## *Liberal Studies Mission Statement*

The fourfold aim of the general education Associate in Arts program at Florida College is to prepare students for the future — spiritually, intellectually, socially, and physically. This philosophy develops naturally into a liberal studies program at the baccalaureate level. However, the Liberal Studies program at Florida College is designed to advance well beyond the general education requirements in preparing students for all areas of life, including family, church, and community, as well as for advancement in a variety of careers and academic programs. By emphasizing breadth of study rather than a single discipline, the Bachelor of Arts degree with a major in Liberal Studies encourages students to develop a broad understanding of a variety of disciplines, while they cultivate the abilities to read perceptively, think critically, write precisely, and speak effectively. Liberal Studies majors acquire a deeper understanding of the past, of contemporary life, and of the relationship between the natural and social orders, from both an academic and a biblical perspective. They also develop an appreciation for the traditions of the past, the peoples of the present, the opportunities of the future, and the God who is over all.

## *Liberal Studies (BA)*

Dr. Bingham, *Program Coordinator*

### **Entrance and General Education Requirements**

Students majoring in Liberal Studies must have completed the AA degree at Florida College or its equivalent elsewhere. (To be considered “equivalent” to the AA, a transfer student’s work must include at least 60 semester hours, excluding Physical Education activities, and must include courses that satisfy the 36-hour General Education Core at Florida College.) The CAAP exam normally required for an AA degree at Florida College will not be required of the student who has earned an AA degree or its equivalent elsewhere before being admitted into the Florida College Liberal Studies program.

### **Total Semester Hours**

Students planning for the Bachelor of Arts degree with a Liberal Studies major must complete a total of 120 semester hours of accredited college work, with a total of 51 hours at the 3000 or 4000 level. Physical Education activities courses will not be counted toward the 120-hour total; courses taken under the pass-fail option will not apply toward the 51-hour total.

### **Language Requirement**

The Liberal Studies major requires that a student complete two semesters, in sequence, of a foreign language.

### **Daily Bible Requirement**

All students living on campus and off-campus students enrolled in more than six credit hours must take a Biblical Literature course each day that they take classes on the Florida College campus.

### **Extracurricular Activities**

Students are encouraged to participate each semester in at least six different kinds of extracurricular activities, life-enrichment activities, field trips, and community service projects as part of the Liberal Studies program.

## Upper-Level Course Requirements

Students majoring in Liberal Studies may choose between the following tracks and must complete the upper-division course requirements specific to the track chosen. Both tracks require students to complete a twelve-hour component in Biblical Literature by taking a total of 12 semester hours at the 3000 and/or 4000 level, whether in four three-hour courses or through a combination of one, two, and three-hour courses. Acceptable courses in Biblical Literature are listed below under the heading "Courses from Various Disciplines." Courses taken under the pass-fail option will not apply toward the 12-hour Biblical Literature component of the major. Because the Liberal Studies major is designed to be interdisciplinary, students in the program must select component areas from clearly distinct disciplines. The disciplines for which courses are listed below are considered sufficiently distinct. Other component areas must be approved by the Chair of Liberal Studies.

### *Track 1 – Leading to the Bachelor of Arts with a Liberal Studies Major*

In addition to the Biblical Literature component, students must complete 39 hours at the 3000 and/or 4000 level. These hours must include a single three-hour Great Books course (HUM 3224 – Ancient Greece through the Renaissance). The student may choose to complete the additional 36 hours in one of two ways: at least eighteen hours (normally six courses, each with at least three hours of course credit) in each of two component areas, or at least twelve hours (at least four courses of three or more credits each) in each of three component areas.

### *Track 2 – Leading to the Bachelor of Arts with a Liberal Studies Major with Great Books*

In addition to the Biblical Literature component, students must complete 39 hours at the 3000 and/or 4000 level, in part by completing four courses (of three or more semester hours' credit) in each of three component areas. The four-semester sequence of Great Books courses constitutes one of these components for every student in this track; the other two components are chosen by the student. The remaining three upper-division hours required for the degree may be fulfilled with the senior thesis course or an additional upper-level three-semester-hour course in one of the student's selected components.

For either track, up to twelve hours in one of the component areas may be completed at another accredited college or university. However, plans to take part or all of a component elsewhere must be approved by the department and written into the student's graduation plan before he or she registers for the courses. Three semester hours of directed studies may be counted toward the completion of any component. Every course taken as a directed study must be approved by the faculty member who will direct it, by the department chair, and by the Dean, before the student registers.

## Honors Curriculum

Liberal Studies majors who choose Track 2 will achieve the distinction of having completed the Honors Curriculum if they complete the senior thesis course successfully and if they finish the Liberal Studies program with a 3.00 grade point average (overall and in upper-level courses), with no upper-level grade lower than C. The senior thesis course (IDS 4950, described below) requires the student to prepare a portfolio of his or her upper-level work (curricular and extracurricular), to produce a substantial interdisciplinary thesis, and to present material from the thesis project in a public forum.

## Pre-Law and Pre-Medicine

Students preparing for law school or for medical school (or to pursue professional training in other health fields) can customize an interdisciplinary program of study within the Liberal Studies major, selecting relevant upper-division courses in such disciplines as English, History, and Communication (for pre-law) or Health Sciences and Behavioral Science (for pre-medicine), as well as Biblical Literature. This Bachelor of Arts degree program offers students considerable flexibility as they prepare for the professional school application process and for the appropriate admissions examinations.

For an extra mark of distinction, the pre-professional student can choose to complete the Honors Curriculum described above.

### **Quality of Work**

A minimum quality point average of 2.25 both overall and on all upper-level work is required for the Bachelor of Arts degree with a major in Liberal Studies.

### **Residency**

Students must complete 36 semester hours of their upper-level work at Florida College in order to receive the Bachelor of Arts degree with a major in Liberal Studies.

### **Commencement**

Candidates for the Bachelor of Arts degree in Liberal Studies must participate in the commencement ceremony in the year of completing their other requirements. Any exceptions must be cleared with the Academic Dean of the College.

## *Courses in Liberal Studies*

- IDS 4905 Directed Study in Liberal Studies
- IDS 4950 Liberal Studies Senior Thesis

## *Courses from Various Disciplines*

Because of the interdisciplinary nature of the Liberal Studies program, courses are located throughout the various curricula of the College. The courses below are listed with the disciplines available at Florida College as Liberal Studies areas of concentration:

### **Behavioral Science**

- CLP 4143 Abnormal Psychology
- DEP 4004 Developmental Psychology
- EDF 3122 Learning and the Developing Child
- EEX 3050 Survey of Special Education
- INP 4004 Industrial/Organizational Psychology
- PPE 4003 The Psychology of Personality
- PSY 4832 Sports Psychology
- PSY 4905 Independent Directed Study in Psychology

# Mathematics and Science Department

## Faculty

Mr. Chandler, Chair

Mathematics Faculty: Mrs. Hastings, Dr. Liu, Mr. Main

Science Faculty: Mr. Chandler, Mr. Coffman, Dr. Northcutt, Dr. Wilemon

## *Pre-Professional Health Sciences*

Mr. Chandler, *Program Coordinator*

Students preparing for a health professional program that requires significant study in biology (e.g. medicine, dentistry, pharmacy, optometry, or veterinary) should choose the Liberal Studies major and customize an interdisciplinary program of study within that major. Courses in Pre-Professional Health Sciences constitute an appropriate component in the student's Liberal Studies program.

Students entering programs that do not require as much advanced biology (chiropractic, DPTs, OT, etc.) may choose any major. The BA in Liberal Studies is still a viable choice, but students may also wish to consider other majors. The student should work with the Program Coordinator of the Pre-Professional Health Sciences track and with the Chair of the major program as s/he selects courses.
