Summer is here, and it’s time to prepare for the fall semester at Florida College! We hope the information on the reverse helps you plan your first week on campus. We look forward to welcoming you!

As you make plans, please be aware of the following items:

• August 1 is the deadline for all admissions materials. A late fee of $100 will be charged for materials received after that date.
  (This includes ACT or SAT scores, transcripts, references, medical forms and housing forms.)

• Enrollment contracts should be on file.

• You will receive a welcome package from Dean Longstreth in the dean of students office in late June. This letter includes a vehicle registration form and a health information form, all of which should be completed and returned to the dean of students office. Parking spaces will be assigned in the order in which the vehicle forms and payment are received. The welcome letter also includes links to important documents online—in particular, the College code of conduct, which should be read carefully.

• During orientation, students will meet with their assigned advisors.

• Rooms are assigned in the order in which your materials are received.

• Be sure to set up your FalconLink account and Florida College email soon (and check them frequently).

We’re here to help. Please let us know if you have any questions. Remember to check floridacollege.edu for updates!
