – Major Figures in English Literature  Credit 3
Prerequisite: ENC 1101 or instructor approval
A course requiring critical reading of and critical writing about major authors and works representing significant themes and forms from the Medieval Period to 1660. This course satisfies 3 hours of the General Education Requirement as English literature or humanities. Gordon Rule – 3000 words.

ENL 2020 – Major Figures in English Literature  Credit 3
Prerequisite: ENC 1101 or instructor approval
A course requiring critical reading of and critical writing about major authors and works representing significant themes and forms from 1660 to the early twentieth century. This course satisfies 3 hours of the General Education Requirement as English literature or humanities. Gordon Rule – 3000 words.

ENL 3210 – Medieval British Literature  Credit 3
Prerequisites: ENC 1101, ENC 1102, and one of AML 2010 or AML 2020, ENL 2010 or ENL 2020; junior standing or instructor approval
A study of British poetry from 450-1500, this course introduces students to the literary works of early and late medieval England along with cultural and historical contexts, making students conversant with major genres, themes, and styles associated with the Old and Middle English literary periods.

ENL 3333 – Shakespearean Drama  Credit 3
Prerequisites: ENC 1101, ENC 1102, and one of AML 2010 or AML 2020, ENL 2010 or ENL 2020; junior standing or instructor approval
A study of representative Shakespeare dramas and their relationship to Renaissance intellectual, historical, and political movements. This course satisfies 3 hours of the General Education Requirement as English literature or humanities. Gordon Rule – 3000 words.

ENL 4240 – British Romantic Literature  Credit 3
Prerequisites: ENC 1101, ENC 1102, and one of AML 2010 or AML 2020, ENL 2010 or ENL 2020; junior standing or instructor approval
A course examining major authors and their works between 1785 - 1832.

ENL 4251 – Victorian Literature and Culture  Credit 3
Prerequisites: ENC 1101, ENC 1102, and one of AML 2010 or AML 2020, ENL 2010 or ENL 2020; junior standing or instructor approval
Critical study of major Victorian writers, 1830-1901, such as Tennyson, Browning, Carlyle, Arnold, Wilde, Rossetti, and Swinburne, with analysis of the major forms and themes of Victorian literature.

JOU 1430L – Yearbook I  Credit 1
Study in the preparation and production of a College yearbook. Students learn writing for publication, copyediting, digital photography, and DTP software on Mac platforms. May be taken twice.
### JOU 2431L – Yearbook II  
**Prerequisite:** JOU 1430L  
Students learn writing for publication, copyediting, digital photography, and DTP software on Mac platforms. May be taken twice.

### JOU 3432L – Yearbook III  
**Prerequisite:** JOU 2431L  
Students learn writing for publication, copyediting, digital photography, and DTP software on Mac platforms. May be taken twice.

### JOU 4433L – Yearbook IV  
**Prerequisite:** JOU 3432L  
Students learn writing for publication, copyediting, digital photography, and DTP software on Mac platforms. May be taken twice.

### LIT 2371 – Biblical Literature: Old Testament Poetry and Wisdom Literature  
**Prerequisite:** REL 1210 or instructor approval  
A course designed to acquaint the student with the book of Psalms and a selection of the Wisdom Literature of the Old Testament. Special attention will be given to the character of Hebrew poetry. Some consideration will also be given to the hymns and wisdom literature of surrounding Ancient Near Eastern cultures. The course will satisfy 3 hours humanities general education requirement. Gordon Rule – 3000 words.

### LIT 2953 – Selected Topics: Great Literature of the World  
A study combining 24 hours of classroom/directed study with travel to enhance the student’s understanding of and appreciation for literature. Content varies; offered if demand suffices. This course is reading and writing intensive. The course will satisfy 3 hours humanities general education requirement. Gordon Rule – 3000 words.

### LIT 3031 – Selected Topics in Poetry  
**Prerequisites:** ENC 1101, ENC 1102, and one of AML 2010 or AML 2020, ENL 2010 or ENL 2020; junior standing or instructor approval  
A course examining major authors and their works of a major period. Content varies. This course satisfies 3 hours of the General Education Requirement as English literature or humanities. Gordon Rule – 3000 words.

### LIT 3103 – Selected Studies in World Literature  
**Prerequisites:** ENC 1101, ENC 1102, and one of AML 2010 or AML 2020, ENL 2010 or ENL 2020; junior standing or instructor approval  
A course examining major works in world literature in their social and cultural context through a close reading of selected texts and literary criticism. Content varies, and may focus on a specific topic and works studied will vary, depending upon the instructor’s interest and expertise. Selected topics may focus on a specific literary period (Medieval, Romantic), thematic interest (Utopian literature, naturalism/realism), genre (novel, gothic novel, drama, poetry), or author(s) (Russian writers, Cervantes). This course is reading and writing intensive. This course satisfies 3 hours of the General Education Requirement as English literature or humanities. Gordon Rule – 3000 words.
Humanities

Faculty

HUM 4905 – Independent Directed Study in Humanities  
Credit 1–3  
**Prerequisite:** Admission to the Liberal Studies program  
Course is subject to the availability of faculty. Students wishing to take an independent directed study must fill out the Directed Studies Application Form and have it completed by the faculty member most relevant to the nature of the topic. The course can be taken twice for variable credit for no more than five credit hours total. The faculty director will work with the student to select a reading list, projects, and evaluations appropriate to the topic and the credit level chosen.

LIT 2371 – Biblical Literature: Old Testament Poetry and Wisdom Literature  
Credit 3  
**Prerequisite:** REL 1210 or instructor approval  
This course is designed to acquaint the student with the book of Psalms and a selection of the Wisdom Literature of the Old Testament. Special attention will be given to the character of Hebrew poetry. Some consideration will also be given to the hymns and wisdom literature of surrounding Ancient Near Eastern cultures. Gordon Rule – 3000 words.

LIT 2953 – Selected Topics: Great Literature of the World  
Credit 3  
A study combining a minimum of 24 hours of classroom/directed study with travel to enhance the student’s understanding of and appreciation for literature. Content varies; offered if demand suffices. This course is reading and writing intensive. The course will satisfy 3 hours of the humanities general education requirement. Gordon Rule – 3000 words.

LIT 3031 – Selected Topics in Poetry  
Credit 3  
**Prerequisites:** ENC 1101, ENC 1102, ENL 2010, and ENL 2020; or instructor approval  
A course examining major authors and their works of a major period. Content varies. This course satisfies 3 hours of the General Education Requirement as English literature or humanities. Gordon Rule– 3000 words.

LIT 3103 – Selected Studies in World Literature  
Credit 3  
**Prerequisites:** ENC 1101, ENC 1102, AML 2010, AML 2020, ENL 2010, and ENL 2020; or instructor approval  
A course examines major works in world literature in their social and cultural context through a close reading of selected texts and literary criticism. Content varies, and may focus on a specific topic and works studied will vary, depending upon the instructor’s interest and expertise. Selected topics may focus on a specific literary period (Medieval, Romantic), thematic interest (Utopian literature, naturalism/realism), genre (novel, gothic novel, drama, poetry), or author(s) (Russian writers, Cervantes). This course is reading and writing intensive. This course satisfies 3 hours of the General Education Requirement as English literature or humanities. Gordon Rule – 3000 words.

MUL 1110 – Introduction to Music Literature  
Credit 3  
A survey of music from early forms to contemporary compositions. The aims of the course are: to widen the musical horizons and receptivities, and to develop discrimination. Recorded music is used extensively for listening. No formal musical background is prerequisite. Humanities Credit for graduation. Gordon Rule – 3000 words.

PHI 1010 – Introduction to Philosophy  
Credit 3  
**Prerequisites:** ENC 1101  
An introductory, historical survey of the aims, methods, and problems of the major periods of philosophy, from Thales the “first” Greek philosopher to some of the major twentieth-century philosophers. Gordon Rule – 3000 words.

REL 3308 – World Religions  
Credit 3  
**Prerequisites:** REL 1200 or 1210 or REL 1240 or instructor approval  
This course provides intensive study of several major world religions including Buddhism, Hinduism, Confucianism, Islam, Judaism, and Christianity, as well as comparative analyses of their sacred literature, rituals, and cultural manifestations. Humanities credit for graduation. Gordon Rule – 3000 words.
Liberal Studies

Faculty
Dr. Bingham, Chair of Liberal Studies Department
Mrs. Atherton, Dr. Barlar, Dr. Burton, Dr. Crispell, Dr. Dickey, Mr. Fannin, Mr. Hamilton, Dr. Johnson, Dr. Longstreth, Dr. MacDonald, Dr. McClister, Dr. Madrigal, Dr. Moyer, Mr. Peeler, Dr. Petty, Mrs. Roberts

Courses in Liberal Studies

**IDS 4905 – Directed Study in Liberal Studies**  
**Credit 1–3**  
**Prerequisite: Admission to the Liberal Studies program**  
Students negotiate the content and format of Directed Study on an individual basis. The program of reading, assignments and method of evaluation will be dependent on the subject under study. Supervision is also on an individual basis and so there will be no regularly scheduled classes, although the student is expected to make and maintain regular meetings with the faculty director. Students wishing to take an independent directed study must fill out the Directed Studies Application Form and have it completed by the faculty member most relevant to the nature of the topic. The course can be taken for variable credit and more than once, but not more than twice and for no more than 5 credit hours total. The faculty director will work with the student to select a reading list, projects, and evaluations appropriate to the topic and the credit level chosen.

**IDS 4950 – Liberal Studies Senior Thesis**  
**Credit 3**  
**Prerequisite: Senior standing in the Liberal Studies program**  
This seminar, the culmination of formal undergraduate work for the Honors Curriculum in Liberal Studies, allows each student to select an interdisciplinary topic for advanced research—that is, a topic that relates two of the component areas the student has included in his or her curriculum. The seminar provides a setting in which the student may share his or her work with faculty members and other students. More than other courses, this course challenges each student to examine the intersections between different disciplines, to produce serious intellectual work, and to present that work so that it is comprehensible to scholars from all academic disciplines.

Mathematics

Faculty
Mrs. Andrea Hastings, Mrs. Annetta Hastings, Mrs. Jones, Mr. Main

Courses in Mathematics

**MAC 1105 – College Algebra**  
**Credit 3**  
**Prerequisites: Two years of high school algebra and MAT 1033 or a satisfactory score on the mathematics portion of the ACT/SAT, or instructor approval**  
This course provides students an opportunity to gain algebraic knowledge needed in many different fields such as engineering, business, education, science, computer technology, and mathematics. Graphical, numerical, symbolic, and verbal methods support the study of functions and their corresponding equations and inequalities. Students will study linear, quadratic, rational, exponential, logarithmic, inverse, composite, radical, and absolute value functions; systems of equations and inequalities modeling applied problems; and curve fitting techniques. There will be extensive use of graphing calculators.
MAC 1114 – Pre-Calculus Trigonometry  
**Prerequisite:** MAC 1105 or suitable score on ACT/SAT

Introduction to the elementary trigonometric functions using the functional approach, simple identities, identities using the summation, half arc, and double arc formulas, inverse and composite functions, sketching of the elementary functions emphasizing phase shift, period, and amplitude, and the solution of right and obtuse angles.

MAC 1140 – Pre-Calculus Algebra  
**Prerequisite:** Two years of high school algebra and a satisfactory score on the mathematics portion of the SAT/ACT

Linear equations and their applications, quadratic equations, linear inequalities and intervals, slope and equations of a line, functions, application of linear functions, graphs of functions, composite functions, inverse functions, quadratic functions, polynomial, rational, exponential and logarithmic functions and exponential growth and decay, polynomial functions of degree higher than two, rational functions and their graphs and conic sections with the goal of preparing the student to take Calculus I.

MAC 1147 – Pre-Calculus Algebra and Trigonometry  
**Prerequisite:** MAC 1105 or suitable score on ACT/SAT

This course is designed to provide knowledge of linear equations and their applications, quadratic equations, linear inequalities and intervals, slope and equations of a line, functions, applications of linear functions, graphs of functions, composite functions, inverse functions, quadratic functions, polynomial, rational, exponential and logarithmic functions and exponential growth and decay, polynomial functions of degree higher than two, rational functions and their graphs, and sequences, series, and probability with the goal of preparing the student to take Calculus I. Graphing calculators are required.

MAC 2233 – Applied Calculus  
**Prerequisite:** MAC 1105 or instructor approval

This course is designed for business, economics, and non-physical science majors. Review of algebraic preliminaries, rates of change, the derivative, optimization methods, integration, and applications.

MAC 2311 – Calculus with Analytic Geometry I  
**Prerequisites:** 2 years high school pre-calculus or calculus with appropriate SAT/ACT mathematics score

Careful development of the concept and formal definition of the limit, limit theorems, the derivative as the limit of a difference quotient, theorems for derivatives, applications of derivatives including curve sketching, optimization of functions of one variable, rectangular motion problems, and related rate problems, the definite integral as the limit of a Riemann Sum, the Fundamental Theorem of Calculus, integration by simple substitution.

MAC 2312 – Calculus with Analytic Geometry II  
**Prerequisite:** MAC 2311

Differentiation of transcendental functions, differential equations, applications of integration, integration techniques, L'Hopital's rule, improper integrals, infinite series, Taylor's series, parametric equations, and polar coordinates.

MAC 2313 – Calculus with Analytic Geometry III  
**Prerequisite:** MAC 2312

Vectors and geometry of 3 dimensional space, vector-valued functions, velocity and acceleration in 2 and 3 dimensional space, functions of several variables, partial differentiation, directional derivatives in 2 and 3 dimensional space, extrema of functions of two variables, optimization of functions of two variables, Lagrange multipliers and constrained optimization, multiple integrals, applications of multiple integrals, multiple integrals in rectangular, cylindrical, and spherical coordinate systems, using Jacobians to change variables in multiple integrals, vector fields, line integrals in vector fields, conservative fields and independence of the path of integration, and Green's Theorem.

<tr>
<td>MAP 2302</td>
<td>Differential Equations</td>
<td>3</td>
<td>MAC 2312</td>
<td>First order linear and non-linear differential equations. Higher order linear equations with applications of all of these equations.</td>
</tr>
<tr>
<td>MAS 2103</td>
<td>Linear Algebra</td>
<td>3</td>
<td>MAC 2312</td>
<td>Designed to prepare students majoring in engineering, natural sciences or behavior sciences which require matrix techniques. Includes systems of linear equations, matrix algebra, determinants, vector spaces, linear transformations.</td>
</tr>
<tr>
<td>MAT 0024</td>
<td>Elementary Algebra</td>
<td>0</td>
<td>At least one high school algebra course</td>
<td>A course designed for students who do not have the prerequisites for MAT 1033 or MGF 1106-1107 (grade of C or better required to advance). This course does not satisfy general education requirements in math. Students will study the real number system, linear equations and inequalities in one variable including applications, linear equations in two variables and graphing, exponents and polynomials. Grade affects grade point average.</td>
</tr>
<tr>
<td>MAT 1033</td>
<td>Intermediate Algebra</td>
<td>3</td>
<td>MAT 0024 or appropriate mathematics score on SAT/ACT</td>
<td>A course designed for students needing algebra, but who do not have the prerequisites for MAC 1105. Credit is given as an elective credit only; it does not apply toward satisfying the six hours of mathematics required for graduation. Students will study linear equations, functions, and graphs, factoring and applications, rational expressions and applications, radicals, root functions, complex numbers, quadratic equations and inequalities, and systems of linear equations.</td>
</tr>
<tr>
<td>MGF 1106</td>
<td>Mathematics for Liberal Arts</td>
<td>3</td>
<td>MAT 1033 or satisfactory score on the mathematics portion of SAT/ACT</td>
<td>This course provides a survey of mathematical topics including set operations, Venn diagrams and cardinal numbers, concepts and analytical skills in areas of logic, the metric and U.S. customary systems of measurement, an exploration of points, lines, planes and angles in geometry, curves, polygons and circles, congruence, similarity and the Pythagorean theorem, consumer mathematics, systematic counting, the fundamental counting principle, permutations and combinations, probability, odds and expected value and statistics with frequency distribution, measures of central tendency and a normal distribution.</td>
</tr>
<tr>
<td>MGF 1107</td>
<td>Mathematics for Liberal Arts</td>
<td>3</td>
<td>MAT 1033 or satisfactory score on the mathematics portion of SAT/ACT</td>
<td>This course provides a survey of mathematical topics including key historical mathematical events, an introduction to inductive reasoning, estimating and problem solving strategies, ancient historical number systems and computations in other bases, an introduction to number theory, including study the of: the integers, rational numbers, irrational numbers, real numbers, exponents, scientific notation, arithmetic and geometric sequences; the Fibonacci Sequence, order of operations, applications of linear equations and inequalities, systems of linear equations and inequalities.</td>
</tr>
<tr>
<td>MGF 3301</td>
<td>Bridge to Abstract Mathematics</td>
<td>3</td>
<td>MAC 2312; MAS 2103</td>
<td>This course introduces students to essential mathematical concepts and reasoning process used in more advanced mathematical courses. Topics include formal logic and proofs, sets, relations, and the concept of cardinality.</td>

</table>

Courses of Instruction 171
### STA 2023 – Introductory Statistics

**Prerequisites:** MAC 1105 or a satisfactory score on the mathematics portion of the ACT/SAT  
Descriptive statistics; basic probability principles, discrete and continuous probability distributions: binomial, normal, t, and chi-square; point estimation, confidence limits, and hypothesis testing. Emphasis will be placed on applications from education, life science, social science, physical science, and business.

### Modern Languages

**Faculty**  
Mrs. Chandler, Dr. Madrigal

**MU 2440 – String Techniques**

Class instruction in string instruments to prepare music education majors to teach string instruments in schools.

**MU 2450 – Woodwind Techniques**

Class instruction in woodwind instruments to prepare music education majors to teach instrumental music in schools.

**MU 2460 – Brass Techniques**

Class instruction in brass instruments to prepare music education majors to teach instrumental music in schools.

**MU 2470 – Percussion Techniques**

Class instruction in percussion instruments to prepare music education majors to teach instrumental music in schools.

**MU 3311 – Methods of Teaching General Music**

Prerequisite: Admission into the Music Education Program or Departmental Permission.

This course includes methodologies for teaching general music in the classroom. Course topics focus on the non-performance music curriculum. This course also includes the study of learning theories appropriate to elementary-aged music students combined with applications in practical lesson plans. Classroom meetings are combined with field experience observations, practice teaching, and instrument proficiencies.

**MU 3431 – Choral Techniques and Pedagogy**

Prerequisite: MUG 3104

The purpose of this course is to give music education students the opportunity to study curriculum and instructional materials, techniques, and rehearsal strategies which are applicable to secondary level (junior high and high school) choirs within a laboratory setting.

**MU 4331 – Choral Methods for Secondary Schools**

Prerequisite: MUE 3431 and Admission into the Music Education Program or Departmental Permission

The purpose of this course is to give music education students the opportunity to study curriculum and instructional materials, techniques and rehearsal strategies which are applicable to secondary level choirs. Students will utilize the text and professional journal articles to synthesize current strategies for instruction of vocal techniques and choral methods. This course will equip you with the skills, understandings and values that will enable you to better serve your students as a choral music educator. This course offers comprehensive coverage of developing a successful secondary choral music program. This course requires Field Experience in schools.

**MU 4332 – Instrumental Music Methods**

Prerequisite: Admission into the Music Education Program or Departmental Permission.

This course will have students develop critical thinking skills in the area of instrumental music education through review of scholarly literature and the discussion of current issues facing music educators. Instructional planning, organization, objectives, and methodology for teaching in an ensemble along with rehearsal design and procedure, marching band techniques, and program management will be covered. This course requires Field Experience in schools.

**MU 4936 – Music Education Senior Seminar**

Prerequisite: Satisfactory completion of all General Education, Music, and Education course requirements, all music techniques and music methods courses, pass the FTCE General Knowledge Test, and meet the GPA requirements for graduation.

Co-requisite: MUE 4940

This course provides opportunities for synthesis of all that the prospective music teacher has learned throughout the music education curriculum in the context of the intern experience.
### MUE 4940 – Music Internship
Credit 10

Prerequisite: Satisfactory completion of all General Education, Music, and Education course requirements, all music techniques and music methods courses, pass the FTCE General Knowledge Test, and meet the GPA requirements for graduation.

Co-requisite: MUE 4936

The internship is the culminating experience of the Music Education degree. It is a full semester field experience in approved public or private schools, with the intern assuming increasing responsibility in the classroom. The intern will be placed for half a semester (7 weeks) in an elementary general music classroom and for half a semester (7 weeks) in a secondary school in the student’s area of specialization: band, choral, or orchestra. The intern will progress from observing to full responsibility for classes or rehearsals in each setting, under the direction of the cooperating teacher and a college supervisor.

### MUG 3104 – Conducting I
Credit 2

Prerequisite: Music Major/minor; Junior standing or instructor approval

The basic elements of conducting and score preparation.

### MUG 4102 – Conducting II
Credit 2

Prerequisite: MUG 3104

Continuation of techniques and practice in conducting.

### MUH 3211 – History of Western Music I: Antiquity to 1700
Credit 3

Prerequisites: MUL 1110; Junior standing or instructor approval

A study of the music of western civilization from the ancient Greeks through the Middle Ages, Renaissance, and Baroque periods.

### MUH 3212 – History of Western Music II: 1700 to 1900
Credit 3

Prerequisites: MUL 1110; Junior standing or instructor approval

The study of western music from the Classical, Romantic, and Impressionistic periods.

### MUH 4371 – Music since 1900
Credit 3

Prerequisites: MUL 1110; Junior standing or instructor approval

Stylistic development of western music since 1900 and the principles by which this music is organized.

### MUH 4633 – Music in the United States
Credit 3

Prerequisites: MUL 1110; Junior standing or instructor approval

A study of the historical roles of the diverse music found in American culture. The course will cover folk and ethnic music, popular music (including country, blues, soul, and rock), jazz, and classical music.

### MUH 4905 – Independent Directed Study in Music History and Literature
Credit 1–3

Prerequisite: Instructor approval

Course is subject to the availability of faculty. Students wishing to take an independent directed study must fill out the Directed Studies Application Form and have it completed by the faculty member most relevant to the nature of the topic. The course can be taken twice for up to six credit hours total. The faculty director will work with the student to select a reading list, projects, and evaluations appropriate to the topic and the credit level chosen.

### MUL 1110 – Introduction to Music Literature
Credit 3

A survey of music and influential composers from early forms to contemporary compositions. The aims of the course are to widen the musical horizons and receptivities and to develop discrimination. Recorded music is used extensively for listening. No formal musical background is prerequisite. Humanities Credit for graduation. Gordon Rule–3000 words.
Courses of Instruction

**MUN 1120/2120/3120/4120 – Wind Ensemble**  
Credit 1  
Open to all college students with the necessary proficiency on their instruments. The study and performance of music for the concert band and basketball pep band. Required of all instrumental music majors. This performing group tours the southeast in the spring. Tux/Gown required. Each level may be repeated for credit.

**MUN 1310/2310/3313/4314 – Chorus**  
Credit 1  
The study and performance of sacred and secular vocal music for choral ensembles. Membership is by audition only. Required of all vocal music majors. A select group of chorus members tour during spring break. Tux/Gown required. Each level may be repeated for credit.

**MUN 1340/2341/3343/4344 – Chamber Ensemble**  
Credit 1  
Co-requisite: Chorus.  
The Florida College Chamber Singers is a group comprised of 16-24 dedicated student musicians who perform a wide range of vocal ensemble styles from various historical periods and numerous world cultures. This ensemble’s goal is to bring audiences the very best in choral artistry and professionalism. This select ensemble is comprised of music majors, as well as experienced singers from other academic disciplines.

**MUN 1410/2410/3413/4414 – String Ensemble**  
Credit 1–2  
Open to all college students with the necessary proficiency on their instruments. The study and performance of music for combinations of string instruments. Required of all string majors. Tux/Gown required. Each level may be repeated for credit.

**MUN 1450/2452/3453/4453 – Piano Ensemble**  
Credit 1  
Prerequisite: Instructor approval. Co-requisite: Applied piano.  
The rehearsal and performance of ensemble music for the piano as well as practice in the art of accompanying. Required of all piano majors. Each level may be repeated for credit.

**MUN 1710/2710/3713/4714. Jazz Ensemble**  
Credit 1  
Co-requisite: Wind Ensemble or instructor approval.  
Must be taken concurrently with Wind Ensemble. The study and performance of music representing various jazz styles. Required of all guitar majors. This performing group tours the southeast in the spring. Formal wear required. Each level may be repeated for credit.

**MUN 1730/2730/3733/4734 – Mixed Ensemble**  
Credit 1  
A performance class of mixed vocalists and instrumentalists. Study will involve performing techniques and popular or folk music styles culminating in a tour during the month of May. Membership is by audition only. Vocalists are chosen from chorus members. Each level may be repeated for credit.

**MUS 1010 – Recital/Concert Attendance**  
Credit 0  
This course is required whenever a student registers for applied music lessons. The requirement for the successful completion of the course is attendance at ten (10) department-approved recitals/concerts throughout the semester for music majors and five (5) for non-majors. (S/U grading)

**MUS 1360 – Introduction to Music Technology**  
Credit 1  
Prerequisite: Music major/minor or instructor approval  
An introductory survey of computer technology in music, including music notation, midi, sequencing, and digital recording.
MUS 4930 – Selected Topics in Music  
**Credit 1 – 3**

*Prerequisite: Instructor approval*

Supervised, guided individual study in a specialty area. The content of the course will be governed by student demand and instructor interest. May be repeated to a maximum of 6 semester hours.

MUT 1111–1112 – Music Theory I & II  
**Credit 3–3**

*Prerequisite: Music major/minor or instructor approval; Co-requisite: MUT 1241-1242; Grade of “C” in MUT 1111 required to continue to MUT 1112*

Required of all music majors and minors. Study of music theory and its relationship to historical evolution of music. Includes diatonic chords, non-harmonic tones, harmonizing of figured bass and melodies, simple modulation, and introduction to chromatic harmony.

MUT 1241–1242 – Aural Theory I & II  
**Credit 1–1**

*Prerequisite: Music major/minor or instructor approval; Co-requisite: MUT 1111-1112; Grade of “C” in MUT 1241 required to continue to MUT 1242*

Aural and vocal recognition of music materials. Includes sight-singing and dictation (rhythmic, melodic and harmonic).

MUT 2116–2117 – Music Theory III & IV  
**Credit 3–3**

*Prerequisite: MUT 1112 with a grade of “C” or above; Co-requisite: MUT 2246-2247; Grade of “C” in MUT 2116 required to continue to MUT 2117*

Required of all music majors. Continuation of MUT 1111–1112 but on a more advanced level. Study of counterpoint; chromatic harmony; advanced modulation; study and analysis of forms in music; introduction to 20th century harmony. Historical overview of evolution of music.

MUT 2246–2247 – Aural Theory III & IV  
**Credit 1–1**

*Prerequisite: MUT 1241 with a grade of “C” or above; Co-requisite: MUT 2116-2117; Grade of “C” in MUT 2246 required to continue to MUT 2247*

Course to be taken concurrently with MUT 2116–2117. Continuation of MUT 1241–1242 but on a more advanced level.

MV(B,K,P,S,V,W) 4971 – Senior Recital  
**Credit 1**

*Prerequisite: Minimum of six semesters of applied music instruction and instructor approval*

Required for all BA in music graduates. As the culmination of the applied music study, students will present a public recital consisting of at least 30 minutes of music.

MVK 1111/1112 – Class Piano for Music Majors, Levels 1 & 2  

*Prerequisite: Music major/minor; Co-requisite: MUT 1111/MUT 1241; Piano proficiency for the BA degree can be met by a grade of at least “C” in MVK 1112. Student with prior piano experience may take Secondary applied piano or pass a piano proficiency test*

Required of all music majors without keyboard experience. For beginners or those with little background in piano. Provides experience in scales, arpeggios, sight-reading, harmonization, transposition, improvisation, solo repertoire and ensemble playing. In a laboratory of digital pianos with disk drives, students will use accompaniment software and digitally record their own performance for playback analysis. Fee: refer to catalog section Fees and Financial Aid.

MVK 1811/1812 – Class Piano for Non-Music Majors, Levels 1 & 2  

For beginners or those with little background in piano. A comprehensive approach to functional musicianship at the keyboard which includes varied repertoire, theory, technique, sight-reading, harmonization from lead sheets, ear training and ensembles. In a laboratory of digital pianos with disk drives, students will use accompaniment software and digitally record their own performance for playback analysis. Fee: refer to catalog section Fees and Financial Aid.
MVK 4930 – Piano Pedagogy  

An introduction to the teaching of piano at the elementary level through an examination of beginning methods and materials, teaching techniques and studio management.

MVV 1111 – Voice Class  

Prerequisite: Music major/minor or instructor approval

Required of all non-vocal music majors. For students interested and needing the basics of vocal instruction. Students will learn basic vocal techniques including proper breathing and posture, the basics of proper tone production and vocal musicianship including phrasing and interpretation. Students will also learn the basics of Italian diction. In-class performances and attendance of outside recitals and concerts required. Fee: refer to catalog section Fees and Financial Aid.

Principal Applied Music Courses

Prerequisite: Music major

Required each semester of all music majors. One hour (2 credit hours) of private instruction in string, woodwind, brass, and percussion instruments, voice and piano. Includes the study of tone production, technique, and repertoire from the standard literature. Performance in studio classes and recitals may be required. Each level may be repeated for credit. Fee: refer to catalog section Fees and Financial Aid.

MVB 1311/2321/3331/4341 – Principal Applied Trumpet
MVB 1312/2322/3332/4342 – Principal Applied French Horn
MVB 1313/2323/3333/4343 – Principal Applied Trombone
MVB 1314/2324/3334/4344 – Principal Applied Euphonium
MVB 1315/2325/3335/4345 – Principal Applied Tuba
MVK 1311/2321/3331/4341 – Principal Applied Piano
MVP 1311/2321/3331/4341 – Principal Applied Percussion
MVS 1311/2321/3331/4341 – Principal Applied Violin
MVS 1312/2322/3332/4442 – Principal Applied Viola
MVS 1313/2323/3333/4343 – Principal Applied Violincello
MVS 1314/2324/3334/4344 – Principal Applied Double Bass
MVS 1316/2326/3336/4346 – Principal Applied Guitar
MVV 1311/2321/3331/4341 – Principal Applied Voice
MVW 1311/2321/3331/4341 – Principal Applied Flute
MVW 1312/2322/3332/4342 – Principal Applied Oboe
MVW 1313/2323/3333/4343 – Principal Applied Clarinet
MVW 1314/2324/3334/4344 – Principal Applied Bassoon
MVW 1315/2325/3335/4345 – Principal Applied Saxophone

Secondary Applied Music Courses

Prerequisite: Instructor approval

One half-hour (1 credit hour) or one hour (2 credit hours) of private lessons per week for music students wishing to gain proficiency in an area other than their applied performance major and for a limited number of non-music majors who have had prior musical training. Performance in studio classes and recitals may be required. Each level may be repeated for credit. Fee: refer to catalog section Fees and Financial Aid.
MVB 1211/2221/3231/4241 – Secondary Applied Trumpet
MVB 1212/2222/3232/4242 – Secondary Applied French Horn
MVB 1213/2223/3233/4243 – Secondary Applied Trombone
MVB 1214/2224/3234/4244 – Secondary Applied Euphonium
MVB 1215/2225/3235/4245 – Secondary Applied Tuba
MVK 1211/2221/3231/4241 – Secondary Applied Piano
MVP 1211/2221/3231/4241 – Secondary Applied Percussion
MVS 1211/2221/3231/4241 – Secondary Applied Violin
MVS 1212/2222/3232/4242 – Secondary Applied Viola
MVS 1213/2223/3233/4243 – Secondary Applied Violincello
MVS 1214/2224/3234/4244 – Secondary Applied Double Bass
MVS 1216/2226/3236/4246 – Secondary Applied Guitar
MVW 1211/2221/3231/4241 – Secondary Applied Voice
MVW 1211/2221/3231/4241 – Secondary Applied Flute
MVW 1212/2222/3232/4242 – Secondary Applied Oboe
MVW 1213/2223/3233/4243 – Secondary Applied Clarinet
MVW 1214/2224/3234/4244 – Secondary Applied Bassoon
MVW 1215/2225/3235/4245 – Secondary Applied Saxophone

**Philosophy**

Faculty
Dr. Burton, Dr. Petty, Dr. Madrigal, Dr. Moyer

**Courses in Philosophy**

**PHI 1010 – Introduction to Philosophy**

*Prerequisite: ENC 1101*

An introductory, historical survey of the aims, methods, and problems of the major periods of philosophy, from Thales the “first” Greek philosopher to some of the major twentieth-century philosophers. Gordon Rule – 3000 words.

**PHI 2100 – Critical Thinking and Reasoning (formerly PHI 1100 Logic)**

An introductory study of the basic principles of reflective thinking intended to help the student understand how to use arguments and reason to support conclusions. The course emphasizes general rules governing logic and the ability to articulate clear and persuasive arguments. Gordon Rule – 3000 words.

**PHI 3633 – Introduction to Biomedical Ethics**

*Prerequisites: Junior standing and GEB 1011; or instructor approval*

Introduction to the course begins with a general examination of the roots of medical-ethical theories and their applicability to healthcare dilemmas today. Current healthcare issues are studied using models of Utilitarianism, Deontology, Natural Law, Virtue Ethics, Beneficence, and Justice, as well as recently dominant and contrasting theories and principles. Informed consent, truth telling, active euthanasia, patient confidentiality, the role and responsibility of nurses, genetics, autonomy, animal research, medical/legal issues and government healthcare policies, are representative subjects. Although this introductory course concentrates primarily on medicine, theology, philosophy and law, it is of interdisciplinary value to related disciplines.

**REL 3460 – Philosophy of Religion**

*Prerequisite: PHI 1010*

A philosophical approach to the study of religion, emphasizing both the problems posed and the solutions offered.
Physical Education

Faculty
Mrs. Jones, Mr. Oliver, Mr. Romkey, Mrs. Parimore

Courses in Physical Education
Abbreviations used: (Coed) Coeducational; (M) Men; (W) Women.

APK 3004 – Introduction to Kinesiology Credit 3
Prerequisite: BSC 2085C
This course will provide the student with an understanding of the major muscle groups and their relationship to body movements as well as activities which contribute to the functional development of major muscle groups.

HLP 2081 – Health and Wellness Credit 2
An examination of the basis for adopting a positive healthy lifestyle with a major emphasis on diet, weight management, physical fitness, stress management, and substance-abuse management. A portion of the course has an activities component. This course, with one additional activity course, will fulfill the College physical education requirements for graduation.

LEI 3140 – The History and Philosophy of Recreation Credit 3
Prerequisite: Junior standing or instructor approval
To provide students with an overview of the history and philosophy of recreation by examining the role, philosophy, function, and structure of major leisure and recreation service agencies, the issues confronting those same agencies and the future direction of leisure and recreation in the U. S. The influence of historical and current social issues on the philosophy of the provision of services is also examined.

PEL 1011 – Intro to Physical Education Activities (Co-Ed) Credit 1
Various team, dual and individual activities are studied so as to give the student an understanding of the history, the rules, the skills, and other general information of each activity considered. Having studied the particular activity, students actually participate in it.

PEL 1111; 2112 – Bowling I & II (Co-Ed) Credit 1
Instruction and practice in the fundamentals of bowling. This class meets two hours per week. Special use of the bowling facilities is also included. Fee: refer to catalog section Fees and Financial Aid.

PEL 1121; 2122 – Golf I & II (Co-Ed) Credit 1
Instruction and practice in the fundamentals of golf. Two hours of practice each week. Fee: refer to catalog section Fees and Financial Aid.

PEL 1321; 2323; 3328; 4329 (formerly 1324, 2324, 3324, 4325) – Varsity Volleyball (Women) Credit 1
Exclusively for women who are members of the College's varsity volleyball team. Instruction will include fundamentals as well as advanced techniques and will be geared toward the collegiate volleyball level.

PEL 1514; 2515; 3616; 4517 – Varsity Soccer (Men) Credit 1
Exclusively for men who are members of the College's varsity soccer team. Instruction will include fundamentals as well as advanced techniques and will be geared toward the collegiate soccer level.
PEL 1544; 2545; 3546; 4547 – Varsity Soccer (Women) Credit 1
Exclusively for women who are members of the College’s varsity soccer team. Instruction will include fundamentals as well as advanced techniques and will be geared toward the collegiate soccer level.

PEL 1621; 2622; 3628; 4625 (formerly 1624, 2624, 3624) – Varsity Basketball Credit 1
Exclusively for men who are members of the College’s varsity basketball team. Instruction will include fundamentals as well as advanced techniques and will be geared toward the collegiate basketball level.

PEM 1101 – Conditioning Credit 1
This course will familiarize the student with the many health benefits of a regular, continuous exercise program.

PEM 1121; 2121 – Stretch/Strengthen (Women) Credit 1
This course will combine stretching and flexibility techniques, with resistance training using weights and bands. This is a no-impact class that will tone, stretch and strengthen muscles. Relaxation techniques taught. May be repeated once.

PEM 1131; 2132 (formerly 2131) – Weightlifting I & II (Men / Women) Credit 1
Fee: refer to catalog section Fees and Financial Aid.

PEM 1173 – Aerobic Conditioning/Toning I (Women) Credit 1
Major Topics: Introduction to the knowledge and techniques necessary for increasing cardio respiratory efficiency. Assessment of status and development of personal program. Fee: refer to catalog section Fees and Financial Aid.

PEM 1174 – Aerobic Conditioning/Toning II (Women) Credit 1
Prerequisite: PEM 1173
Major Topics: Introduction to the knowledge and techniques necessary for increasing cardio respiratory efficiency. Assessment of status and development of personal program. Fee: refer to catalog section Fees and Financial Aid.

PEM 1314; 2315; 3316; 4317 – Varsity Cross Country Credit 1
Exclusively for men or women who are members of the College’s varsity cross country team. Instruction will include fundamentals as well as advanced techniques and will be geared toward the collegiate cross country level.

PEM 1953; 2953 – Cheerleading (Women) Credit 1

PET 3251 – Sports in American Society Credit 3
Prerequisite: Junior or Senior standing
To provide students with an overview of the sociological aspects of physical activity relevant to physical education, individuals, society, sports, and social dynamics of teaching.

PET 3613C – Athletic Training Techniques Credit 3
Prerequisite: BSC 1005C or BSC 2085C
Provide students with an understanding of the practical and theoretical aspects of treatment of athletic injuries in athletic programs including the use of: supplies, training table, therapeutic equipment, and techniques in conditioning and bandaging.

PET 3765 – Principles of Coaching Credit 3
Prerequisite: Junior standing
This course is designed to provide insight into the coaching profession. It will examine the many facets of the profession and provide suggested guidelines for prospective coaches to use in establishing their own styles and methods.
### SPM 4154 – Organization and Administration of Sports  
**Credit 3**

**Prerequisite:** MAN 3025 and MAR 3023

This course provides a comprehensive overview of the sport industry and the sport management field. Students will be introduced to various areas of the industry providing them with a foundation of knowledge and understanding important to pursuing a career in sports. The course will offer historical perspectives as well as thoughts about current and future industry issues and trends. This course is designed to provide the student with the understandings and practical knowledge of sports administration in the following areas: intramurals, intercollegiate and commercial.

</thead>
<tbody>
<tr>
<td>PHY 1020C</td>
<td>Fundamentals of Physics/Lab</td>
<td>4</td>
</tr>
</tbody>
</table>
| **Prerequisite:** Two years of high school algebra

A course for non-science majors which surveys basic physics principles with application to current scientific and technological advances. Social, economic, ethical and political implications will be discussed. Topics include motion, heat, light, sound, electricity, magnetism and relativity. Fee: refer to catalog section Fees and Financial Aid.

| PHY 1053C   | General Physics I/Lab | 4      |
| **Prerequisite:** Two years of high school algebra and high school trigonometry.

An introductory physics course for science related fields and not intended for physics or engineering majors. The course is designed to provide knowledge of the basic principles of physics, by emphasizing life science applications. The basic topics covered include measurement, laws of motion, work, energy, momentum, torque, fluids, temperature, heat, change of state, transfer of heat, waves, and sound. Fee: refer to catalog section Fees and Financial Aid.

| PHY 1054C   | General Physics II/Lab | 4      |
| **Prerequisite:** PHY 1053C

The basic topics covered include electric charge, electric current, electromagnetism, electrical energy, light waves, radioactivity, and theory of relativity. Fee: refer to catalog section Fees and Financial Aid.

| PHY 2048C   | General Physics I with Calculus/Lab | 4      |
| **Prerequisite:** MAC 2311 and MAC 2312. May run concurrently with MAC 2312.

Vectors, equilibrium, rectilinear motion, Newton’s laws, work, energy, momentum, rotation, harmonic motion, fluids, heat, thermodynamics, wave motion, acoustical phenomena. Fee: refer to catalog section Fees and Financial Aid.

| PHY 2049C   | General Physics II with Calculus/Lab | 4      |
| **Prerequisite:** PHY 2048C and MAC 2312

Electricity, Coulomb’s law potential, capacitance, current, resistance, DC circuits, magnetism, inductance, electromagnetic waves, electronics, light reflection, refraction, lenses, illumination, interference, diffraction, polarization, spectra, atomic physics, radioactivity. Fee: refer to catalog section Fees and Financial Aid.
PSC 1121C – Conceptual Physical Science/Lab Credit 4

Prerequisite: Two years of high school algebra

A general science course designed to introduce the basic principles from each of the five major areas of the physical sciences: Physics, Chemistry, Meteorology, Geology and Astronomy. This course will investigate motion, energy, heat, electricity, magnetism, the nucleus of the atom, the periodic table, chemical reactions, the atmosphere and hydrosphere, the rock cycle, the solar system and the galaxies. The emphasis will be on the scientific method and its application to real world problems.

Dr. Caldwell, Dr. Dickey, Mr. Greiving, Dr. Petty

Courses in Social Science

AMH 2010 – American History: 1607–1865 Credit 3

This course outlines the development of American history from exploration and colonization to the Civil War era. Political, social, economic, and military history is traced through this epoch of American history. Gordon Rule – 3000 words.

AMH 2020 – American History: 1865–Present Credit 3

This course considers America from Reconstruction through the Progressive era, WW I through WWII, and the Cold War period through contemporary times. Social, economic, and political currents are followed to the present. Additional emphasis is placed on America’s path to becoming a global superpower. Gordon Rule – 3000 words.

AMH 3170 – The American Civil War and Reconstruction Credit 3

Prerequisite: AMH 2010 or AP equivalent

This is a study of the American Civil War and Reconstruction. No other era of U.S. history is as studied, written about, and discussed; it is generally referred to as the pivotal period in our past. The objectives of this course are to trace the mounting tensions of the 1850s that led to division among the states by the winter of 1860–61; to examine in some depth the battles and commanders making up the military events of 1861-1865; to consider the political, social, and economic background for both the North and South during the Civil War; to study the efforts at reconstructing the Union following the Confederate defeat of April, 1865. Gordon Rule – 3000 words.

AMH 3130 – The Age of Revolutionary America Credit 3

Prerequisite: AMH 2010 or AP equivalent with instructor approval

This is a study of the crucible that witnessed the advent of the American republic—the era of 1763-1789. Spanning just over a quarter century, the revolutionary era was transformative: the thirteen British colonies on the Atlantic coast became—by the cost of treasure and blood—independent American states that banded into one nation.

AMH 3170 – The American Civil War and Reconstruction Credit 3

Prerequisite: AMH 2010 or AP equivalent

This is a study of the American Civil War and Reconstruction. No other era of U.S. history is as studied, written about, and discussed; it is generally referred to as the pivotal period in our past. The objectives of this course are to trace the mounting tensions of the 1850s that led to division among the states by the winter of 1860-61; to examine in some depth the battles and commanders making up the military events of 1861-1865; to consider the political, social, and economic background for both the North and South during the Civil War; to study the efforts at reconstructing the Union following the Confederate defeat of April, 1865. Gordon Rule – 3000 words.

<td>AMH 3201</td>
<td>The Age of Theodore Roosevelt, 1880-1912</td>
<td>3</td>
<td>AMH 2020 and junior standing or instructor approval</td>
</tr>
<tr>
<td></td>
<td>This is a course of study focusing on the growth and development of the United States during, perhaps, its most dynamic era: 1880-1912; a vehicle for this study is the life, varied interests and political career of, perhaps, America's most dynamic president: Theodore Roosevelt. The age of TR included vast industrial expansion and resulting worker's unions; the crescendo of American migration to the Far West and the consequent &quot;closing&quot; of the frontier—a time of miners, ranchers, farmers and squashing of native resistance; the great wave of immigration from Europe and an influx of Asian influence as well; a change in American thought and intellectual life—as relativism and pragmatism made their way in Darwin's path; sweeping technological changes that introduced new modes of travel, entertainment and power; the projection of American military and commercial prestige abroad—from Hawaii to Cuba to China, with special attention given to naval development; finally, as one of the country's great outdoorsmen, TR focused on managed growth and conservation—seeking to strike a balance among free enterprise entrepreneurs, the environment and labor.</td>

<td>History of the Restoration Movement</td>
<td>3</td>
<td>REL 1240 and AMH 2010 or AMH 2020 or instructor approval</td>
</tr>
<tr>
<td></td>
<td>This course is a study of American religious history in which special emphasis is placed upon various primitivist religious movements out of which grew what is known as the Restoration Movement. Special emphasis is given to the work of such men as Barton W. Stone, Thomas and Alexander Campbell, and David Lipscomb. The student is introduced to the literature of the nineteenth century and to the division which resulted in &quot;the Christian Church&quot; and &quot;churches of Christ&quot; and the formal recognition of division in 1906. Attention is given to major controversies in the twentieth century, including premillennialism and institutionalism, as well as to the work of important figures such as H. Leo Boles, N. B. Hardeman, and Foy E. Wallace Jr.</td>

</table>
AMS 4811 – American Intellectual History: 1607–1865  Credit 3
Prerequisite: AMH 2010 or instructor approval
This course will provide a sampling of American thought from colonization to the Civil War era. A variety of historical figures will be employed to explore the American cultural landscape of this period. Gordon Rule – 3000 words.

AMS 4812 – American Intellectual History: 1865–Present  Credit 3
Prerequisite: AMH 2020 or instructor approval
This course will be a study of American thought from Reconstruction through modern times. Significant politicians, musicians, artists, writers, and activists will be considered in this overview of American culture. Gordon Rule – 3000 words.

AMS 4905 – Directed Study in American History  Credit 1 - 3
Prerequisite: Junior standing
Students negotiate the content and format of Directed Study on an individual basis. The program of reading, assignments and method of evaluation will be dependent on the subject under study. Supervision is also on an individual basis and so there will be no regularly scheduled classes, although the student is expected to make and maintain regular meetings with the faculty director. Students wishing to take an independent directed study must fill out the Directed Studies Application Form and have it completed by the faculty member most relevant to the nature of the topic. The course can be taken for variable credit and more than once, but not more than twice and for no more than 5 credit hours total. The faculty director will work with the student to select a reading list, projects, and evaluations appropriate to the topic and the credit level chosen.

ASH 3230 – History of the Middle East  Credit 3
This course introduces key elements in Middle Eastern history and civilization from the formation of Islam in the seventh century through the events of the Arab Spring in the twenty-first. This course is a general survey but several key topics include: the beginning and growth of Islam, the Ummayid and Abbasid caliphates, the Ottoman Empire, World War I and nationalism, the Palestinian-Israeli conflict, Islamism, and the Arab Spring.

ECO 2013 – Principles of Economics: Macro  Credit 3
Introductory course dealing with the importance of economic issues at the national and international level. Includes the economic role of government banking, national income accounting, the business cycle, inflation, unemployment and fiscal and monetary policies of the federal government. Gordon Rule – 3000 words.

ECO 2023 – Principles of Economics: Micro  Credit 3
Prerequisite: ECO 2013 or equivalent
Continuation of ECO 2013. A practical as well as theoretical application of economic laws and principles to the present-day business organization. Topics include price and output determination, marginal productivity analysis, the theories of consumption, market conditions, as well as a study of wages, rents, and interests. International economics is also considered along with current economic problems such as resource economics. Gordon Rule – 3000 words.

EUH 1000 – Western Civilization: Beginnings–1660  Credit 3
A survey of the history of western civilization from the earliest times to about 1660. The political, cultural, religious, philosophical, and aesthetic aspects of western civilization are considered. Gordon Rule – 3000 words.

EUH 1001 – Western Civilization: 1660–Present  Credit 3
The course is a survey of western civilization from 1660 to the present. The Industrial Revolution, the French and American Revolutions, the Napoleonic era, and the First and Second World Wars are high points in this study. Gordon Rule – 3000 words.
**EUH 3245 – Europe from 1914 to 1945**  
*Credit 3*

**Prerequisites:** AMH 2020 or EUH 1001 or AP equivalent

This period of European history saw the focus of Western Civilization shift from the Continent to America, as a result of two cataclysmic wars. The rivalries among colonial powers, the weight of empire, and the forces of militarism will all be considered in reckoning how Europe nearly destroyed itself. Not only will the course of the two wars—with their respective campaigns and commanders—be studied, but also the social and economic factors that combined with the intellectual movements of the era to produce an environment for fascism and dictatorship in the interwar years. Gordon Rule – 3000 words.

**EUH 3401 – The History of Ancient Greece**  
*Credit 3*

**Prerequisites:** EUH 1000 or AP equivalent, junior standing or instructor approval

This course will survey the history and culture of ancient Greek civilization from the Minoans to the time of Alexander the Great. Special emphasis will be given to the “Golden Age” of classical Greece (5th and 4th centuries BC) and how the institutions of that civilization serve as the foundations for some important aspects of Western, and especially American, culture. Attention will be given to ancient Greek art, literature, and political institutions and practices. Textbook readings will be supplemented with excerpts from primary sources, and class lectures will be illustrated with photographs and drawings of the material remains of ancient Greece.

**EUH 3411 – The History of Ancient Rome**  
*Credit 3*

**Prerequisites:** EUH 1000 or AP equivalent

This course will survey the history and culture of Roman civilization from the pre-history of the Romans in Italy (especially the Etruscans) to the late empire and the fall of the western empire in the 5th century. Special emphasis will be given to the early empire to the third century, its interaction with other Mediterranean cultures, and how the institutions of ancient Rome continue to serve as models for some important aspects of Western, and especially American, culture. Attention will be given to Roman art, literature, and political institutions and practices and Rome’s interaction with Greek culture. Textbook readings will be supplemented with excerpts from primary sources, and class lectures will be illustrated with photographs and drawings of the material remains of ancient Roman sites.

**HIS 4930 – Selected Topics in History**  
*Credit 1 – 3*

Course contents depend on student’s needs. May be repeated once with different content.

**GEA 2000 – World Regional Geography**  
*Credit 3*

This course makes a regional exploration of major geographic concepts such as the cultures, governments, landscapes, and resources of the earth. Particular attention is paid to the relationships between human societies and their natural environments. After completing this course, the student should have an improved understanding of the physical and cultural diversity that exists on our planet, within the context of globalization. Because of the inherent difficulty in trying to cover the entire world in a one-semester class, certain concepts (and indeed, entire regions) must be left out. This is in no way meant to diminish their importance. Gordon Rule – 3000 words.

**POS 2001 – Introduction to Political Science**  
*Credit 3*

Course content includes the methodology used in the study of political institutions and contemporary national politics. Origins and formulation of the constitution of the United States are studied with special attention being given the development of governmental powers within constitutional bounds. This course includes the material usually offered under such titles as United States Government. Gordon Rule – 3000 words.

**POS 2041 – Intro to American Government**  
*Credit 3*

This course consists of the study of the Constitution, government, and the federal structure of the United States. Federal, state, and local problems and issues will be considered in the context of American political culture and history. Special emphasis will be placed on the United States Constitution, the political principles that underlie it, the historical context in which it was framed and contemporary interpretations. The second goal of this course is to help students understand the study of political science. What is political science? Why do political scientists ask the questions they do? What methods do they use to answer these questions? Gordon Rule – 3000 words.
**PSY 1012 – General Psychology**  
Credit 3  
An introduction to the broad field of psychology including diverse topics such as learning, perception, motivation, emotion, consciousness, intelligence and abnormal psychology as well as the adaptation of the individual to the social environment. The course emphasizes the empirical approach and attempts to develop critical thinking skills. Gordon Rule – 3000 words.

**REL 1210 – History and Geography: Old Testament**  
Credit 2  
This course is designed to acquaint the student with the Hebrew patriarchs; their journeys and development into a nation; and the wanderings of the Israelites, occupation of Canaan, and subsequent involvement of the kingdom. The study includes the ancient empires as they came in contact with the Hebrew people. The course gives special attention to the geography of the various periods, and covers the period from Abraham to the New Testament.

**REL 1240 – History and Geography: New Testament**  
Credit 2  
The books of Luke and Acts serve as the basis of this course. The course is designed to acquaint the student with the travels and teaching of Jesus as set forth in Luke and the geography of Palestine in His day. Also, it follows the travels of the apostles with special emphasis given to the travels of Paul. The course extends from the birth of Christ to the probable release of Paul from prison and his final visit to the churches.

**SYG 2000 – Introduction to Sociology**  
Credit 3  
A general survey of sociology including such topics as the structure, values and functioning of contemporary American society, and the interaction of individuals within society. Fundamental sociological theories are covered and considerable time is spent on social institutions such as family, religion and education. Emphasis on using the sociological perspective to develop a more objective view of society and one’s own behavior. Gordon Rule – 3000 words.

**SYG 2411 – Marriage and the Family**  
Credit 3  
Dating, mate selection, parenthood, and family relationships are studied from both sociological and practical perspectives with due consideration of biblical principles in order to develop a greater appreciation of the place of the family in society and to equip students to form and maintain christian homes. Gordon Rule – 3000 words.
